# Ordinance 2022-26, providing for the annexation of certain real property located in the RE: vicinity east of St. Johns Heritage Parkway and north of Melbourne-Tillman Water Control District Canal C-1, into the City (0.21 acres) (Case A-3-2022, Pace Drive Holdings, LLC), final reading. (CONTINUED FROM 03/17/22 RCM)

As you may recall, the above request was scheduled for second reading at the March 17, 2022 regular Council meeting but was continued due to advertising issues.

The applicant is requesting City Council's acceptance of a Petition for Voluntary Annexation, to be followed separately by public hearings for Future Land Use and Zoning as previously heard by the Planning and Zoning Board at the regular meeting held on February 2, 2022 (CP-8-2022 and CPZ-8-2022). The applicant is requesting to annex parcel ID 28-36-28-00-500 / tax account 2851716, totaling approximately 0.21 acres of vacant unimproved Brevard County General Use zoning with a 'AU-Agricultural Residential' future land use property currently in unincorporated Brevard County.

The subject parcel is located in the vicinity east of St. Johns Heritage Parkway NW and north of Melbourne-Tillman Water Control District Canal C-1. There is one parcel included in this request.

The Petition for annexation was filed by Pace Drive Holdings, LLC (Kimberly Rezanka, Esq., Lacy Lyons Rezanka, Rep). This Petition seeks to correct an oversight and complete the Plat of PALM VISTA EVERLANDS, recorded at Plat Book 69 Page 69, approved by City Council on January 16, 2020. It was recently discovered that one parcel approximately 0.21 acres, which was included in the overall development plan, was not included in the legal description for the annexation. Therefore, to rectify this oversight, Pace Drive Holdings, LLC has submitted a Petition for Voluntary Annexation for this 0.21-acre parcel, accompanied by the applicants request for a Future Land Use Map Amendment and Zoning.

Section 171.044, Florida Statutes, permits the owners of property to petition the City for annexation provided the property is contiguous to the City, is reasonably compact, and no enclaves are created.

Staff research indicates that proper owner authorization has been provided for the annexation.

The proposed annexation parcel is located adjacent to the City and is contiguous to the City limits under the

definitions in the Florida Statutes. The subject property abuts the City limits on all sides. All property proposed for annexation is in a single area and reasonably compact as required by the Chapter 171, Florida Statutes. The annexation does not create any enclaves as confirmed by the City Attorney's Office. In addition, the annexation does not create finger or serpentine patterns as prohibited by the Florida Statutes. The property to be annexed meets all criteria established by Chapter 171.044, Florida Statutes, for voluntary annexation. Annexation requests are not reviewed by the Planning and Zoning Board.

The Notice of Annexation was published in the Florida Today newspaper on January 20, 2022 and will be republished in the newspaper on February 3 and 10, 2022. Notice was also provided by Federal Express (returned) and Certified U.S. Mail to the Brevard County Board of County Commissioners prior to publishing. Therefore, all notice requirements of Chapter 171, Florida Statutes have been met.

The attached Ordinance has been prepared for Council consideration.

CP-8-2022, has been submitted in conjunction with this request.

#### **BACKGROUND:**

The subject parcel is generally located at the northeast intersection of St. Johns Heritage Parkway and Melbourne-Tillman Water Control District Canal No. 1.

By Ordinance 2003-32, City Council modified the City's boundaries to include approximately 1,500 acres located around the intersection of the St. Johns Heritage Parkway from the Melbourne-Tillman Water Control District Canal 1 north to Emerson Drive.

By Ordinance 2020-03, City Council approved the Final Development Plan for 'Palm Vista Everlands' at the recommendation of the Planning and Zoning Board at the regular meeting on December 4, 2019 (Case FD-28-2019).

It was recently discovered that one parcel approximately 0.21 acres, which was included in the overall development plan, was not included in the legal description for the annexation. Therefore, to rectify this oversight, Pace Drive Holdings, LLC has submitted a Petition for Voluntary Annexation for this 0.21-acre parcel, accompanied by the applicants request for a Future Land Use Map Amendment and Zoning. All of the remaining sections below will reference the previous staff report for the original case FD-28-2019, presented to the Planning and Zoning Board on December 4, 2019 as this is the applicant's intended use of the subject parcel.

#### ANALYSIS:

See Exhibit "A" – Staff Report for Case FD-28-2019.

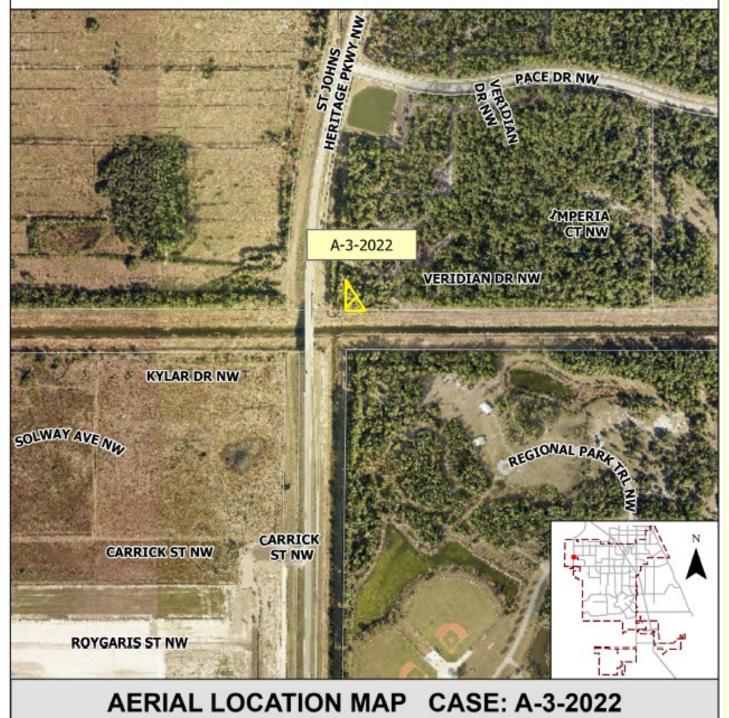

#### CONDITIONS:

All conditions previously imposed by the original annexation apply to the annexation of the subject parcel identified herein.

#### STAFF RECOMMENDATION:

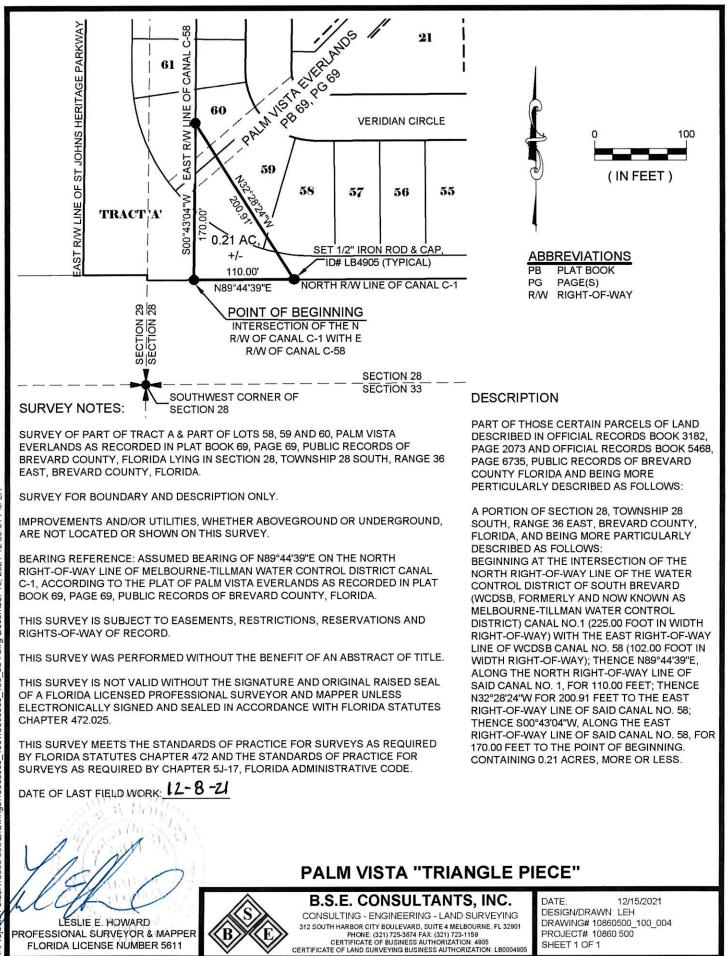

Motion to approve Case A-3-2022.

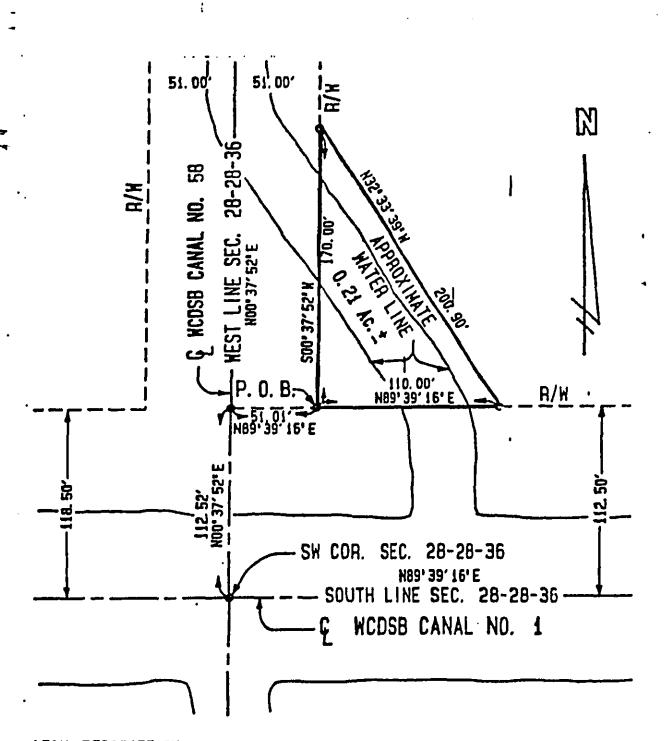

#### Subject Property

Southwest of and adjacent to Veridian Dr NW, in the vicinity east of St. Johns Heritage Pkwy NW

#### LEGAL DESCRIPTION:

A portion of Section 28, Township 28 South, Range 36 East, Brevard County, Florida and being particularly described as follows:

BEGINNING at the Intersection of the North Right-of-Way line of the Water Control District of South Brevard (WCDSB, formerly known as WELBOURNE-TILLHAN WATER CONTROL DISTRICT) Canal No. 1 (225.00 foot in width) with the East Right-of-Way line of WCDSB Canal No. 58 (102.00 foot in width); thence NB9°39'16'E, along the North Rightof-Way line of said CANAL No. 1, for 110.00 feet; thence N32°33'39'W for 200.90 feet to the East Right-of-Way line of said CANAL No. 58; thence S00°37'52'W, along the East Right-of-Way line of said CANAL No. 58, for 170.00 feet to the POINT OF BEGINNING.

Said lands, situate, lying and being in Brevard County, Florida and containing D.21 acres, more or less.

The proposed development of a single-family<br>planned unit development is compliant with the Single-Family<br>Residential future land use designation. |  |

#### BACKGROUND:

The subject property is at the southeast corner of St. Johns Heritage Parkway and Pace Drive NW. The subject property is approximately 50.40 acres. The initial Preliminary Development Plan for Palm Vista Preserve received approval from City Council at its Regular Meeting, held January 20, 2005, (Case PUD-3-2005), and, after multiple extensions, expired on August 6, 2017. The Preliminary Development Plan received approval from City Council on November 15, 2018 by Case PUD-25-2018.

#### ANALYSIS:

The applicant is requesting Final Development Plan (FDP) approval for a Planned Unit Development (PUD), to construct a single-family residential subdivision called the Palm Vista Everlands. The planned unit development is a concept which encourages and permits variation in residential developments by allowing deviation in lot size, bulk or type of dwellings, density, lot coverage, setbacks and open space, from those elements required in any singular zoning classification found in the city's Zoning Code.

The purpose of a planned unit development is to encourage the development of planned residential neighborhoods and communities that provide a full range of residence types, as well as commercial uses designed to serve the inhabitants of the proposed community. The planned unit development process simplifies the procedure for obtaining approval of these developments through simultaneous review of the proposed land use, site consideration, public needs and requirements, and health and safety factors.

Specifically, the FDP proposes a 162-unit single-family development that will be constructed in two phases. The proposed density is 3.21 units per acre, which is below the maximum density defined in the City's Comprehensive Plan for Single-Family Residential use up to (5 units per acre). Per the FDP, the typical lots within the residential development are 50' x 125'. The development will consist of a gated entrance with amenities including a covered patio with a pool, recreation and open space areas, stormwater management ponds, and private roadways.

In order to receive FDP approval, the proposal must meet the requirements of Section 185.067 of the City of Palm Bay's Code of Ordinances. Upon review, the request appears conform with the applicable requirements of this section. The following items shall be addressed upon submission of the administrative construction plan approval:

- A. The setbacks shall be defined in the Declarations of Covenants & Restrictions and places upon the subdivision plat.
- B. The minimum home size shall be provided in the Declarations of Covenants & Restrictions.
- C. A portion of the site is currently within FEMA Flood Zone AE, per FEMA Flood Insurance Rate Map Number 12009C0590G (effective 03/17/2014). Per Section

174.003(C)(5) of the Palm Bay Code of Ordinances, the developer is required to apply for a "Conditional Letter of Map Amendment/Revision" (CLOMR). FEMA must review any subdivision plans and make recommendations if necessary, before the construction plans are approved. An approved LOMR will be required for this project upon completion of each phase.

AN ORDINANCE OF THE CITY OF PALM BAY. BREVARD COUNTY, FLORIDA, PROVIDING FOR THE ANNEXATION OF CERTAIN REAL PROPERTY LOCATED IN THE VICINITY EAST OF ST. JOHNS HERITAGE PARKWAY AND NORTH OF MELBOURNE-TILLMAN WATER CONTROL DISTRICT CANAL C-1, AND LEGALLY DESCRIBED HEREIN; PROVIDING FOR FILING A COPY OF THE ORDINANCE WITH THE BREVARD COUNTY CLERK OF THE CIRCUIT COURT, THE CHIEF ADMINISTRATIVE OFFICER OF BREVARD COUNTY, AND THE STATE OF FLORIDA DEPARTMENT OF STATE: PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Pace Drive Holdings, LLC, has petitioned the City Council of the City

of Palm Bay to voluntarily annex the herein described property, and

WHEREAS, said property is situated in an unincorporated area of Brevard County

and is contiguous to the present boundary of the City of Palm Bay, and

WHEREAS, said property is reasonably compact and annexation of it would not

result in the creation of an enclave, and

WHEREAS, the City Council of the City of Palm Bay desires to annex said property into the City of Palm Bay.

#### NOW, THEREFORE, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY

OF PALM BAY, BREVARD COUNTY, FLORIDA, as follows:

**SECTION 1.** In accordance with the provisions of Section 171.044, Florida Statutes, the parcel of real property being situated in the County of Brevard, State of Florida, legally described herein as Exhibit 'A', and being contiguous to the existing corporate limits and boundaries of the City of Palm Bay, and being reasonably compact, and creating no enclaves is hereby annexed, established, organized into and made a part of the City of Palm Bay.

**SECTION 2.** The corporate limits and boundary lines of the City of Palm Bay, Brevard County, Florida, shall be redefined so as to include therein the parcel, incorporated herein as Exhibit 'A', hereby annexed.

**SECTION 3.** The parcel of property to be annexed is hereby depicted on the attached map which, by reference, is incorporated herein as Exhibit 'B'.

**SECTION 4.** This ordinance of annexation has been noticed, by reference, once a week for two consecutive weeks in a newspaper of general circulation in the County of Brevard, Florida, prior to its adoption.

**SECTION 5.** The City Clerk shall file a copy of this ordinance with the Brevard County Clerk of the Circuit Court, the Chief Administrator of Brevard County, and the State of Florida Department of State.

**SECTION 6.** All ordinances or parts of ordinances in conflict herewith are hereby repealed and all ordinances or parts of ordinances not in conflict herewith are hereby continued in full force and effect.

**SECTION 7.** If any portion, clause, phrase, sentence or classification of this ordinance is held or declared to be either unconstitutional, invalid, inapplicable, inoperative or void, then such declaration shall not be construed to affect other portions of the ordinance; it is hereby declared to be the express opinion of the City Council of the City of Palm Bay that any such unconstitutional, invalid, inapplicable, inoperative or void portion or portions of this ordinance did not induce its passage, and that without the inclusion of any such portion or portions of this ordinance, the City Council would have enacted the valid constitutional portions thereof.

RE: Ordinance 2022-37, rezoning property located in the vicinity east of St. Johns Heritage Parkway and north of Melbourne-Tillman Water Control District Canal C-1, from General Use (Brevard County) to PUD (Planned Unit Development) (0.21 acres) (Case CPZ-8-2022, Pace Drive Holdings, LLC), final reading. (Quasi-Judicial Proceeding) (CONTINUED FROM 03/17/22 RCM)

As you may recall, the above request was scheduled for second reading at the March 17, 2022 regular Council meeting but was continued due to advertising issues.

Pace Drive Holdings, LLC, authorized manager Gregory Pettibon, Lennar Homes (Kimberly Rezanka, Esq., Lacy Lyons Rezanka, Rep.) has submitted for a rezoning of the subject property from General Use (Brevard County) to a PUD, Planned Unit Development, contingent upon City Council acceptance of a Petition for Voluntary Annexation (Case A-3-2022). The undeveloped parcel is generally located at the northeast intersection of St. Johns Heritage Parkway and Melbourne-Tillman Water Control District Canal 1.

It was recently discovered that the subject .21-acre parcel, a part of the Palm Vista Everland development plan, was omitted from the legal description that annexed the overall development properties into the City (Ordinance 2003-32). To rectify this oversight, the applicant has submitted a Petition for Voluntary Annexation of the .21-acre parcel, accompanied by a Future Land Use Map Amendment and the subject Rezoning request referencing Case FD-28-2019 (Ordinance 2020-03).

The subject parcel is generally located at the northeast intersection of St. Johns Heritage Parkway and Melbourne-Tillman Water Control District Canal No. 1.

By Ordinance 2003-32, City Council modified the City's boundaries to include approximately 1,500 acres located around the intersection of the St. Johns Heritage Parkway from the Melbourne-Tillman Water Control District Canal No. 1 north to Emerson Drive.

By Ordinance 2020-03, City Council approved the Final Development Plan for 'Palm Vista Everlands' at the recommendation of the Planning & Zoning Board at the regular meeting on December 4, 2019 (Case FD-28-2019).

It was recently discovered that one parcel approximately 0.21 acres, which was included in the overall development plan, was not included in the legal description for the annexation. Therefore, to rectify this oversight, Pace Drive Holdings, LLC has submitted a Petition for Voluntary Annexation for this 0.21-acre parcel, accompanied by the applicants request for a Future Land Use Map Amendment and Zoning. All of the remaining sections below will reference the previous staff report for the original case FD-28-2019, presented to the Planning & Zoning Board on December 4, 2019 as this is the applicant's intended use of the subject parcel.

The proposed development of a single-family<br>planned unit development is compliant with the Single-Family<br>Residential future land use designation. |  |  |

# BACKGROUND:

The subject property is at the southeast corner of St. Johns Heritage Parkway and Pace Drive NW. The subject property is approximately 50.40 acres. The initial Preliminary Development Plan for Palm Vista Preserve received approval from City Council at its Regular Meeting, held January 20, 2005, (Case PUD-3-2005), and, after multiple extensions, expired on August 6, 2017. The Preliminary Development Plan received approval from City Council on November 15, 2018 by Case PUD-25-2018.

#### ANALYSIS:

The applicant is requesting Final Development Plan (FDP) approval for a Planned Unit Development (PUD), to construct a single-family residential subdivision called the Palm Vista Everlands. The planned unit development is a concept which encourages and permits variation in residential developments by allowing deviation in lot size, bulk or type of dwellings, density, lot coverage, setbacks and open space, from those elements required in any singular zoning classification found in the city's Zoning Code.

The purpose of a planned unit development is to encourage the development of planned residential neighborhoods and communities that provide a full range of residence types, as well as commercial uses designed to serve the inhabitants of the proposed community. The planned unit development process simplifies the procedure for obtaining approval of these developments through simultaneous review of the proposed land use, site consideration, public needs and requirements, and health and safety factors.

Specifically, the FDP proposes a 162-unit single-family development that will be constructed in two phases. The proposed density is 3.21 units per acre, which is below the maximum density defined in the City's Comprehensive Plan for Single-Family Residential use up to (5 units per acre). Per the FDP, the typical lots within the residential development are 50' x 125'. The development will consist of a gated entrance with amenities including a covered patio with a pool, recreation and open space areas, stormwater management ponds, and private roadways.

In order to receive FDP approval, the proposal must meet the requirements of Section 185.067 of the City of Palm Bay's Code of Ordinances. Upon review, the request appears conform with the applicable requirements of this section. The following items shall be addressed upon submission of the administrative construction plan approval:

- A. The setbacks shall be defined in the Declarations of Covenants & Restrictions and places upon the subdivision plat.
- B. The minimum home size shall be provided in the Declarations of Covenants & Restrictions.
- C. A portion of the site is currently within FEMA Flood Zone AE, per FEMA Flood Insurance Rate Map Number 12009C0590G (effective 03/17/2014). Per Section

174.003(C)(5) of the Palm Bay Code of Ordinances, the developer is required to apply for a "Conditional Letter of Map Amendment/Revision" (CLOMR). FEMA must review any subdivision plans and make recommendations if necessary, before the construction plans are approved. An approved LOMR will be required for this project upon completion of each phase.

Motion to approve the minutes as presented.

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-02 Minutes – February 2, 2022 Page 14 of 15

Ms. Maragh asked about the number of units proposed for the site. Ms. Bernard explained that the subject request was to clean up a previously platted development.

Ms. Kimberly Rezanka, Esq. of law firm Lacy Lyons Rezanka (representative for the applicant) stated that the subject site received PUD approval in 2019; however, it was recently discovered that the overall annexation in 2003 had omitted the subject property. The property contained common elements and a portion of two lots within the overall 162-lot development known as Palm Vista Everland. The Future Land Use Map and Zoning Map were being corrected.

The floor was closed for public comments, and there was no correspondence in the file.

Mr. Bill Battin (resident at Ocean Spray Street SW) commented on how the legal description error could hinder three lots.

Motion to submit Case CP-8-2022 to City Council for approval.

Motion by Ms. Jordan, seconded by Mr. Hill. Motion carried with members voting as follows:

Aye: Weinberg, Jordan, Boerema, Boothroyd, Hill, Maragh, Warner.

8. **\*\*CPZ-8-2022** - Palm Vista Everland "Triangle" - Pace Drive Holdings, LLC, authorized manager Gregory Pettibon, Lennar Homes (Kimberly Rezanka, Esq., Lacy Lyons Rezanka, Rep.) - A Zoning amendment from General Use (Brevard County) to a PUD, Planned Unit Development. Tax Parcel 500, Section 28, Township 28, Range 36, Brevard County, Florida, containing approximately .21 acres. Located in the vicinity east of St. Johns Heritage Parkway NW and north of Melbourne-Tillman Water Control District Canal C-1

Ms. Bernard presented Case CPZ-8-2022. Staff recommended Case CPZ-8-2022 for approval.

Ms. Kimberly Rezanka, Esq. of law firm Lacy Lyons Rezanka (representative for the applicant) was present to represent the request. Her comments under Case CP-8-2022 also pertained to the subject request.

The floor was opened and closed for public comments; there were no comments from the audience, and there was no correspondence in the file.

Motion to submit Case CPZ-8-2022 to City Council for approval.

Motion by Ms. Maragh, seconded by Mr. Hill. Motion carried with members voting as follows:

Aye: Weinberg, Jordan, Boerema, Boothroyd, Hill, Maragh, Warner.

Mr. Weinberg remarked that the annexation of the subject site would also be reconsidered by the City Council.

# **OTHER BUSINESS:**

# 1. Presentation of draft Vision Plan 2040 by S&ME, Chris Dougherty.

Presentation of the draft Vision Plan 2040 occurred following Announcements.

2. Mr. Weinberg reminded the board that Planning and Zoning Board terms would expire on February 28, 2022 and thanked the board members for their service.

## ADJOURNMENT:

AN ORDINANCE OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, AMENDING THE CODE OF ORDINANCES, TITLE V, LEGISLATIVE, CHAPTER 52, BOARDS, SUBCHAPTER 'BUILDING AND CONSTRUCTION ADVISORY COMMITTEE', BY REPEALING THE SUBCHAPTER IN ITS ENTIRETY, THEREBY DISSOLVING THE BUILDING AND CONSTRUCTION ADVISORY COMMITTEE; PROVIDING FOR THE REPEAL OF ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; PROVIDING FOR DELETION FROM THE CITY OF PALM BAY CODE OF ORDINANCES; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY

#### OF PALM BAY, BREVARD COUNTY, FLORIDA, as follows:

SECTION 1. The City of Palm Bay Code of Ordinances, Title V, Legislative,

Chapter 52, Boards, Subchapter 'Building and Construction Advisory Committee',

Sections 52.050 through 52.054, are hereby repealed in their entireties, thereby

dissolving the Building and Construction Advisory Committee:

#### **"BUILDING AND CONSTRUCTION ADVISORY COMMITTEE**

#### § 52.050 ESTABLISHMENT.

There is hereby established an advisory committee to be known as the Palm Bay Building and Construction Advisory Committee, hereinafter referred to as the Committee.

#### § 52.051 DUTIES AND RESPONSIBILITIES.

(A) The Committee shall be charged with the task of reviewing and making recommendations concerning all building and construction codes, ordinances, regulations and resolutions which the City Council may from time to time direct it to review. The Committee shall assist the City Council and city staff with the development and adoption of codes, ordinances, resolutions, policies and administrative regulations necessary to provide safe, sound and attractive residential, institutional, industrial and commercial buildings and structures in the city. The Committee shall be made aware of amendments, policies and other items

having an impact on housing and housing costs. The Committee shall be responsible for making recommendations to the City Council and city staff for improvements in construction standards and practices utilized in the city, and such other matters relating to building construction as the City Council and city staff deems appropriate.

(B) All recommendations of the Committee shall be in writing and shall be delivered as promptly as possible to the City Council. Any member of the Committee who disagrees with the majority recommendation may reduce his/her objections to writing and submit them to the City Council along with the majority recommendation.

(C) The recommendations of said Committee shall not be binding on the City Council. The City Council shall retain final authority and power to make binding decisions concerning the adoption, repeal, alteration or amendment to the various codes, ordinances, regulations and resolutions which the Committee has been directed to review.

# § 52.052 COMPOSITION.

(A) The Committee shall consist of seven (7) members appointed by the City Council. Members shall be familiar with and involved in the building industry.

(B) Each Council seat shall appoint one (1) member. The City Councilmember appointing a member to a board that is not created or authorized by general law, special act or municipal charter, shall have the continuing right to remove the member so appointed and to appoint another member as often as the appointing Councilmember shall deem it appropriate in order to facilitate the business of the board or committee. Council may, in its discretion, remove any atlarge member by a majority vote at any time, with or without cause.

(C) The two (2) remaining members' positions shall be considered atlarge. The members shall be selected by using the City Council's process for filling board positions.

(D) In addition, the City Manager, or his/her designee, shall act as staff and provide assistance to the committee.

## § 52.053 TERMS OF OFFICE.

(A) Members shall have been residents of the county for a period of not less than two (2) years. The initial terms of the seven (7) members shall be as follows:

City of Palm Bay, Florida Ordinance 2022-39 Page 3 of 5

(1) Two (2) members shall be appointed to serve for three (3)

<del>years:</del>

(2) Two (2) members shall be appointed to serve for two (2) nd

years; and

(3) Three (3) members shall be appointed to serve for one (1)

<del>year.</del>

(B) Thereafter, all appointments shall be for four (4) year terms and limited to two (2) consecutive terms. Appointments to fill any vacancy on the Committee shall be for the remainder of the unexpired term of office. When filling positions on this Committee, the City Council shall attempt to achieve, to the maximum extent possible, the broadest representation from the categories listed in § 52.052.

# § 52.054 GENERAL PROVISIONS.

(A) Meetings.

(1) Regular meetings shall be held quarterly and on such days and at such times and locations as the Committee from time to time determine, with written notice to all members at least five (5) days prior to the day of the meeting. Meetings shall be held in public facilities.

(2) Special or workshop meetings may be called by the Chairperson or by at least three (3) members of the Board.

(3) Upon the directive of Council for the Committee to review any matters listed in § 52.051, the Committee shall schedule a meeting as promptly thereafter as possible.

(B) Quorum. Four (4) members of the Committee shall constitute a quorum for the transaction of business at any meeting and the vote of a majority of such quorum shall be sufficient for formal action by the Committee.

(C) Officers and bylaws. The Committee shall select its own chairperson and vice chairperson. The chairperson and vice chairperson shall serve for a term of two (2) years. The vice chairperson shall automatically succeed the chairperson. The Committee may adopt bylaws not inconsistent with the provisions of this subchapter.

(D) Compensation. The Committee members shall receive no compensation for their services.

(E) Rules of procedure. The meetings of the Building and Construction Advisory Committee shall be conducted in accordance with the "Florida Government in the Sunshine Law" and the "Florida Public Records Law". The Committee members shall also comply with the "Florida Financial Disclosure Act" should such act deemed to be applicable.

(F) Staff. The City Manager shall provide sufficient personnel to staff the Committee and to assist it with its prescribed duties."

**SECTION 2.** All ordinances or parts of ordinances in conflict herewith are hereby repealed and all ordinances or parts of ordinances not in conflict herewith are hereby continued in full force and effect.

**SECTION 3.** It is the intention of the City Council of the City of Palm Bay that the City of Palm Bay Code of Ordinances be revised to delete the language as specified above.

**SECTION 4.** If any portion, clause, phrase, sentence or classification of this ordinance is held or declared to be either unconstitutional, invalid, inapplicable, inoperative or void, then such declaration shall not be construed to affect other portions of the ordinance; it is hereby declared to be the express opinion of the City Council of the City of Palm Bay that any such unconstitutional, invalid, inapplicable, inoperative or void portion or portions of this ordinance did not induce its passage, and that without the inclusion of any such portion or portions of this ordinance, the City Council would have enacted the valid constitutional portions thereof.

**SECTION 5.** The provisions within this ordinance shall take effect immediately upon the enactment date.

A public hearing is to be held on the above subject ordinance and the caption read for the second and final time at tonight's Council meeting.

At the March 8th, 2022 County Commission meeting, Brevard County restructured the City Library Advisory Boards. The City of Palm Bay board is one that will no longer meet at a County facility (DeGroodt Library) nor be attended by County staff. There will be opportunity for representatives and citizens to attend the Brevard County Library Advisory Board, therefore City staff requests to dissolve our City Library Advisory Board.

## Request by Joel and Abnay Sanchez for a variance to allow for a 6-foot-high privacy fence within the required 15-foot side yard setback for corner lots, as established by Section 170.114(A), Palm Bay Code of Ordinances (0.26 acres) (V-8-2022). (Quasi-Judicial Proceeding)

Ms. Abnay Sanchez and Mr. Joel Sanchez have submitted for a variance to allow for a 6-foot-high privacy fence within the required 15-foot side-yard setback for corner lots as established by Section 170.114(A) of the Palm Bay Code of Ordinances.

The applicant would like to build the 6-foot-high privacy fence in their side and rear yard on the property line to enjoy the privacy of their backyard. There are no special conditions and circumstances identified, and the need for the variance is a result of the actions of the applicant. Staff, however, has not identified any detrimental effects to the public welfare.

# **BACKGROUND:**

The property consists of one standard General Development Corporation corner lot, fronting on Nyack St NW. The home was constructed in 2021, and the property has been owned by the applicant since 2021. The applicant would like to build a 6 foot high privacy fence on their property line, since this is a corner lot code requires that 6 ft high privacy fences be placed 15 ft in from the side property line, however this proposed privacy fence does not appear that it will adversely impact line of sight and will not impact any drainage or utility easements.

# ANALYSIS:

Variances from the terms of the Land Development Code may be granted when special conditions exist that would result in unnecessary hardship if the provisions of the Land Development Code were enforced. However, a variance may not be granted when the public health and safety would be compromised as a result of the variance. An application must demonstrate that items 1 through 7 of Section 169.009 of the Code of Ordinances have been met. A review of these items is as follows:

**Item 1 -** "Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, buildings or structures in the same land use category, zoning district, or situation."

The applicant would like to build a 6 ft high privacy fence in their side and backyard on the property line.30 x 40 (1200 sq ft) accessory dwelling unit in their backyard; There does not appear to be any special conditions or circumstances peculiar to the land, structure, or buildings involved.

**Item 2 -** "The special conditions and circumstances identified in Item 1 above are not the result of the actions of the applicant."

The construction of a privacy fence is so that the applicant can enjoy the privacy of their backyard. There are no special conditions and circumstances identified, and the need of a variance is a result of the actions of the applicant.

**Item 3** - "Literal interpretation and enforcement of the Land Development Code regulations would deprive the applicant of rights commonly enjoyed by other properties in the same land use category, zoning district or situation under the terms of the Land Development Code, and would work unnecessary and undue hardship on the applicant."

Literal interpretation and enforcement of the Land Development Code would require the applicant to build within the applicable walls and fences requirement.

**Item 4** - "The variance, if granted, is the minimum variance necessary to make possible the reasonable use of the land, building, or structure."

A variance allowing the applicant to place a fence on their side property line instead of the required 15 ft setback would be needed to meet the applicant's request.

**Item 5** - "Granting of the variance request will not confer on the applicant any special privilege that is denied by the development code to other lands, buildings or structures in the same land use category, zoning district or situation."

Granting of the variance would confer upon the applicant a special privilege for a reduction of the side setback requirement for 6ft high privacy fences on corner lots, as the same development standards apply to other properties in this community. This however, does not appear to create any health or safety hazards to adjacent properties.

**Item 6** - "The granting of the variance will be in harmony with the general intent and purpose of this code and will not be injurious to the surrounding properties or detrimental to the public welfare."

Staff has not identified any detrimental effect to public welfare.

**Item 7** - "The variance represents a reasonable disposition of a claim brought under the Bert *J*. Harris Private Property Rights Protection Act, chapter 95-181, Laws of Florida, that a development order of the city has reasonably burdened the applicant's property, based on the recommendations of the special master appointed in accordance with the act, or the order of a court as described in the act."

Staff has not received a claim made upon this property, with respect to the "Bert J. Harris Act," or any development order, as indicated above. Therefore, Item 7 is not applicable to the variance request.

# **STAFF RECOMMENDATION:**

The Planning and Zoning Board must determine, based on the facts presented, to what degree, if any, of minimal relief, is required to meet the needs of the variance being requested, as required under Section 169.009 of the City of Palm Bay Code of Ordinances and make recommendations to City Council for a final review. Under 59.05(A)(14) of the City of Palm Bay Code of Ordinances, "The quasi-judicial body shall direct the clerk or [city] attorney acting as the body's legal counsel to prepare the necessary and appropriate written order in accordance with the purpose of the hearing and findings of the quasi-judicial body. Pursuant to Florida Statutes, in the event relief is denied to the applicant, the specific provision of statute or code that was deficient shall be stated for record."

- (f) That granting the requested variance will be in harmony with the general intent and purpose of this code and will not be injurious to the surrounding properties or detrimental to the public welfare.

I am requesting granting of the variance because met property is built highly elevated and a 444 Fence will not provide any necessary privacy for my yard. And my neighbors loft is already established at the same setback as a corner lot as well and their permit was approved. Its only fair for the fence height to be equal for all requesting.

## ₿§ 170.116 FENCING OF EASEMENTS.

(A) It shall be unlawful for any person to fence any utility or drainage easements unless the proposed fence is properly permitted, limited to Type A, Type B, or Type E as set forth in § 170.113 and constructed in accordance with the following:

(1) Any fence proposed to be installed within a utility or drainage easement that accesses, abuts or provides the city or any utility company with a maintenance area to lot line ditches, canals, drainage tracts, drainage rights-of-way, shall be so constructed so that it can be easily removed. Such removal shall be the responsibility of the property owner within five (5) days after written notice from the city or utility company and all costs incurred in such removal and replacement shall be the responsibility of the property owner.

(2) Any fence proposed to be installed within a utility drainage easement not included in division (1) above may be of permanent nature, with the understanding that if the removal of such fence is necessitated for the installation, repair or replacement of any drainage or utility facility, it will be the owner's responsibility and at the owner's expense. Such removal shall be accomplished within five (5) days of written notice by the city or utility company.

(B) The property owner shall be responsible to maintain the area within the easement of this property regardless of the placement of the fence. The city may remove any fence within an easement, as needed, in case of emergency.

### **NEW BUSINESS:**

 \*\*V-8-2022 - Abnay and Joel Sanchez - A variance to allow a proposed 6-foothigh privacy fence to encroach 15 feet within a side corner property line by granting relief from the requirement that a 6-foot-high fence in a side corner yard area must be no closer than 15 feet from the side corner property line, as established by Section 170.114(A) of the Palm Bay Code of Ordinances. Lot 11, Block 2159, Section 26, Township 28, Range 36, Brevard County, Florida, containing approximately .26 acres. Located at the southwest corner of Nyack Street NW and Brookson Avenue NW, specifically at 966 Nyack Street NW

Ms. Bernard presented the staff report for Case V-8-2022. The board had to determine, based on the facts presented, the degree of minimal relief, if any, to meet the needs of the variance request, as required by Section 169.009 of the City of Palm Bay Code of Ordinances.

Ms. Abnay Sanchez (applicant) stated that the requested 6-foot-high fence was for privacy and to allow her two small children to play safely in the backyard. The corner subject property was purchased for its large size, and she had not been aware of the 15-foot distance requirement. She noted that the subject fence would line up with her rear neighbor's existing fence, and the neighbor had no objections regarding the request.

Mr. Warner asked if a wooden fence was being proposed. Ms. Sanchez noted that a dura-metal fence would be installed.

Ms. Maragh commented on the fence's location. Ms. Sanchez stated that the fence would not interfere with the adjacent stop sign or visibility.

Mr. Boerema inquired whether the fence would connect with the rear neighbor's fence. Ms. Sanchez indicated that this was correct.

Mr. Warner remarked on there being no opposition from the rear neighbor. Ms. Sanchez confirmed that this was correct, and that the rear neighbor also had a fence variance.

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 6 of 17

The floor was opened and closed for public comments; there were no comments from the audience, and there was no correspondence in the file.

Motion to submit Case V-8-2022 to City Council for approval.

Motion by Ms. Maragh, seconded by Mr. Weinberg. Motion carried with members voting as follows:

Aye: Jordan, Weinberg, Boothroyd, Maragh, Olszewski, Warner.

 \*\*CU-9-2022 - CONTINUED to 04/06 P&Z - Summit Shah, Sunshine Petro, Inc. (Carmine Ferraro, Crossover Commercial Group, Inc., Rep.) - A Conditional Use to allow retail automotive gasoline/fuel sales for a proposed fuel station, convenience store and drive-through, in a CC, Community Commercial District, in accordance with Section 185.043(D)(3) of the Palm Bay Code of Ordinances. Tax Parcel 603, Section 15, Township 29, Range 37, Brevard County, Florida, containing approximately 1.5 acres. Located at the northeast corner of Babcock Street SE and Valkaria Road

Ms. Bernard informed the board that Case CU-9-2022 was continued to the April 6, 2022 Planning and Zoning Board meeting to meet sign notification requirements. No board action was required to continue the case.

Case CU-9-2022 would be heard by the City Council on May 5, 2022.

 \*\*CU-10-2022 - Palm Bay Storage – Richard and Marguerite Love (Barry Sherman, S3 Partners, Rep.) - A Conditional Use to allow a proposed selfstorage facility in a CC, Community Commercial District, in accordance with Section 185.088(F) of the Palm Bay Code of Ordinances. Tax Parcels 752, 753, and 755, Section 36, Township 28, Range 36, Brevard County, Florida, containing approximately 6.09 acres. Located west of and adjacent to Minton Road NW, in the vicinity south of Chandler Road NW

Ms. Bernard presented the staff report for Case CU-10-2022. Staff recommended Case CU-10-2022 for approval, subject to the staff comments contained in the staff report.

### TO: Honorable Mayor and Members of the City Council

- FROM: Suzanne Sherman, City Manager

## RE: Consideration of a development agreement with Forestar (USA) Real Estate Group, Inc. pertaining to a development project known as 'Cypress Bay West', first hearing.

On March 17, 2022, City Council approved the Development Agreement (DA) between the City of Palm Bay and Forestar (USA) Real Estate Group Inc (Developer) pertaining to a development project known as 'Cypress Bay West' generally located north of the St. Johns Heritage Parkway west of Babcock Street; however, it was noted that the DA was not publicly noticed in accordance with section 163.3225, Florida Statutes. Staff is requesting Council's consideration of the Cypress Bay West DA for first hearing, with the second and final hearing to occur at the April 21, 2022 Regular Council Meeting, which starts at 6 PM in the Palm Bay Council Chambers located at 120 Malabar Road SE, Palm Bay, Florida 32907.

Cypress Bay West is a single-family residential subdivision consisting of 453 acres comprised of 1,219 single-family and 124 townhome units totaling three development phases. Forestar received Final Development Plan approval for Phase 1 from City Council by Ordinance 2021-27, with Phases 2 and 3 currently under review.

The DA outlines both City and Developer responsibilities related to road improvements. It is important to note that the City is currently drafting a right-of-way acquisition agreement with the developer, Forestar, to acquire adequate right-of-way for the widening of Babcock Street, as required by the Interlocal Agreement between the City and Brevard County. This agreement is separate from the Development Agreement and is expected to be brought to City Council at the April 21, 2022 Regular Council Meeting.

### **REQUESTING DEPARTMENT:**

City Manager's Office, Growth Management

### FISCAL IMPACT:

There is no fiscal impact at this time; the costs to the developer for the required improvements will be reviewed for both impact fee value and impact fee credit.

### **RECOMMENDATION:**

Motion to approve the first hearing of the Development Agreement between the City of Palm Bay and Forestar (USA) Real Estate Group, Inc., announcing a second and final hearing to occur at the April 21, 2022 Regular Council Meeting.

WHEREAS, the City Council approved a petition for the creation of Cypress Bay West Community Development District ("CDD") on March 3, 2022 as described in Exhibit "H" (Ordinance 2022-14), which shall deliver the community development services and facilities to the project area; and

WHEREAS, the Owner/Developer desires to facilitate the orderly development of the Project in compliance with the laws and regulations of the City and of other governmental authorities, and the Owner/Developer desires to ensure that its development is compatible with other properties in the City and planned traffic patterns; and

**WHEREAS**, the development proposed under this Agreement is consistent with the City's Comprehensive Plan and Land Development Code; and

WHEREAS, the Owner/Developer has further indicated their goal to construct a roadway extending west from the intersection Babcock Street SE and St. Johns Heritage Parkway SE, to service the project which is indicated to be named Journey Drive SE. This roadway segment will begin at the intersection of Babcock and Journey and terminate at the Mara Loma intersection of Journey Drive; and

**WHEREAS**, it is the purpose of this Agreement to clearly set forth the understanding and agreement of the Owner/Developer and the City in relation to development of the Project.

**NOW THEREFORE**, in consideration of the mutual covenants and agreements set forth herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. **Recitals and Definitions.** The recitals herein set forth are true and correct and are incorporated herein by reference.

2. **Ownership**. The legal and equitable owner(s) of the Property is: Forestar (USA) Real Estate Group, Inc.

3. **Title Opinion/Certification**. The Owner/Developer will provide to the City, in advance of the City's execution and recordation of this Agreement, a title opinion from a licensed attorney in the state of Florida, or a certification by an abstractor or title company authorized to do business in the state of Florida, verifying marketable title to the Property to be in the name of the Owner/Developer and identifying any and all liens, mortgages, and other encumbrances that are not satisfied or released of record.

4. **Subordination/Joinder**. Unless otherwise agreed to by the City in writing, all liens, mortgages, and other encumbrances that are not satisfied or released of record must be subordinated to the terms of this Agreement or the holders of such all liens, mortgages, and other encumbrances shall join in this Agreement. It shall be the responsibility of the Owner/Developer to promptly obtain said subordination or joinder, in a form and substance that is acceptable to the City Attorney, prior to the execution and recordation of this Agreement.

5. **Effective Date**. The Effective Date of this Agreement shall be the date on which a fully executed Agreement has been recorded in the Public Records of Brevard County, Florida.

6. **Term.** The term of this Agreement shall commence on the Effective Date and shall continue in full force and effect for a period of twenty years from the Effective Date, unless extended by mutual consent of the parties or by their successors in interest. Upon expiration or termination of this Agreement, each Party's rights and obligations which are solely created by this Agreement, shall expire and be of no further force or effect.

7. **Development Standards.** Development of the Property shall be subject to the standards listed in this Agreement. The Property currently has a Future Land Use of Single Family Residential (SFR) and Multiple Family Residential (MFR). Consistent with the City of Palm Bay's Comprehensive Plan, SFR property shall have a maximum density of five units per acre. Permitted uses include single-family homes, recreational uses, institutional uses such as schools, churches and utilities. MFR has a maximum density of 20 units per acre and permitted uses include single-family homes, duplexes, multiple family units, congregate living units, recreational uses, and institutional uses such as schools, churches and utilities.

- A. Exhibit "D" Ordinance 2021-27 approved the Final Development Plan and Preliminary Plat for Cypress Bay West Phase 1. Exhibit "E" and "F" approved the Final Development Plan for Phase II and Phase III respectively.
- B. Transportation, site access, and traffic devices:
  - Owner/Developer shall pay all City impact fees when due in the normal course of development. Any impact fee credits shall be determined in accordance with Chapter 171 of the Palm Bay Code of Ordinances. Section 171.07, Palm Bay Code of Ordinances allows the City to grant impact fee credits for certain contribution, construction, dedications, or improvements (Impact Fee Credits). Owner/Developer is dedicating or making improvements, which are recognized as meeting the requirements for impact fee credits as provided in Exhibit "G" (incorporating the cost estimates for the street and intersection improvements).
  - The Owner/Developer is responsible for all transportation improvements within the Project in such a way that maintains or improves the level of service for area roadways and ensures the public health, safety, and welfare for the community. Owner/Developer shall be responsible for its fair share cost of improvements along Babcock Street which include three intersection improvements; 1. Babcock Street at Grant Road signalization, 2. Babcock Street at Cogan Drive northbound left-turn lane and southbound right turn lane and 3. Babcock Street at SJHP (Journey Drive Extensions), 4. Mara Loma Blvd Extensions.
  - 3. The City shall allow the Owner/Developer to construct additional roadways and

driveway access to the residential and commercial property as approved by the City to facilitate Public access and to service the Project including extending Mara Loma Boulevard south terminating at the intersection of Journey Drive and Journey Drive extending east terminating at the intersection of St Johns Heritage Parkway and Babcock Street.

8. **Public Facilities/Land Dedication**. Any reservation or dedication of land to the Public shall be in a form acceptable to the City and in accordance with City regulations and policies governing dedication and acceptance of public facilities or lands, to include public parks and public safety (police and/or fire rescue) and in accordance with Chapters 171 and 182 of the Land Development Code.

9. **Development Permits/Fees.** The Owner/Developer is responsible for obtaining and paying for all permits and fees for facilities and services relative to the Project, including but not limited to the following:

- i. Site plan approvals;
- ii. Subdivision plat and/or waiver of plat approvals;
- iii. Water, sewer, paving and drainage and other infrastructure permits;
- iv. Covenant or Unity of Title acceptance or the release of existing unities or covenants;
- v. Building permits;
- vi. Certificates of occupancy and completion; and
- vii. Any other official action of the City or Brevard County, Florida, having the effect of permitting the development of land.

Any site permits shall be kept current with the respective permitting agency and shall ensure the protection of the public health, safety, and welfare of the community and the development.

Stormwater Provision: It is hereby acknowledged and understood that there will 10. be a stormwater management system that is interconnected across Phases 1, 2 and 3 and across adjacent Waterstone residential subdivisions, and commercial properties. The maintenance of the stormwater management systems will be the responsibility of the Master HOA, HOA & CDD (as described in Exhibit "H") or shared between managing parties with specific maintenance responsibilities covered in a separate section of the Developments' Covenants and Deed Restrictions for each subdivision and the CDD. If a mass grading plan is needed The City of Palm Bay will review a mass grading plan of any of the Cypress Bay West Phases, to construct the master stormwater system. However, prior to mass grading and construction of the stormwater management system the Developer must have acquired a SJRWMD permit authorizing same. Owner/Developer acknowledges that drainage from Mara Loma Blvd and Journey Dr. will be treated and attenuated in the proposed on-site stormwater management system. A perpetual nonexclusive easement shall be recorded via plat over, across and through the entire interconnected system allowing the City the right to access and service, maintain, or otherwise modify the system in cases of emergency, should the aforementioned roadways be adversely impacted by flooding.

Owner/Developer further acknowledges and agrees that future modifications of the approved stormwater management system would require approval by the City of Palm Bay and the St. John's River Water Management District. Owner/Developer recognizes that construction of the stormwater management system is solely their responsibility and capital costs will not be considered as credits towards transportation impact fees or proportionate fair share responsibilities.

11. **Indemnification.** The Owner/Developer hereby indemnifies and holds the City harmless from any and against all claims, demands, disputes, damages, costs, expenses, incurred by the City as a result, directly or indirectly, of the use or development of the Property, except those claims or liabilities caused by or arising from the gross negligence or intentional acts of the City, or its employees or agents. The Owner/Developer acknowledges and agrees that the City is not guaranteeing the appropriateness, efficiency, quality or legality of the use or development of the Property, including but not limited to drainage or water/sewer plans, fire safety, or quality of construction, whether or not inspected, approved, or permitted by the City.

12. **Compliance.** The Owner/Developer agrees that it, and its successors and assigns, will abide by the provisions of this Agreement, the City's Comprehensive Plan and the City's Code of Ordinances, including but not limited to, the site plan and subdivision regulations of the City as amended from time to time, which are incorporated herein by reference, and such subsequent amendments hereto as may be applicable, provided, however, that in the event of a conflict between the terms and provisions of the City's Comprehensive Plan and the City's Code of Ordinances, including but not limited to, the site plan and subdivision regulations of the City as amended from time to time, and the Utility Agreement and any future approved ordinances ("Ordinances") the terms and provisions of Utility Agreement and the Ordinances shall prevail. The City may, without prejudice to any other legal or equitable right or remedy it may have, withhold permits, Certificates of Occupancy and/or plan/plat approvals to the Property, should the Owner/Developer fail to comply with the terms of this Agreement.

13. **Public Improvements.** The Owner/Developer shall substantially complete all required public improvements prior to issuance of the first Certificate of Occupancy for the relevant portion of the Property, unless superseded by subsequent ordinances.

14. **Concurrency and Vested Rights.** The Owner/Developer acknowledges and agrees that prior to the issuance of any development orders for the Project, the Owner/Developer must have received and be in the possession of a valid, unexpired certificate of capacity/concurrency management system approval that complies with Chapter 183 of the City's Land Development Code. The capacity certificate/approval verifies the availability of infrastructure and service capacity sufficient to permit the proposed development of the Property without causing a reduction in the levels of service adopted in the City's Comprehensive Plan.

15. **Environmental and Tree Preservation.** The Owner/Developer is responsible for obtaining all site related permits and approval prior to any development activity on or for the Project. This may involve mitigation for habitat of threatened or endangered flora and fauna or for species identified for preservation as may be required by the St. Johns River Water Management District and/or the United States Corp of Army Engineers (e.g., tree preservation). This Agreement does not vest or exempt the Owner/Developer from any permitting and mitigation obligations needed to develop the Property.

16. Community Development District or Homeowners Association. The charter and by-laws of the Homeowners Association ("HOA") for the Project and any related deed restrictions shall be furnished to the City for approval by the City Attorney prior to the recording in the Public Records of Brevard County, Florida. Such recording shall take place before a Certificate of Completion is issued for the first development project on land covered by this Agreement. The CITY hereby approves that any of the obligations of the Owner/Developer in this Agreement may be funded or performed by the CDD pursuant to Sections 190.012(1)(g), (h), Florida Statutes. The Owner/Developer or its successors and/or assigns shall be responsible for establishing and amending the HOA and recording said information in the Public Records of Brevard County, Florida. The City is not responsible for the enforcement of any agreements or deed restrictions entered between property owners or occupiers of the Property. If the Property is not maintained in accordance with the City's Code of Ordinances or Land Development Regulations following issuance of a Certificate of Occupancy, the issue will be referred to the City's Code Compliance Division.

17. Utility Easements. For any utility easement not established on a plat of the Property, the Owner/Developer shall provide to the City such easements and other legal documentation, in form mutually acceptable to the City Attorney and the Owner/Developer, for the installation and maintenance of the utility and other services, and in accordance with the Utility Agreement.

18. **Periodic Review.** The City reserves the right to periodically review the Property to determine if there has been demonstrated good faith compliance with the terms of this Agreement, in accordance with Section 163.3235, Florida Statutes. If the City finds that on the basis of substantial competent evidence that there has been a failure to comply with the terms of this Agreement, then the City will not issue development orders or permits until compliance with this Agreement has been established.

19. Nonperformance. If the Owner/Developer fails to timely perform any of its obligations set forth in this Agreement to the City's specifications, then the City shall provide the Owner/Developer with written notice to complete said obligation. If the Owner/Developer fails to complete the obligation(s) within ninety (90) days of the date of such notice, then the City may, without further notice to the Owner/Developer and without prejudice to any other rights or remedies it may have, take any or all of the foregoing action:

- i. record one or more liens against the Property,
- ii. take enforcement action in relation to such lien(s),
- iii. perform any such obligation(s) at the sole cost and expense of the Owner/Developer
- iv. immediately recover from the Owner/Developer the actual and verified cost of

completing the obligation(s) required under this Agreement, or v. pursue any other remedies available to the City in law or equity

The foregoing lien(s) shall be superior to all other liens and mortgagees recorded after the date this Agreement is recorded in the Public Records of Brevard County, Florida.

20. Notices. Any notice, report, demand or other instrument authorized or required to be given or furnished shall be deemed given or furnished: (i) when addressed to the party intended to receive the same, at the address of such party as set forth below, and delivered at such address, (ii) three (3) days after the same is deposited in the United States mail as first class certified mail, return receipt requested, postage paid, or (iii) when delivered by nationwide commercial courier service, one (1) business day after the date of delivery of such notice to the courier service. Said notice shall be sent to the following, as applicable:

### **IF TO OWNER/DEVELOPER:**

IF TO CITY:

Director of Growth Management City of Palm Bay 120 Malabar Road S.E. Palm Bay, Florida 32907

With a copy to:

City Attorney City of Palm Bay 120 Malabar Road S.E. Palm Bay, Florida 32907

Any party may change the address to which any such notice, report, demand or other instrument is to be delivered or mailed, by furnishing written notice of such change to the other parties, but no such notice of change shall be effective unless and until received by the other party.

### 21. Matters Not Addressed, Consistency with the Comprehensive Plan.

A. The failure of this Agreement to address a particular permit, condition, term, or restriction shall not relieve the Owner/Developer of the Property from the necessity of complying with the law governing said permitting requirements, conditions, terms, or restrictions.

B. The project contemplated by this Agreement is consistent with the City of Palm Bay Comprehensive Plan.

22. **Captions.** The captions used herein are for convenience only and shall not be relied upon in construing this Agreement.

23. **Binding Effect; Assignment.** This Agreement shall be binding upon and inure to the benefit of the Owner/Developer and its successors and assigns in interest, and the City and its successors and assigns in interest. This Agreement does not, and is not intended to, prevent, or impede the City from exercising its legislative authority as the same may affect the Property. Owner/Developer shall not assign this Agreement without prior written approval of the City. Provided, Owner/Developer may assign any portion of this Agreement to the CDD. Irrespective of any assignment or delegation to the CDD by Owner/Developer under this Section, Owner/Developer shall remain liable to the City for performance of all of Owner/Developer's obligations described in this Agreement unless the City approves an assignment to a private entity.

24. Subsequently Enacted State or Federal Law. If either state or federal law is enacted after the Effective Date of this Agreement that is applicable to and precludes the parties' compliance with the terms of this Agreement, then this Agreement or such portions affected by such state or federal shall be modified or revoked, as is necessary, to comply with the relevant state or federal law.

25. Severability. If any provision of this Agreement is held illegal or unenforceable in a judicial proceeding, then such provision shall be severed and shall be inoperative, and the remainder of this Agreement shall remain operative and binding on the parties.

26. **Covenant Running with the Land.** This Agreement shall run with the Property and inure to and be for the benefit of the parties hereto and their respective successors and assigns and any person, firm, corporation, or entity who may become the successor in interest to the Property or any portion thereof.

27. **Recordation of Agreement**. The parties hereto agree that an executed original of this Agreement shall be recorded by the City, at the Owner/Developer's expense, in the Public Records of Brevard County, Florida.

28. Governing Law/Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. Owner/Developer and City submit to the exclusive jurisdiction of the state courts of the Eighteenth Judicial Circuit, Brevard County, Florida for any action or proceeding arising under, relating to, or in connection with this Agreement. Owner/Developer and City agree that all claims in respect of the action or proceeding shall be exclusively filed, heard, and determined in any such court. Owner/Developer and City hereby irrevocably waive, to the fullest extent permitted by applicable Law, any objection which they may now or hereafter have to the laying of venue of any such dispute brought in such court. Owner/Developer and City waive any defense of inconvenient forum to the maintenance of any action or proceeding so brought.

29. Waiver of Jury Trial. OWNER/DEVELOPER AND CITY HEREBY IRREVOCABLY WAIVE ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL

PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. EACH PARTY ACKNOWLEDGES AND AGREES THAT THIS PROVISION IS A MATERIAL INDUCEMENT TO EACH OTHER PARTY TO ENTER INTO THIS AGREEMENT. NEITHER PARTY IS RELYING ON ANY REPRESENTATION BY THE OTHER PARTY THAT THIS PROVISION WOULD NOT BE ENFORCED TO THE FULLEST EXTENT PROVIDED BY LAW.

30. **Time of the Essence.** Time is hereby declared of the essence to the lawful performance of the duties and obligations set forth in this Agreement. The Owner/Developer shall execute this Agreement within ten (10) business days of the City Council's adoption of an ordinance approving same; and agrees to pay the cost of recording this document in the Public Records of Brevard County, Florida. Failure to execute this Agreement within ten (10) business days of said ordinance adoption may result in the City not issuing development orders or permits until execution and recordation of this Agreement has occurred.

31. Entire Agreement; Amendment. This Agreement constitutes the entire agreement between the parties, and supersedes all previous discussions, understandings, and agreements, with respect to the subject matter hereof; provided, however, that it is agreed that this Agreement is supplemental to the City's Comprehensive Plan and does not in any way rescind or modify any provisions of the City's Comprehensive Plan. Any amendments to this Agreement shall be in writing and signed by both the Owner/Developer and the City.

{Remainder of page intentionally blank.}

IN WITNESS WHEREOF, the Owner/Developer and the City have executed this Agreement as of the date first written above.

#### **RESOLUTION 2021-12**

A RESOLUTION OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, GRANTING APPROVAL FOR A PLANNED UNIT DEVELOPMENT (PUD) PRELIMINARY DEVELOPMENT PLAN OF A RESIDENTIAL SUBDIVISION TO BE KNOWN AS 'CYPRESS BAY WEST PHASE 1 PUD' IN PUD (PLANNED UNIT DEVELOPMENT) ZONING; WHICH PROPERTY IS LOCATED IN THE VICINITIES SOUTH OF MARA LOMA BOUELVARD AND WEST OF BABCOCK STREET, AND LEGALLY DESCRIBED HEREIN; PROVIDING FOR FILING OF THE FINAL PLANNED UNIT DEVELOPMENT APPLICATION; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, application for Planned Unit Development (PUD) Preliminary Development Plan in PUD (Planned Unit Development) zoning to permit a residential subdivision to be known as 'Cypress Bay West Phase 1 PUD' on property legally described herein, has been made by Waterstone Farms, LLC, and

WHEREAS, the request was duly considered by the Planning and Zoning Board of the City of Palm Bay on January 19, 2021, which voted to recommend to the City Council approval of the application, and

WHEREAS, all provisions applicable to the Preliminary PUD under Chapter 185, Zoning, of the Palm Bay Code of Ordinances, have been satisfied by the applicant, and

WHEREAS, the City Council of the City of Palm Bay has determined that such Preliminary PUD will neither be injurious to adjacent lands nor otherwise detrimental to the public welfare.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, as follows:

> CITY OF PALM BAY Office of the City Clerk 120 Malabar Road, SE Palm Bay, Florida 32907

City of Palm Bay, Florida Resolution 2021-12 Page 2 of 3

**SECTION 1.** The City Council of the City of Palm Bay hereby grants PUD Preliminary Development Plan approval for 'Cypress Bay West Phase 1 PUD' on property zoned PUD (Planned Unit Development), which property is legally described herein as Exhibit 'A'.

**SECTION 2.** The PUD Preliminary Development Plan is granted subject to the staff comments contained in the Staff Report and the following items shall be submitted with a Final PUD application:

- 1. A preliminary subdivision plat and a boundary and title opinion;
- 2. Deed restrictions establishing development standards and minimum dwelling sizes;
- Tract R-1 shall depict the future amenity with architectural drawings and shall be shown on the plan. The plan shall indicate if the amenity center is for all of Cypress Bay West or just for phase 1. Staff recommends that the amenity be built prior to the CO of the 115<sup>th</sup> lot to ensure the amenity is provided commensurate with development of this project;
- 4. Garabaldi "Lane" shall be changed to Garabaldi "Circle";
- 5. Dugan "Circel" shall be corrected to Dugan "Circle";
- 6. The technical comments generated by the Development Review Staff shall be observed and incorporated into all future subdivision designs;
- 7. The Land Development Division Staff Report which is, by reference, incorporated herein as Exhibit 'B'; and
- 8. All provisions of the Code of Ordinances of the City of Palm Bay and all other state and federal rules, regulations, and statutes.

City of Palm Bay, Florida Resolution 2021-12 Page 3 of 3

**SECTION 3.** The developer shall have one (1) year from the date of this resolution in which to file a Final PUD application. Failure to file said application within one (1) year shall void the PUD Preliminary Development Plan approval unless an extension for filing the Final PUD application has been granted by the City Council.

SECTION 4. This resolution shall take effect immediately upon the enactment date.

This resolution was duly enacted at Meeting 2021-05, of the City Council of the City of Palm Bay, Brevard County, Florida, held on February 18, 2021. or 0 ATTEST: Robert Medina, MAYOR Terese M. The<br>nt of a single-family planned unit development is<br>vith both designations. The proposed density is 2.95 units<br>hich is below the maximum density defined in the City's<br>nsive Plan for Single-Family Residential Use up to (5<br>cre) and well below the 20 units per acre by the Multiple<br>idential Category. |  |

#### **BACKGROUND:**

The subject property is located south of Mara Loma Boulevard SE, and west of Babcock Street SE. Specifically a portion of Tax Parcel 500, Section 4, Township 30, Range 37, of Brevard County Florida. This Preliminary PUD request includes approximately 77.52 acres of land.

In 2004 the subject property was annexed into the City via Ordinance 2004-35 totaling 1,167 acres. The original Future Land Use amendment designated all of the lands as Single-Family Residential Use via Ordinance 2004-52; which stated that 1,800 units could be placed on the lands of Waterstone or Cypress Bay Preserve. Site specific conditions were placed on the amendment via Ordinance 2004-48. Between 2005 and 2018, a series of 37 future land use map amendments were made bringing the total units entitled to 2,596. The total entitlements encumbered remaining units are as follows: 1,648 units on the west side of Babcock Street, and 362 units on the east side of Babcock Street.

#### ANALYSIS:

The applicant is requesting Preliminary Development Plan (PDP) approval for a Planned Unit Development (PUD), to construct a single-family residential subdivision called Cypress Bay West Phase 1. The planned unit development is a concept which encourages and permits variation in residential developments by allowing deviation in lot size, bulk or type of dwellings, density, lot coverage, setbacks and open space, from those elements required in any singular zoning classification found in the city's Zoning Code.

Specifically, the PDP proposes a 229-unit single-family development that will be constructed in one phase. Per the PDP, typical lots within the residential development are 50' x 125'. The minimum size home will need to be identified in the Declaration of Covenants and Restrictions as well as the FDP. The development will consist of a gated entrance with amenities neighborhood park, passive recreation areas, stormwater management ponds, and private roadways.

Lastly, technical staff review comments are attached to this report.

#### CONDITIONS:

In order to receive Preliminary Planned Unit Development approval, the proposal must meet the requirements of Section 185.066 of the City of Palm Bay's Code of Ordinances. Upon review, it appears that the request is in conformance with the applicable requirements of this section, subject to the following items being submitted with a Final PUD application:

- A. A preliminary subdivision plat and a boundary & title opinion.
- B. Deed restrictions establishing development standards and minimum dwelling sizes.

- C. Tract R-1 will need to depict the future amenity with architectural drawings and be shown on the plan. The plan will need to indicate if the amenity center is for all of Cypress Bay West or just for phase 1. Staff recommends that the amenity be built prior to the CO of the 115th lot to ensure the amenity is provided commensurate with development of this project.
- D. Kendall Circle will need to be removed off the plan and changed to Mara Loma Boulevard.
- E. Garabaldi Lane will need to be changed to Garabaldi Circle.
- F. Dugan Circel will need to be changed to Dugan Circle.
- G. The technical comments generated by the Development Review Staff (attached) shall be observed and incorporated into all future subdivision designs.

#### STAFF RECOMMENDATION:

Case PD-3-2021 is recommended for approval, subject to the staff comments contained in this report.

#### **TECHNICAL COMMENTS**

#### CASE PD-3-2021 – Cypress Bay West Phase 1 PUD

#### **BREVARD COUNTY (Jeffrey Ball, Planning and Zoning Manager):**

Brevard County has the following concerns/comments:

1. On page 26 of the Preliminary Development Plan Application Narrative, in response to item (g), the applicant indicates that a recent traffic signal warrant study has determined that the intersection of Babcock and Mara Loma warrants signalization. The applicant indicates that this is based on Cypress Bay on the east side of Babcock, and also the Courtyards and Gardens, the locations of which are unclear. Brevard County Traffic Operations has not received the mentioned traffic signal warrant study. The most recent traffic study was received in May 2019 and it was a Traffic Assessment for the Cypress Bay PUD on the east side of Babcock. However, this development did not propose to connect to Babcock at Mara Loma, and we're not aware of the Courtyards and Gardens developments that were mentioned.

2. In response to a 2018 review of Waterstone Commercial development, the Traffic Impact Study for Waterstone Development was provided to the County and it was determined that the intersection at Mara Loma should be monitored as development progresses to determine if or when a traffic signal is warranted. If a study has been conducted, please provide it to Brevard County Traffic Operations for review.

3. In addition, the response to item (g) indicates that Brevard County is conducting a PDE for widening the roadway. As future phases of the widening are unfunded, it should not be a consideration for whether there are, or are projected to be, adequate roadways to support the project.

Also, please be advised that a Corridor Planning Study (FPN: 441412-1-18-01) is being conducted for the St. Johns Heritage Parkway from Babcock St. to Malabar Rd. One of a multitude of potential corridors does go through the PUD area. This is only in the study phase only and no corridor has been selected at this time.

#### UTILITIES (Christopher Little, Utilities Director):

The Utilities Department has no objection to the proposed 229 single-family residential units PUD.

Upon development of the site, the following shall apply for connection to the City's water and sewer utilities system:

1. The applicant/owner, at their expense, will be required to design, permit, install, inspect and test water & sewer systems of adequate size to accommodate the development and to connect to the City's water & sewer system. [Section 200.11(D)(1) – On-Site Facilities]

2. The applicant/owner may be required to extend and/or loop service from the On-Site Facilities to the existing water and sewer connection points. [Section 200.11(D)(2) – Off-Site Facilities].

3. The applicant/owner will be responsible for the property's hydraulic share for the new utilities required to serve the development. Oversizing of utilities at the request of the Utilities Department will be subject to a refunding agreement or refundable advance [Section 200.11(D) & (E)]. The City of Palm Bay's 2017 Wastewater Master Plan & 2017 Water Master Plan, both of which are available by request, identify proposed mainline extensions with the City's current pipe sizing requirements.

4. A City of Palm Bay "Utility Agreement" shall be executed between the Property Owner and the City. All Utility impact/connection charges noted in the "Utility Agreement" must be paid as outlined in the terms and conditions of the Utility Agreement. All fees are subject to change annually on October 1. The Property Owner shall submit a certified copy of the property deed as verification of ownership as part of the Utility Agreement.

5. All utility construction, materials, and testing shall be in accordance with the latest revision of the Palm Bay Utility Departments Policies, Procedures and Standards Handbook and the Standard Detail Drawings. Prior to any construction, all required FDEP Permit applications for the Water and Sanitary Sewer Construction shall be processed through and copies of the Permits filed with the Utilities Department.

#### FIRE (Mark Whorton, Fire Consultant):

Show fire hydrant locations. spacing shall be in accordance with NFPA 1:18.5.2, 1:18.5.3 and City of Palm Bay Ordinance 33.28.

#### **BUILDING (James Williams, Flood Plain Administrator):**

Floodzone X, No floodplain permits required.

WHEREAS, on February 18, 2021, the City of Palm Bay granted a Planned Unit

Development (PUD) Preliminary Development Plan to be known as 'Cypress Bay West

Phase I PUD' to Waterstone Farms, LLC, and

WHEREAS, application for Final Development Plan approval in PUD (Planned Unit Development) zoning to permit a 229-unit residential subdivision to be known as 'Cypress Bay West Phase 1 PUD' on property legally described herein, has been made by Waterstone Farms, LLC, and

WHEREAS, the request was duly considered by the Planning and Zoning Board of the City of Palm Bay on April 7, 2021, which voted to recommend to the City Council approval of the application, and

WHEREAS, all provisions applicable to the Planned Unit Development (PUD) under Chapter 185, Zoning, of the Palm Bay Code of Ordinances, have been satisfied by the applicant, and

WHEREAS, the City Council of the City of Palm Bay, after due deliberation and consideration, reviewed and considered the reports, documents, testimony, and other materials presented, and has determined that such development plan will neither be injurious to the neighborhood nor otherwise detrimental to the public welfare.

CITY OF PALM BAY Office of the City Clerk 120 Malabar Road, SE Palm Bay, Florida 32907 City of Palm Bay, Florida Ordinance 2021-27 Page 2 of 3

NOW, THEREFORE, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, as follows:

**SECTION 1.** The City Council of the City of Palm Bay hereby grants final development plan approval for 'Cypress Bay West Phase 1 PUD' on property zoned PUD (Planned Unit Development), which property is legally described herein as Exhibit 'A'.

SECTION 2. The final development plan is granted subject to the following staff

comments contained in the Staff Report being addressed upon submission of the administrative construction plans:

- A. The property shall be developed in substantial conformance with the Final Development Plan, which is, by reference, incorporated herein as Exhibit 'B', except as may be modified by the conditions of approval;
- B. The Land Development Division Staff Report, which is, by reference, incorporated herein as Exhibit 'C';
- C. Fully engineered construction drawings;
- D. A Subdivision Plat meeting Chapter 177 of Florida State Statute requirements and a title opinion;
- E. The right-of-way width of Mara Loma Boulevard shall be 100 feet;
- F. The road name of 'Mara Loma Boulevard' shall be consistent all the way through. Staff will not support the name 'Mara Loma Extension Boulevard';
- G. The technical comments generated by the Development Review Staff, which is, by reference, incorporated herein as Exhibit 'D', shall be observed and incorporated into the engineered construction drawings;
- H. Mara Loma Boulevard right-of-way dedication shall not be accepted by the City of Palm Bay for operation and maintenance, until and unless the Developer requests acceptance through the process promulgated in Chapter 182 of the City of Palm Bay's Code of Ordinances. Upon commencement of said process staff will determine if acceptance of the Mara Loma Boulevard Extension would provide a public benefit and that current City of Palm Bay construction standards are met; and

#### BACKGROUND:

The subject property is located south of Mara Loma Boulevard SE, and west of Babcock Street SE. Specifically a portion of Tax Parcel 500, Section 4, Township 30, Range 37, of Brevard County Florida. This Final PUD request includes approximately 77.52 acres of land.

In 2004 the subject property was annexed into the City via Ordinance 2004-35 totaling 1,167 acres. The original Future Land Use amendment designated all the lands as Single-Family Residential Use via Ordinance 2004-52, which stated that 1,800 units could be placed on the lands of Waterstone or Cypress Bay Preserve. Site specific conditions were placed on the amendment via Ordinance 2004-48. Between 2005 and 2018, a series of 37 future land use map amendments were made bringing the total units entitled to 2,596.

The total entitlements encumbered remaining units are as follows: 1,648 units on the west side of Babcock Street, and 362 units on the east side of Babcock Street. On February 18<sup>th</sup> case PD-3-2021 (Resolution 2021-12) received approval from City Council for Preliminary Development Plan approval to be known as Cypress Bay West Phase 1 PUD. The Developer has submitted the Final Development Plan that matches the Preliminary Development Plan name of Willows of Cypress Bay West.

#### ANALYSIS:

The applicant is requesting Final Development Plan (FDP) approval for a Planned Unit Development (PUD), to construct a single-family residential subdivision called Cypress Bay West Phase 1 PUD. The planned unit development is a concept which encourages and permits variation in residential developments by allowing deviation in lot size, bulk or type of dwellings, density, lot coverage, setbacks, and open space, from those elements required in any singular zoning classification found in the city's Zoning Code.

Specifically, the FDP proposes a 229-unit single-family development that will be constructed in one phase. Per the FDP, typical lots within the residential development are 50' x 125'. The minimum size home and setbacks will need to be identified in the Declaration of Covenants and Restrictions as well as the construction drawings. The development will consist of a gated entrance with an amenities center, pool, playground, passive recreation areas, stormwater management ponds, and private roadways.

# CONDITIONS:

In order to receive FDP approval, the proposal must meet the requirements of Section 185.067 of the City of Palm Bay's Code of Ordinances. Upon review, the request appears to conform with the applicable requirements of this section. The following items shall be addressed upon submission of the administrative construction plans:

- Fully engineered construction drawings;
- A Subdivision Plat meeting Chapter 177 of Florida State Statute requirements and a title opinion;
- The right-of-way width of Mara Loma Boulevard shall be 100 feet;
- The road name of 'Mara Loma Boulevard' shall be consistent all the way through. Staff will not support the name 'Mara Loma Extension Boulevard';
- The technical comments generated by the Development Review Staff, which is, by reference, incorporated herein as Exhibit 'D', shall be observed and incorporated into the engineered construction drawings; and
- >>Mara Loma Boulevard right-of-way dedication shall not be accepted by the City of Palm Bay for operation and maintenance, until and unless the Developer requests acceptance through the process promulgated in Chapter 182 of the City of Palm Bay's Code of Ordinances. Upon commencement of said process staff will determine if acceptance of the Mara Loma Boulevard Extension would provide a public benefit and that current City of Palm Bay construction standards are met.<</li>

#### STAFF RECOMMENDATION:

Case FD-11-2021 is recommended for approval, subject to the staff comments contained in this report.

# TECHNICAL COMMENTS

#### CASE FD-11-2021 – Cypress Bay West Phase I PUD

#### BREVARD COUNTY (Jeffrey Ball, Planning and Zoning Manager):

Brevard County has no comments.

#### PUBILC WORKS (Natalie Shaber, Engineer II):

1. Approval in writing from Brevard County accepting the existing 2017 Traffic Impact Study dated within the last 12 months is required.

2. Please conduct a signal warrant analysis at the intersection of the Gardens at Waterstone, and Cypress Bay West (Aberdeen Dr).

3. Crosswalks shall be provided across Mar Loma between the entrance to The Gardens and CB West.

4. Sidewalk shall be provided on both sides of Mar Loma connecting to the existing sidewalk and to the onsite sidewalks.

5. All external agency permits will be provided to the City prior to scheduling a presitework meeting per subsection 174.071 City Code of Ordinances.

6. Design, and performance specifications of Ch. 174 City's Code of Ordinances shall be met.

7. The stormwater management system is interconnected with the Gardens, Courtyards, and a R/W ponds D4 and D5 (future phase CB West). All easements and agreements between the respective Developer/HOA's and the City (if applicable) shall be drafted, executed, and recorded prior to Certificate of Completion. A developer agreement regarding landscaping maintenance in the right-of-way is also required.

8. Mar Loma Ext. shall be reviewed per Chapter 182 City's Code of Ordinances prior to acceptance by the City.

9. All right-of-way specifications per Ch 179 shall be adhered to as well as the design, performance, materials, utility location, inspection and testing specifications as outlined in the City's Public Works Manual for collector roadways.

10. Topographical surveys of the existing condition shall include contours as well as spot elevations.

11. The plans shall include cross-sections at all property boundaries.

12. Ensure that the Florida Building Code and FL Statute regarding ADA compliance of new facilities that serve the public are met.

13. Right-of-way and Commercial driveway permit applications and fees are required for the Aberdeen Dr. entrance.

14. Utilities within the Mar Loma R/W shall conform to the Utility Zones detail in the Public Works Manual.

#### **UTILITIES (Christopher Little, Utilities Director):**

1. The applicant/owner, at their expense, will be required to design, permit, install, inspect, and test water & sewer systems of adequate size to accommodate the development and to connect to the City's water and sewer system [Section 200.11(d)(1) - On-site Facilities]. Currently, the nearest point of connection to the mainline water distribution system is a 16" PVC pipe on the west end of Mara Loma Boulevard. The nearest point of connection to the mainline water distribution system of the mainline water collection system force main is a 10" PVC pipe on the west end of Mara Loma Boulevard.

2. The applicant/owner will be responsible for the property's hydraulic share for the new utilities. Oversizing of utilities at the request of the Utilities Department will be subject to a refunding agreement or refundable advance [Section 200.11(D) &(E)]. The City of Palm Bay's 2017 Wastewater Master Plan & 2017 Water Master Plan, both of which are available upon request, identify proposed mainline extensions with the current piping size requirements.

3. A City of Palm Bay "Utility Agreement" shall be executed between the Property Owner and the City. All Utility impact/connection charges noted in the "Utility Agreement" must be paid as outlined in the terms and conditions of the Utility Agreement. All fees are subject to change annually on October 1. The Property Owner shall submit a certified copy of the property deed as verification of ownership as part of the Utility Agreement.

4. All Utility construction, materials, and testing shall be in accordance with the latest revision of the Palm Bay Utilities Department Policies, Procedures, and Standards Handbook and the Standard Detail Drawings.

5. Prior to any construction, all required FDEP Permit applications for the Water and Sanitary Sewer Construction shall be processed through and copies of the Permits filed with the Utilities Department.

#### FIRE (Mark Whorton, Fire Consultant):

1. The maximum distance to a fire hydrant from the closest point on the building shall not exceed 600 ft. (183 m).

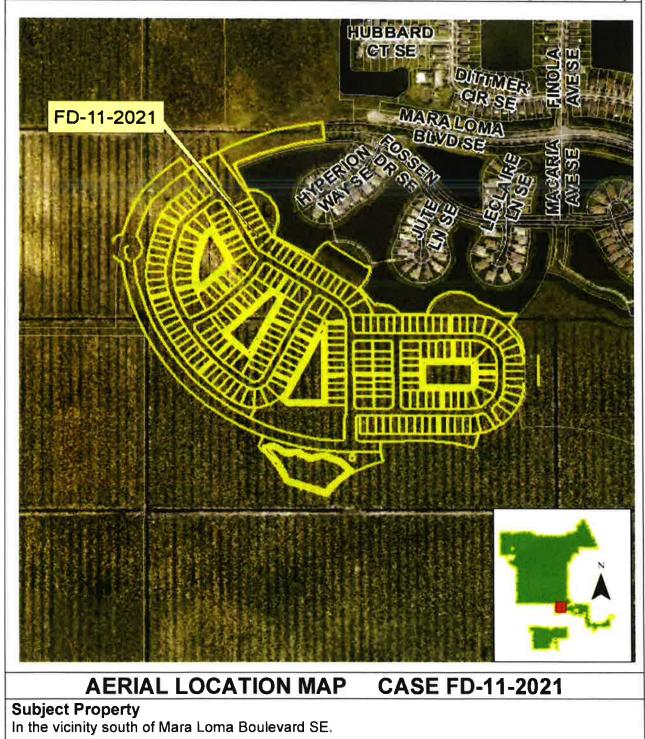

2. The maximum distance between fire hydrants shall not exceed 800 ft. (244 m).

3. All motorized gates shall include a Siren Operated Switch and Knox Key Switch backup.

4. All manual gates shall have a Knox Padlock.

Map is not to scale—for illustrative purposes only; not to be construed as binding or as a survey.

Xera.

AN ORDINANCE OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, APPROVING A FINAL DEVELOPMENT PLAN TO BE KNOWN AS 'CYPRESS BAY WEST PHASE II' IN PUD (PLANNED UNIT DEVELOPMENT) ZONING; WHICH PROPERTY IS LOCATED WEST OF AND ADJACENT TO BABCOCK STREET, IN THE VICINITIES SOUTH OF MARA LOMA BOULEVARD AND NORTH OF DAVIS LANE, AND LEGALLY DESCRIBED HEREIN; PROVIDING FOR A COMMENCEMENT PERIOD; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, application for Final Development Plan approval in PUD (Planned Unit Development) zoning to permit a 570-unit residential subdivision to be known as 'Cypress Bay West Phase II' on property legally described herein as Exhibit 'A', has been made by Waterstone Holdings, LLC; Waterstone Farms, LLC; and Forestar (USA) Real Estate Group, and

WHEREAS, the request was duly considered by the Planning and Zoning Board of the City of Palm Bay on September 1, 2021, which voted to recommend to the City Council approval of the application, and

WHEREAS, all provisions applicable to the Planned Unit Development (PUD) under Chapter 185, Zoning, of the Palm Bay Code of Ordinances, have been satisfied by the applicant, and

WHEREAS, the City Council of the City of Palm Bay, after due deliberation and consideration, reviewed and considered the reports, documents, testimony, and other materials presented, and has determined that such development plan will neither be injurious to the neighborhood nor otherwise detrimental to the public welfare.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, as follows: City of Palm Bay, Florida Ordinance 2021-65 Page 2 of 3

**SECTION 1.** The City Council of the City of Palm Bay hereby grants final development plan approval for 'Cypress Bay West Phase II' on property zoned PUD

(Planned Unit Development), which property is legally described herein as Exhibit 'A'.

SECTION 2. The final development plan is granted subject to the staff comments

contained in the Staff Report being addressed upon submission of the administrative

construction plans as follows:

- A. The property shall be developed in substantial conformance with the Final Development Plan, which is, by reference, incorporated herein as Exhibit 'B', except as may be modified by the conditions of approval;
- B. The Land Development Division Staff Report, which is, by reference, incorporated herein as Exhibit 'C';
- C. Fully engineered construction drawings;
- D. A Subdivision Plat meeting Chapter 177 of the Florida State Statutes and a title opinion;
- E. The technical comments generated by the Development Review Staff, incorporated herein as Exhibit 'D', shall be observed and incorporated into the engineered construction drawings;
- F. Mara Loma Boulevard and Journey Drive right-of-way shall not be accepted by the City of Palm Bay for operation and maintenance, until and unless the Developer requests acceptance through the process promulgated in Chapter 182 of the Palm Bay Code of Ordinances. Upon commencement of said process, staff shall determine if acceptance of these roadways will provide a public benefit and that current City of Palm Bay construction standards are met;
- G. An updated traffic study including traffic counts for Cypress Bay West Phase II shall be provided. This is to facilitate the determination of the Proportionate Fair Share contribution that may be due from the Developer towards the traffic impact improvements at associated segments along Babcock Street. These were previously recommended in the 2017 Waterstone Traffic Impact Study for the 2025 build-out; and

City of Palm Bay, Florida Ordinance 2021-65 Page 3 of 3

H. All provisions of the Code of Ordinances of the City of Palm Bay and all other state and federal rules, regulations, and statutes.

**SECTION 3.** This ordinance shall take effect immediately upon the enactment date.

Read in title only at Meeting 2021-24, held on September 16, 2021; and read in

title only and duly enacted at Meeting 2021-26, held on October 7, 2021.

# BACKGROUND:

The subject property is located south of Mara Loma Boulevard SE and west of Babcock Street SE. Specifically, a portion of Tax Parcels 500, 5, and 1, Section 4, Township 30, Range 37, and Part of Tract 750 of San Sebastian Farms, Section 5, Township 30, Range 37 Brevard County, Florida. This Final PUD request includes approximately 185.747 acres of land.

In 2004 the subject property was annexed into the City via Ordinance 2004-35 totaling 1,167 acres. The original Future Land Use amendment designated all the lands as Single-Family Residential Use via Ordinance 2004-52, which stated that 1,800 units could be placed on the lands of Waterstone (aka Cypress Bay Preserve). Site-specific conditions were placed on the amendment via Ordinance 2004-48. Between 2005 and 2018, a series of 37 future land use map amendments were made, bringing the total units entitled to 2,596.

The total encumbered remaining units by Final Development Plan without this current application being counted are as follows: 1,548 units on the west side of Babcock Street and 362 units on the east side of Babcock Street.

# ANALYSIS:

The applicant is requesting Final Development Plan (FDP) approval for a Planned Unit Development (PUD), to construct a single-family and multiple-family residential subdivision called Cypress Bay West Phase II PUD. The planned unit development is a concept that encourages and permits variation in residential developments by allowing deviation in lot size, bulk or type of dwellings, density, lot coverage, setbacks, and open space, from those elements required in any singular zoning classification found in the city's Zoning Code.

Specifically, the FDP proposes a 446-unit single-family development and 124 townhome development that will be constructed in multiple phases. Per the FDP, average lots within the residential development are 50' x 125'. The proposed minimum size home is 1,600 square feet, and the minimum size townhome is 1500 square feet. The development will consist of gated entrances with two amenity centers, each with its own pool, playground, passive recreation areas, stormwater management ponds, and private roadways. The master amenity center will include an oversized pool and slide, with a fitness center and picnic/play areas. Mara Loma Bouvard will be built and extended to a new roadway called Journey Drive which will be connected to Babcock Street SE.

# CONDITIONS:

In order to receive FDP approval, the proposal must meet the requirements of Section 185.067 of the City of Palm Bay's Code of Ordinances. Upon review, the request appears to conform with the applicable requirements of this section. The following items shall be addressed upon submission of the administrative construction plans:

- Fully engineered construction drawings.
- A Subdivision Plat meeting Ch.177 of Florida State Statute requirements and a title opinion.
- The technical comments generated by the Development Review Staff (attached) shall be observed and incorporated into the engineered construction drawings.
- Mara Loma Boulevard right-of-way dedication and Journey Drive shall not be accepted by the City of Palm Bay for operation and maintenance until and unless the Developer requests acceptance through the process promulgated in Chapter 182 of the City of Palm Bay's Code of Ordinances. Upon commencement of said process, staff will determine if acceptance of the Mara Loma Boulevard Extension and Journey Drive would provide a public benefit and that current City of Palm Bay construction standards are met.
- An updated traffic study including traffic counts for Cypress Bay West Phase 2 shall be provided. This is to facilitate the determination of the Proportionate Fair Share that may be due from the Developer towards the traffic impact improvements at associated segments along Babcock Street. These were previously recommended in the 2017 Waterstone Traffic Impact Study for the 2025 build-out.

#### STAFF RECOMMENDATION:

Case FD-30-2021 is recommended for approval, subject to the staff comments contained in this report.

#### **TECHNICAL COMMENTS**

#### CASE FD-30-2021 – Cypress Bay West Phase II PUD

#### **PUBLIC WORKS (Natalie Shaber, Engineer II):**

Engineering Comments:

1. Note 7 - Until discussion between the developer and the City confirms responsibility of maintenance of all utilities and roadway improvements, Note 7 on the plat is subject to amendment

2. Note 11 - Please modify the language to read as follows "Please note that easements on the "D" and "L" tracts and any easements that provide connectivity such as lot line pipe shall be dedicated to the 'City' for emergency access to stormwater utilities.

3. Title opinion or property information report shall be updated and submitted to staff for review at the time of Final Plat review.

4. Updated traffic counts for Cypress Bay West Phase 2 shall be provided, and a determination of the Proportionate Fair Share due from the Developer towards traffic impact improvements at associated segments along Babcock St. that have been recommended in the 2017 Waterstone Traffic Impact Study for 2025 build out.

5. Drainage easement granted to the City of Palm Bay for emergency access to the final outfall. Maintenance or outfall pipe replacement based on the condition of the outfall may be necessary

6. Right of way and Driveway permit applicable for development improvements.

7. Journey Dr. improvements shall be privately maintained until publicly accepted for maintenance per Chapter 182

8. Inspection fees and 2-year maintenance bond per City requirements applicable

9. CDD/HOA Cross access, drainage, and utility maintenance agreement required. Easements shall encompass a flat unobstructed area large enough for heavy equipment operation if necessary.

10. All roadway improvements and driveways shall per City PW manual requirements; turn lane dimensions associated with Cypress Bay West II shall be per traffic study requirements. All D/W radii shall be minimum 35 ft.

11. Include Utility chase pipes under roadways for future development.

#### **UTILITIES (Christopher Little, Utilities Director):**

1. The applicant/owner, at their expense, will be required to design, permit, install, inspect, and test water & sewer systems of adequate size to accommodate the development and to

connect to the City's water and sewer system [Section 200.11(d)(1) - On-site Facilities]. Currently, the nearest point of connection to the mainline water distribution system is a 16" PVC pipe on the west end of Mara Loma Boulevard. The nearest point of connection to the mainline wastewater collection system force main is a 10" PVC pipe on the west end of Mara Loma Boulevard.

2. The applicant/owner will be responsible for the property's hydraulic share for the new utilities. Oversizing of utilities at the request of the Utilities Department will be subject to a refunding agreement or refundable advance [Section 200.11(D) &(E)]. The City of Palm Bay's 2017 Wastewater Master Plan & 2017 Water Master Plan, both of which are available upon request, identify proposed mainline extensions with the current piping size requirements.

3. A City of Palm Bay "Utility Agreement" shall be executed between the Property Owner and the City. All Utility impact/connection charges noted in the "Utility Agreement" must be paid as outlined in the terms and conditions of the Utility Agreement. All fees are subject to change annually on October 1. The Property Owner shall submit a certified copy of the property deed as verification of ownership as part of the Utility Agreement.

4. All Utility construction, materials, and testing shall be in accordance with the latest revision of the Palm Bay Utilities Department Policies, Procedures, and Standards Handbook and the Standard Detail Drawings.

5. Prior to any construction, all required FDEP Permit applications for the Water and Sanitary Sewer Construction shall be processed through and copies of the Permits filed with the Utilities Department.

# FIRE (Mark Whorton, Fire Consultant):

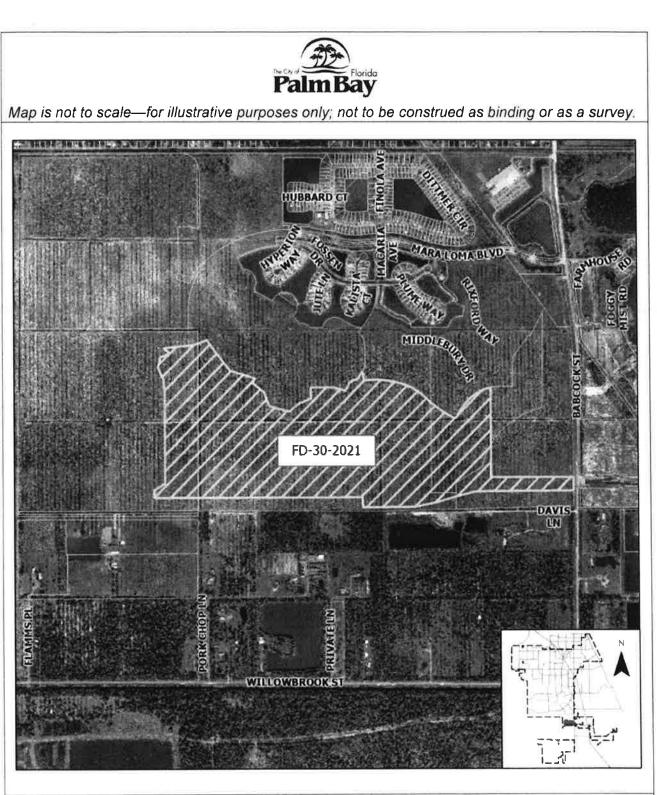

1. The maximum distance to a fire hydrant from the closest point on the building shall not exceed 600 ft. (183 m).

2. The maximum distance between fire hydrants shall not exceed 800 ft. (244 m).

3. All motorized gates shall include a Siren Operated Switch and Knox Key Switch backup.

# BUILDING (James Williams, Certified Floodplain Manager):

1. Multiple lots are in the Unnumbered Floodzone A. A FEMA CLOMR must be obtained before construction to obtain a FEMA approved Base Flood Elevation to be used on floodplain permits for the affected lots. On completion of construction an approved FEMA LOMR will be required to remove affected structures from the Special Flood Hazard Area and the need to carry flood insurance to get a federally insured mortgage.

#### BACKGROUND:

The subject property is located west of the current terminus of Mara Loma Boulevard SE, which is west of Babcock Street SE. Specifically, a portion of Tax Parcel 500 of Section 4, Township 30, Range 37, and Tracts 750, 752, and Part of Tax Parcel 1 of San Sebastian Farms, Section 5, Township 30, Range 37, Brevard County, Florida. This Final PUD request includes approximately 190.28 acres of land.

In 2004 the subject property was annexed into the City via Ordinance 2004-35, totaling 1,167 acres. The original Future Land Use amendment designated all the lands as Single-Family Residential Use via Ordinance 2004-52, which stated that 1,800 units could be placed on the lands of Waterstone (which includes Cypress Bay Preserve). Site-specific conditions were placed on the amendment via Ordinance 2004-48. Between 2005 and 2018, a series of 37 future land use map amendments were made, bringing the total units entitled to 2,596.

The total encumbered remaining units by the current pending Final Development Plans are as follows: 327 units on the west side of Babcock Street and 362 units on the east side of Babcock Street. (FD-30-2021, FD-33-2021, FD-41-2021)

#### ANALYSIS:

The applicant is requesting Final Development Plan (FDP) approval for a Planned Unit Development (PUD), to construct a single-family residential subdivision called Cypress Bay West Phase III PUD. The planned unit development is a concept that encourages and permits variation in residential developments by allowing deviation in lot size, bulk or type of dwellings, density, lot coverage, setbacks, and open space, from those elements required in any singular zoning classification found in the city's Zoning Code.

Specifically, this FDP proposes a 544-unit single-family development that will be constructed in multiple phases. Per the FDP, average lots within the residential development are 50' x 125' and 60' x 125'. The proposed minimum sized home is 1,600 square feet. There will be 2 access points off of the newly extended Mara Loma Boulevard into this phase. The development will consist of two recreation areas, a larger one being passive recreation, and a smaller tract as a proposed bocce ball court, stormwater management ponds, and private roadways. An open space tract (L-1) will be created that could allow for the extension of Journey Drive if needed in the future.

# **CONDITIONS:**

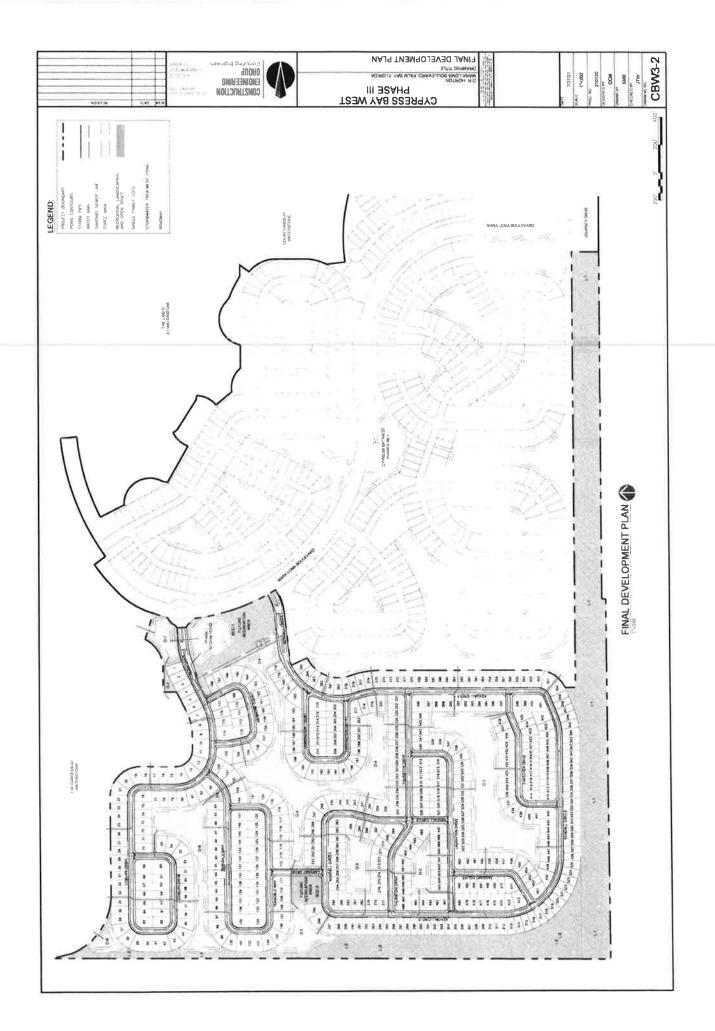

In order to receive FDP approval, the proposal must meet the requirements of Section 185.067 of the City of Palm Bay's Code of Ordinances. Upon review, the request appears to conform with the applicable requirements of this section. The following items shall be addressed upon submission of the administrative construction plans:

- A preliminary subdivision plat and a title opinion.
- Deed restrictions establishing development standards.
- An updated traffic study including traffic counts for all three (3) phases of Cypress Bay West shall be provided. This is to facilitate the determination of the Proportionate Fair Share that may be due from the Developer towards the traffic impact improvements at associated segments along Babcock Street. These were previously recommended in the 2017 Waterstone Traffic Impact Study for the 2025 build-out.
- The technical comments generated by the Development Review Staff (attached) shall be observed and incorporated into the administrative construction plan review.

#### STAFF RECOMMENDATION:

Case FD-41-2021 is recommended for approval, subject to the staff comments contained in this report.

# UTILITIES (Christopher Little, Utilities Director):

1. The applicant/owner, at their expense, will be required to design, permit, install, inspect and test water & sewer systems of adequate size to accommodate the development and to connect to the City's water and sewer system [ $\S$  200.11(d)(1) - On-site Facilities]. At this time the nearest point of connection to the mainline water distribution system is a 16" PVC pipe on the South side of Mara Loma Blvd. The nearest point of connection to the mainline wastewater collection system force main is a 8" PVC pipe on the North side of Mara Loma Blvd. Note, this region has reached the sewer capacity limit and site plan approval will be contingent upon completion of various system upgrades.

2. The applicant/owner will be responsible for the property's hydraulic share for the new utilities. Oversizing of utilities at the request of the Utilities Department will be subject to a refunding agreement or refundable advance [§ 200.11(D) &(E)]. The City of Palm Bay's 2017 Wastewater Master Plan & 2017 Water Master Plan, both of which are available upon request, identify proposed mainline extensions with the current piping size requirements.

3. A City of Palm Bay "Utility Agreement" shall be executed between the Property Owner and the City. All Utility impact/connection charges noted in the "Utility Agreement" must be paid as outlined in the terms and conditions of the Utility Agreement. All fees are subject to change annually on October 1. The Property Owner shall submit a certified copy of the property deed as verification of ownership as part of the Utility Agreement.

4. All Utility construction, materials, and testing shall be in accordance with the latest revision of the Palm Bay Utilities Department Policies, Procedures, and Standards Handbook and the Standard Detail Drawings.

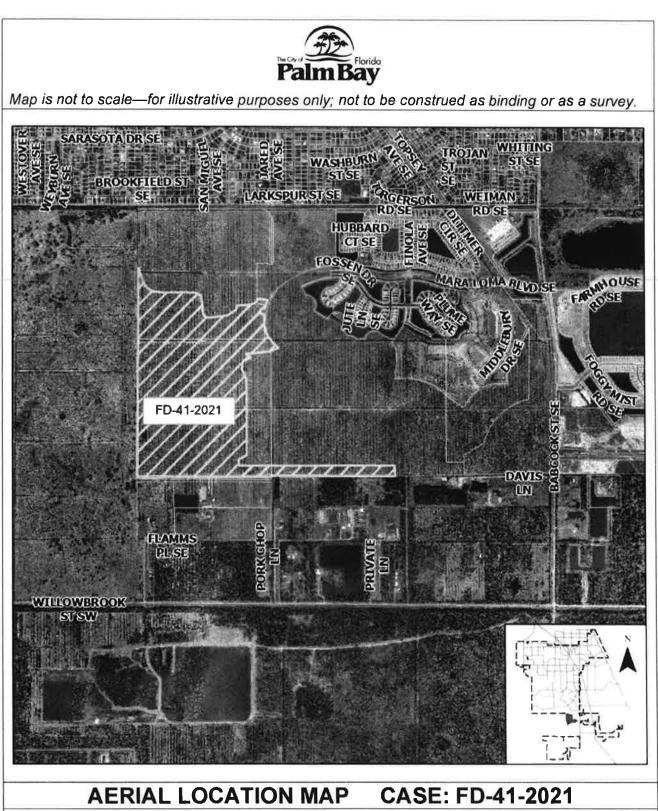

5. Prior to any construction, all required FDEP Permit applications for the Water and Sanitary Sewer Construction shall be processed through and copies of the Permits filed with the Utilities Department.

# EXHIBIT "H" ORDINANCE 2022-14 "CYPRESS BAY WEST COMMUNITY DEVELOPMENT DISTRICT"

#### ORDINANCE 2022-14

AN ORDINANCE OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, ESTABLISHING THE CYPRESS BAY WEST COMMUNITY DEVELOPMENT DISTRICT PURSUANT TO CHAPTER 190, FLORIDA STATUTES; PROVIDING FOR NAMING THE INITIAL MEMBERS OF THE BOARD OF SUPERVISORS OF THE DISTRICT; ESTABLISHING THE NAME OF THE DISTRICT; DESIGNATING THE PURPOSE OF THE DISTRICT; DESIGNATING THE POWERS AND SPECIAL POWERS OF THE DISTRICT; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Forestar (USA) Real Estate Group, Inc. ("Petitioner"), has filed a Petition with the City of Palm Bay, Florida, requesting that the City Council of the City of Palm Bay, Florida ("City"), adopt an ordinance establishing the Cypress Bay West Community Development District ("District") pursuant to Chapter 190, Florida Statutes, and designating the real property described in Exhibit "A", attached hereto, as the area of land for which the District is authorized to manage and finance basic service delivery, and

WHEREAS, the District will constitute a timely, efficient, effective, responsive and economic method of delivering community development services, in the area described in Exhibit "A", which the City is not able to provide at a level and quality needed to service the District, thereby providing a solution to the City's planning, management and financing needs for the delivery of capital infrastructure therein without overburdening the City and its taxpayers, and

WHEREAS, the City has held a public hearing on the Petition in accordance with the requirements and procedures of Section 190.005(1)(d), Florida Statutes, and

WHEREAS, the City has considered the record of the public hearing and the factors set forth in Section 190.005(1)(e), Florida Statutes.

City of Palm Bay, Florida Ordinance 2022-14 Page 2 of 4

# NOW, THEREFORE, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, as follows:

SECTION 1. Finding of Fact. The City hereby finds and states that:

(A) The "WHEREAS" clauses stated above are adopted as findings of fact in support of this Ordinance;

(B) All statements contained in the Petition are true and correct;

(C) The creation of the District is not inconsistent with any applicable element or portion of the State Comprehensive Plan or the City's Comprehensive Plan;

(D) The area of land within the proposed District is of sufficient size, is sufficiently compact and is sufficiently contiguous to be developable as one functional interrelated community;

(E) The creation of the District is the best alternative available for delivering community development services and facilities to the area that will be served by the District;

(F) The proposed community development services and facilities to be provided by the District will not be incompatible with the capacity and uses of existing local and regional community development services and facilities; and

(G) The area that will be served by the District is amenable to separate, special-district government.

SECTION 2. Conclusions of Law.

(A) This proceeding is governed by Chapter 190, Florida Statutes;

(B) The City has jurisdiction pursuant to Section 190.005(2), Florida Statutes; and

(C) The granting of the Petition complies with the dictates of Chapter 190, Florida Statutes.

# Resolution 2022-16, granting a conditional use to allow a proposed self-storage facility in RE: CC (Community Commercial District) zoning on property located west of and adjacent to Minton Road, in the vicinity south of Chandler Road (6.09 acres) (Case CU-10-2022, Richard and Marguerite Love). (Quasi-Judicial Proceeding)

Mr. Richard Love (Barry Sherman, S3 Partners, Rep.) has submitted for a Conditional Use to allow a proposed self-storage facility in a CC, Community Commercial District. The vacant land is located west of and adjacent to Minton Road NE, and abuts Pineapple Cove Charter School to the west.

The proposed self-storage site will consist of ten single-story buildings comprised of one 40,400 square-foot building and nine buildings with an average of 5,800 square feet. The looped stacking on the site and internal driveway connections will provide for safe off-street movement of vehicles. The site will be accessed from an eastern driveway proposed along Minton Road NW. Parking requirements for internally and externally accessed units must be met, and staff recommends a six-foot opaque wall or fence be placed along the west property lines. City Council has the authority to impose any additional and justifiable safeguards, and/or conditions, to ensure that the facility operates safely and harmoniously with its surroundings.

# BACKGROUND:

The subject property is located west of and adjacent to Minton Road NE. Specifically Tax Parcels 752, 753, and 755, Section 36, Township 28, Range 36, Brevard County, Florida. Specifically, off Minton Road NE. The subject property is currently vacant land that abuts Pineapple Cove Charter School to the west and vacant land on the East, South and North. This request includes approximately 6.09 acres of land.

# ANALYSIS:

The proposed request is to develop 6.09 acres of land as a self-storage facility, master stormwater retention. The proposed self-storage facility will consist of 10 buildings (1 – one story building 40,400 square feet of climate controlled space and 9 – one story buildings with an average square footage 5,800) and associated parking.

# CODE REQUIREMENTS:

To be granted conditional use approval, requests are evaluated upon items (A) through (I) of the General Requirements and Conditions of Section 185.087 of the Code of Ordinances. A review of these items is as follows:

**Item (A):** Adequate ingress and egress may be obtained to and from the property, with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or other emergencies.

According to the conceptual site plan, the site will be accessed from the proposed eastern driveway located along the Minton Road NW.

**Item (B):** Adequate off-street parking and loading areas may be provided, without creating undue noise, glare, odor, or other detrimental effects upon adjoining properties.

The City's Land Development Code states that self-storage facilities have the following parking requirements. (30) Self-storage facilities:

(a) Internally-accessed self-storage facilities (indoor, climate-controlled):

1. One (1) space for each 25 units, plus three (3) spaces for the facility's lease office.

(b) Externally-accessed facilities (drive-up storage units):

1. At least three (3) parking spaces shall be provided adjacent to the facility's lease office. Interior traffic lanes between storage buildings shall be a minimum of thirty-five (35) feet wide for two-way traffic and a minimum of twenty-five (25) feet for one-way

traffic, in order to accommodate loading and unloading, as well as through and/or emergency traffic.

This proposed self-storage facility will meet the parking requirements.

**Item (C):** Adequate and properly located utilities are available or may be reasonably provided to serve the proposed development.

The Utilities Department has reviewed this request and has no objections to the proposed selfstorage facility. Any additional upgrades will be required to be designed, permitted, installed, and inspected at the developer's cost.

**Item (D):** Adequate screening and/or buffering will be provided to protect and provide compatibility with adjoining properties.

The parcel of land for which this development is proposed is currently vacant land. The site abuts vacant land to the north, Minton Road to the east, Pineapple Cove Academy to the west, and a retention pond to the south. Staff recommends a 6-foot opaque wall or fence be placed along the west property lines.

**Item (E):** Signs, if any, and proposed exterior lighting will be so designed and arranged to promote traffic safety and to eliminate or minimize any undue glare, incompatibility, or disharmony with adjoining properties.

A detached sign is not shown on the drawing, however if a detached sign is proposed it must meet the minimum setback requirements. A lighting plan was not provided. It shall be noted that City codes require any lighting to be shielded and/or directed downward to avoid creating a nuisance to adjacent properties. During the administrative site plan review a lighting and photometric plan will be required.

**Item (F):** Yards and open spaces will be adequate to properly serve the proposed development and to ensure compatibility with adjoining properties.

The yards and open space requirements of the Zoning Code have been met.

**Item (G):** The proposed use will not constitute a nuisance or hazard because of the number of persons who will attend or use the facility, or because of vehicular movement, noise, fume generation, or type of physical activity.

The project has been designed with sufficient drive aisles and ample on-site maneuverability. Moreover, the looped stacking on the site and internal driveway connections will provide for the safe off-street movement of vehicles. **Item (H):** The use as proposed for development will be compatible with the existing or permitted uses of adjacent properties.

The proposed use is permitted (via conditional use). The site is bordered by Pineapple Cove School to the west, east by Minton Road, to the north and south is vacant land.

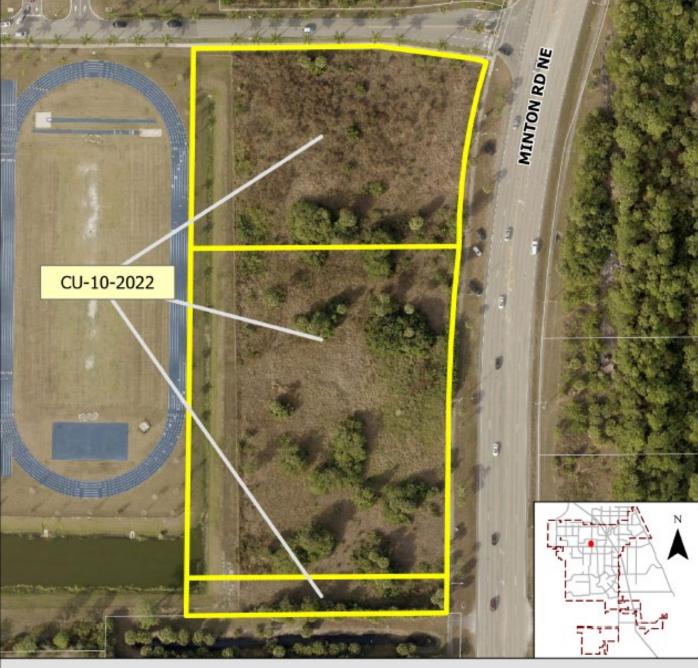

**Item (I):** Development and operation of the proposed use will be in full compliance with any additional conditions and safeguards which the City Council may prescribe, including, but not limited to, a reasonable time limit within which the action for which special approval is requested shall be begun or completed, or both.

The Board and Council have the authority and right to impose any additional and justifiable safeguards, and/or conditions, to ensure that the facility operates safely and harmoniously with its surroundings.

# CITY OF PALM BAY, FLORIDA CONDITIONAL USE APPLICATION PAGE 2 OF 4

**BE ADVISED:** All Conditional Use applications/projects are evaluated based on the following items located in <u>Section 185.087</u> of the Code of Ordinances:

- 1. Proposed building and structures.
- 2. Proposed parking areas, vehicular and pedestrian circulation;
- 3. Proposed driveways and roadways near the site;
- 4. Conceptual stormwater management system; and
- 5. The provisions for potable water, sewer, and fire protection.

# A SITE SKETCH TO SCALE MUST BE PROVIDED OF THE FOLLOWING:

- (A) Adequate ingress and egress may be obtained to and from the property, with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or other emergency.
- (B) Adequate off-street parking and loading areas may be provided, without creating undue noise, glare, odor, or other detrimental effects upon adjoining properties.
- (C) Adequate and properly located utilities that are available or may be reasonably provided to serve the proposed development.
- (D) Adequate screening and/or buffering will be provided to protect and provide compatibility with adjoining properties.
- (E) Signs, if any, and proposed exterior lighting will be so designed and arranged so as to promote traffic safety and to eliminate or minimize any undue glare, incompatibility, or disharmony with adjoining properties.
- (F) Yards and open spaces will be adequate to properly serve the proposed development and to ensure compatibility with adjoining properties.
- (G) The proposed use will not constitute a nuisance or hazard because of the number of persons who will attend or use the facility, or because of vehicular movement, noise, fume generation, or type of physical activity.
- (H) Development and operation of the proposed use will be in full compliance with any additional conditions and safeguards which the City Council may prescribe, including, but not limited to, reasonable time limit within which the action for which special approval is requested shall be begun or completed, or both.

Subject: self storage on Minton

Good evening,

I am a property owner near the proposed site of another self storage facility in Palm Bay. While I understand developers and politicians already have their decision made and asking the surrounding property owners is a formality, I will take this opportunity to voice my opinion, as limited as it is. I do not support this proposed development. Another storage unit facility continues the industrialization of the community. Palm Bay has such potential to be a family oriented community and to flatten another area, pour it full of concrete, build a storage facility, and call it business does what to IMPROVE the quality of living of the citizens?

A very concerned person, Deborah Ward

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 7 of 17

Mr. Barry Sherman with S3 Partners (representative for the applicant) stated that Legacy Development was the developer for the proposed single-story self-storage facility. The temperature-controlled, fully secured storage facility would be under class A management, and all screening, setbacks, and architectural standards would be met or exceeded. There would be no outside storage or noise and low lighting. The project would proceed to the site plan review stage of development.

Mr. Boerema asked if the applicant was in agreement with the code requirements indicated in the staff report. Mr. Sherman confirmed that the applicant agreed with the staff requirements and planned to work with staff during the site plan review process to determine whether a landscape buffer could meet the opaque screening requirement on the west side of the property facing the charter school.

Mr. Olszewski indicated a concern regarding stormwater retention based on the amount of concrete and impervious surfaces typically located at storage facilities. Mr. Sherman said that a local engineering group would work with City engineering staff, and the preliminary layout for the development had taken into consideration the runoff volume, rainfall events, and erosion control. There would also be a process in place to handle trash and debris. Mr. Olszewski encouraged the use of the City's Sustainability Action Plan.

Mr. Weinberg wanted to be sure that the subject site would have a driveway separate from Pineapple Cove Academy. Mr. Sherman confirmed that this was correct. The project would have its own driveway off Minton Road NW.

Mr. Weinberg noted that all developments required stormwater management systems to meet local codes and St. Johns River Water Management District regulations.

Mr. Warner inquired if there were other plans for the site if the conditional use was not granted. Mr. Sherman stated that the developer only dealt with storage facilities.

The floor was opened and closed for public comments; there were no comments from the audience, and there was one correspondence of opposition in the file.

Ms. Bernard presented the staff report for Case CP-10-2022. Staff recommended Case CP-10-2022 for approval.

Mr. Scott Wotherspoon with Hiawatha Bay, LLC (representative for the applicant) stated how the proposed multiple-family residential designation fit better with the surrounding single-family residential neighborhood than the current commercial land use. He commented on the possibility of a shared driveway onto Dixie Highway NE with the multiple-family property to the north to reduce traffic issues. Drainage would

# BACKGROUND:

The subject property is located west of and adjacent to Minton Road NE. Specifically Tax Parcels 752, 753, and 755, Section 36, Township 28, Range 36, Brevard County, Florida. Specifically, off Minton Road NE. The subject property is currently vacant land that abuts Pineapple Cove Charter School to the west and vacant land on the East, South and North. This request includes approximately 6.09 acres of land.

## ANALYSIS:

The proposed request is to develop 6.09 acres of land as a self-storage facility, master stormwater retention. The proposed self-storage facility will consist of 10 buildings (1 – one story building 40,400 square feet of climate controlled space and 9 – one story buildings with an average square footage 5,800) and associated parking.

### CODE REQUIREMENTS:

To be granted conditional use approval, requests are evaluated upon items (A) through (I) of the General Requirements and Conditions of Section 185.087 of the Code of Ordinances. A review of these items is as follows:

**Item (A):** Adequate ingress and egress may be obtained to and from the property, with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or other emergencies.

According to the conceptual site plan, the site will be accessed from the proposed eastern driveway located along the Minton Road NW.

**Item (B):** Adequate off-street parking and loading areas may be provided, without creating undue noise, glare, odor, or other detrimental effects upon adjoining properties.

The City's Land Development Code states that self-storage facilities have the following parking requirements. (30) Self-storage facilities:

(a) Internally-accessed self-storage facilities (indoor, climate-controlled):

1. One (1) space for each 25 units, plus three (3) spaces for the facility's lease office.

(b) Externally-accessed facilities (drive-up storage units):

1. At least three (3) parking spaces shall be provided adjacent to the facility's lease office. Interior traffic lanes between storage buildings shall be a minimum of thirty-five (35) feet wide for two-way traffic and a minimum of twenty-five (25) feet for one-way

traffic, in order to accommodate loading and unloading, as well as through and/or emergency traffic.

This proposed self-storage facility will meet the parking requirements.

**Item (C):** Adequate and properly located utilities are available or may be reasonably provided to serve the proposed development.

The Utilities Department has reviewed this request and has no objections to the proposed selfstorage facility. Any additional upgrades will be required to be designed, permitted, installed, and inspected at the developer's cost.

**Item (D):** Adequate screening and/or buffering will be provided to protect and provide compatibility with adjoining properties.

The parcel of land for which this development is proposed is currently vacant land. The site abuts vacant land to the north, Minton Road to the east, Pineapple Cove Academy to the west, and a retention pond to the south. Staff recommends a 6-foot opaque wall or fence be placed along the west property lines.

**Item (E):** Signs, if any, and proposed exterior lighting will be so designed and arranged to promote traffic safety and to eliminate or minimize any undue glare, incompatibility, or disharmony with adjoining properties.

A detached sign is not shown on the drawing, however if a detached sign is proposed it must meet the minimum setback requirements. A lighting plan was not provided. It shall be noted that City codes require any lighting to be shielded and/or directed downward to avoid creating a nuisance to adjacent properties. During the administrative site plan review a lighting and photometric plan will be required.

**Item (F):** Yards and open spaces will be adequate to properly serve the proposed development and to ensure compatibility with adjoining properties.

The yards and open space requirements of the Zoning Code have been met.

**Item (G):** The proposed use will not constitute a nuisance or hazard because of the number of persons who will attend or use the facility, or because of vehicular movement, noise, fume generation, or type of physical activity.

The project has been designed with sufficient drive aisles and ample on-site maneuverability. Moreover, the looped stacking on the site and internal driveway connections will provide for the safe off-street movement of vehicles. **Item (H):** The use as proposed for development will be compatible with the existing or permitted uses of adjacent properties.

The proposed use is permitted (via conditional use). The site is bordered by Pineapple Cove School to the west, east by Minton Road, to the north and south is vacant land.

**Item (I):** Development and operation of the proposed use will be in full compliance with any additional conditions and safeguards which the City Council may prescribe, including, but not limited to, a reasonable time limit within which the action for which special approval is requested shall be begun or completed, or both.

The Board and Council have the authority and right to impose any additional and justifiable safeguards, and/or conditions, to ensure that the facility operates safely and harmoniously with its surroundings.

RE:

Ordinance 2022-41, amending the City's Comprehensive Plan Future Land Use Map to change the designated use of property located west of and adjacent to Dixie Highway, in the vicinity south of Vignoles Avenue, from Commercial Use and Multiple-Family Residential Use to Bayfront Mixed Use (12.4 acres) (Case CP-6-2022, Robert Kittleson, Kit Investment of Florida / Carlos Gonzalez, Riverview Holdings Group, LLC / Eric Henry, Engineer Realty, LLC / Patrick and Kathleen Svoboda), only one reading required. (CONTINUED FROM 03/03/22 RCM)

Kit Investment of Florida; Riverview Holdings Group, LLC; Engineer Realty, LLC; Mr. Patrick Svoboda and Ms. Kathleen Svoboda (Chad Riddle, WGI, Inc., Rep.) have submitted for a small-scale future land use map amendment from Commercial and Multi-Family to Bayfront Mixed Use. The five undeveloped parcels are located west of and adjacent to Dixie Highway NE within the Bayfront Redevelopment District.

The proposed land use change will allow for a high-quality, multiple-family residential development with some commercial uses. The property is not within the Coastal Management Area, or any of the Florida scrub-jay polygons identified in the City's Habitat Conservation Plan (HCP), and no other protected species are known to inhabit the site. The owner/developer will be responsible for extending water and sewer service to the site in accordance with current City regulations. A drainage plan and any stormwater management system will be reviewed and approved by the City and the appropriate agencies during the site plan review process.

### BACKGROUND:

The subject properties are located west of and adjacent to Dixie Highway NE, in the vicinity south of Port Malabar Blvd NE. There are 5 parcels that are included in this request.

### ANALYSIS:

Per Chapter 183: Comprehensive Plan Regulations, Section 183.01(B), the purpose and intent of the Comprehensive Plan is to encourage the most appropriate use of land and resources to promote the health, safety, and welfare of the community.

### 1. FUTURE LAND USE ELEMENT

The Comprehensive Plan (Plan) FLU Element Goal FLU-1 is to ensure a high-quality, diversified living environment through the efficient distribution of compatible land uses.

The Comprehensive Plan (Plan) FLU Element Goal FLU-2 is to provide for and maintain viable neighborhoods and residential development to meet the existing and future needs of the residents of Palm Bay.

The Comprehensive Plan (Plan) FLU Element Goal FLU-3 is to provide for economically viable commercial areas which promote a sound and diversified local economy and serve the retail and service needs of the City's residents.

The Comprehensive Plan (Plan) FLU Element Goal FLU-8 is to provide for a diverse and selfsustaining pattern of land uses that support the present and future population of the City of Palm Bay.

The subject parcels are located within the Bayfront Redevelopment District. The goal of the district is to create a pedestrian-friendly waterfront community with improved narrow streets, pathways leading to public spaces, attractive views, and a waterfront theme. The goal of the Bayfront Redevelopment Plan is to have the district be developed as an attractive, inviting, and economically successful mixed-use environment that promotes a positive image and identity for the community. The intended use for the 12.40-acre properties is a Multi-Family Residential development. Some commercial will be required with the proposed new development. The proposed land use amendment would be considered compatible. The change will allow for a high-quality, diversified living environment.

### 2. CONSERVATION ELEMENT

The environmental character of the City is maintained through conservation, appropriate use, and protection of natural resources.

The subject property is not located within any of the Florida scrub-jay polygons identified in the City's Habitat Conservation Plan (HCP). No other protected species are known to inhabit the subject property. Any protected species that would be found on the subject property would need to be mitigated as required by State and Federal regulations and per Comprehensive Plan Policy CON-1.7B.

**Coastal Management:** The subject property is not located within the Coastal Management Area.

### 3. HOUSING ELEMENT

The proposed FLU amendment does not adversely impact the supply and variety of safe, decent, attractive, and affordable housing within the City. Instead, it will serve to create additional housing opportunities needed in Palm Bay.

### 4. INFRASTRUCTURE ELEMENTS

The City evaluates present and future water, sewer, drainage, and solid waste and assesses the ability of infrastructure to support development.

**Utilities:** The FLU change will not cause the level of service to fall below the standards adopted in the Comprehensive Plan for these services for the current planning period. Public water and sewerage facilities are available at the site. If developed, the owner/developer will be responsible for extending service to the site in accordance with current City regulations.

**Drainage:** If developed, a drainage plan must be prepared in accordance with current regulations and approved by the City, along with appropriate outside agencies, including the St. Johns River Water Management District. Any proposed stormwater management system will be reviewed and approved by the City during the site plan review process.

**Solid Waste:** Solid Waste collection is propvided to the area by Republic Services, Inc. Sufficient capacity exists within the Brevard County Landfils to service the property.

### 5. INTERGOVERNMENTAL COORDINATION ELEMENT

**Public Schools:** The proposed FLU amendment to Bayfront Mixed Use will add housing units. Some impacts to the public-school system area are anticipated; however, considering the adjacent concurrency service areas, there is sufficient capacity.

### 6. RECREATION AND OPEN SPACE ELEMENT

The Recreation and Open Space Element addresses the current and future recreational needs of the City. Multi-family residential use does have more of a demand upon the Parks & Recreational Level of Service (LOS) standards than Single Family Residential Use. However,

this element sets a LOS standard of 2 acres per 1,000 residents. The City maintains public ownership of park-designated lands that far exceed this requirement. Therefore, the density increase would have a De minimus effect on the recreation LOS.

### 7. TRANSPORTATION ELEMENT

The objectives of the Comprehensive Plan's Transportation Element are to provide a safe, balanced, efficient transportation system that maintains the roadway level of service and adequately serves the needs of the community. The land use change will not adversely affect the roadway level of service.

### 8. PROPERTY RIGHTS ELEMENT

The goal of the Comprehensive Plan's Property Rights Element is for the City to respect judicially acknowledged and constitutionally protected private property rights.

This proposed land-use change does not appear to infringe upon the property rights of the applicant.

### PALM BAY NUMBER 3 JUSTIFICATION STATEMENT **COMPREHENSIVE PLAN AMENDMENT / REZONING**

Initial Submittal: November 24, 2021

### 1. REQUEST

On behalf of the Applicant (Prospect Real Estate Group, LLC.), WGI is requesting approval of the following for the subject site:

- 1) Comprehensive Plan Amendment to modify the existing Future Land Use (FLU) designations from Commercial (COM) and Multifamily Residential (MFR) to Bayfront Mixed Use (BMU); and
- 2) Rezoning to modify the existing Zoning designations from Highway Commercial (HC) and Single, Two, and Multi-family Residential (RM-10) to Bayfront Mixed Use (BMU).

### 2. SITE CHARACTERISTICS

The 12.4-acre subject site is located approximately 600 feet north of the intersection between Gran Avenue Northeast and U.S. Highway 1, on the east side of U.S. Highway 1 in the City of Palm Bay. It is comprised of five parcels, which are detailed below:

| Parcel<br>Number | Parcel ID Number | Account Number | Parcel Owner                  |
|------------------|------------------|----------------|-------------------------------|
| 1                | 28-38-30-00-503  | 2850760        | Kit Investment of Florida LLC |
| 2                | 28-38-30-00-505  | 2850762        | Kit Investment of Florida LLC |
| 3                | 28-38-30-00-507  | 2850764        | Riverview Holdings Group, LLC |
| 4                | 28-38-30-00-544  | 2862284        | Engineer Realty LLC           |

All five parcels do not have a physical address. The subject site has FLU designation of Commercial and Multifamily Residential and a Zoning designation of Highway Commercial (HC) and Single, Two, and Multi-Family Residential (RM-10). Per the City of Palm Bay's Bayfront Community Redevelopment District 2024 Plan, the subject site is located within the South Cove subdistrict of Bayfront Redevelopment District. The subject site is currently unimproved and vacant. An aerial of the subject site and surrounding areas is provided below:

#### 3. DEVELOPMENT HISTORY

The subject site is currently vacant and is predominantly covered in vegetation. Based on historical aerials, the subject site has remined been vacant for the last 40 years. Per the City of Palm Bay's GIS Building Permit Map, there are no building permits on file for the subject site.

### 4. SURROUNDING PROPERTIES

The subject site is located in an area with a mix of uses with residential and commercial development to the north and east, and residential uses to the south and west. The following is a summary of the uses surrounding the subject property:

|       | FLU Designation                    | Zoning District                  | Existing Use                       |

| East  | Commercial (COM)                   | HC                               | Restaurant                         |
| East  | Multi-Family Residential<br>(MFR)  | Multifamily Residential (RM-20)  | Condominiums (Venetian<br>Bay)     |
| West  | Single Family<br>Residential (SFR) | Single Family Residential (RS-2) | Single Family Residential          |

### 5. DEVELOPMENT PROGRAM

The request is to modify the Future Land Use atlas designation of the 12.4-acre subject site from Commercial and Multifamily Residential to Bay Mixed Use to develop a five-story mixed-use development, including a total of 290 apartment units, equating to a gross density of 23.39 dwelling units per acre, and commercial retail on the first floor. The proposed project would be accessed via U.S. Highway 1.

### 6. JUSTIFICATION

The proposed project is uniquely situated to implement a variety of the City's goals, objectives and policies contained in the City's Comprehensive Plan, see Section 7 below for more details. The subject site represents a pocket of undeveloped land within the City of Palm Bay that is surrounded by existing development. The City of Palm Bay's Bayfront Community Redevelopment District 2024 Plan encourages the development of neighborhood serving retail uses and higher density residential uses along the U.S. Highway 1 corridor. The subject site must relate both to the existing single-family neighborhood in the to the north and west of the subject site and it must provide a transition from the commercial and high-density residential uses along U.S. Highway 1. The proposed project, including multifamily apartments on top of commercial retail, would allow the subject site to meet the goals of the Bayfront Redevelopment District Plan.

The subject site currently retains a FLU designation of Commercial for three parcels and Multifamily Residential for two parcels. The four parcels along U.S. Highway 1 retain a HC Zoning designation and the parcel along the FEC Railroad retains a Zoning designation of RM-10. The existing FLU and Zoning designations would limit the mixture of residential and commercial uses together, while constraining the configuration of higher density residential and commercial uses on the subject site. In addition, the development of the subject site under the existing FLU and Zoning designations would lead to an inconsistent development plan that would be split between commercial and multifamily residential standards. To develop a mixed-use development on the subject site, that meets the City's Bayfront

Redevelopment Plan, the Applicant is requesting a FLU and Zoning map amendment to modify the existing FLU and Zoning designations to the FLU and Zoning designation of BMU. The BMU FLU and Zoning designation would provide one land use and zoning category for the entire subject site, thus promoting consistency in development standards for the overall mixed-use project.

The proposed mixed-use project provides landscaped buffers along all property lines and setbacks that meet the land development regulations for the BMU district, thus limiting any impacts on the existing residential uses to the north and south. The FEC Railroad abuts the western boundary of the subject site, therefore an additional landscaped buffer is proposed between the proposed project and the single-family neighborhood to the west. Access into the subject site will tie into existing curb cuts along U.S. Highway 1, which will limit impacts onto the U.S. Highway 1 corridor.

The U.S. Highway 1 corridor is an arterial roadway that runs along the spine of the Bayfront Redevelopment District. Arterial roadways usually accompany higher intensity land uses, such as high-density residential and neighborhood serving retail uses. Under the BMU designation, the proposed mixed-use projectwill further support the intent of developing commercial and multifamily uses on the subject site, while enhancing the existing development pattern along the U.S. Highway 1 corridor. Below is an aerial image with the FLU designations of the surrounding area.

The proposed project is compatible with the surrounding uses and provides a suitable transition from the commercial and high-density residential uses to the east of U.S. Highway 1 to the single-family neighborhoods to the north and west. The proposed project will provide a multifamily use that is consistent in scale and intensity with the existing multifamily apartments to the south and the townhomes to the north, therefore creating a consistent development pattern along U.S. Highway 1. The proposed project also promotes infill development which discourages urban sprawl – a specific goal of the Comprehensive Plan (Goal 12 of the Land Use Element).

The need for housing units and a variety of housing types and options continues to escalate. According to the City of Palm Bay's GIS Division, single-family residential districts total 25,788 acres, or 46% of the City's land mass, while multifamily residential districts cover only 1,223 acres, or 2% of the City of Palm Bay. The proposed mixed-use development will bring a new multifamily product type to the City of Palm Bay, while also providing neighborhood serving retail uses for the surrounding South Cove sub-area.

### 7. COMPREHENSIVE PLAN AMENDMENT - CONSISTENCY WITH THE PLAN

### Compliance with Florida Statutes Chapter 163.3177

Florida Statutes, Chapter 163.3177 is the principle state statute governing comprehensive plans and plan amendments for all Counties within the State of Florida. In 2011, Chapter 163, F.S. was substantially revised and Rule 9J-5 was repealed and removed from the Florida Administrative Code (House Bill 7207). At present, § 163.3177(1)(f) states, "all mandatory and optional elements of the comprehensive plan and plan amendments shall be based upon relevant and appropriate data and an analysis by the local government, that may include but not be limited to, surveys, studies, community goals and vision, and other data available on that particular subject at the time of adoption of the plan or plan amendment at issue."

The data and analysis presented in this application and justification statement support the request for an amendment of the FLUA and demonstrate consistency with Florida Statutes.

### (a) Consistency with the City of Palm Bay Comprehensive Plan.

The Future Land Use Element designates future land use patterns to meet the goals, objectives and policies of the City of Palm Bay Comprehensive Plan.

# Goal FLU-1 "Ensure a high quality, diversified living environment through the efficient distribution of compatible land uses"

Applicant Response: The subject site is located northwest of the intersection between U.S. Highway 1 and Gran Avenue, along the west side of the U.S. Highway 1 corridor. The U.S. Highway 1 corridor south of Turkey Creek includes a mix of high density residential and commercial uses. Arterial roadways usually accompany higher intensity land uses, such as high-density residential and neighborhood serving retail uses. North of the subject site along U.S. Highway 1 is the Indian River Villas project, which allowed for the amendment to the BMU FLU and Zoning designation under Case Number CP-13-2019. The proposed mixed-use project, under the BMU designation, will further support the intent of developing commercial and multifamily uses on the subject site, while enhancing the existing development pattern along the U.S. Highway 1 corridor.

The Bayfront Mixed Use FLU designation allows for a maximum residential density of 40 dwelling units per acre, which would permit a maximum of 496 dwelling units for the subject site. The Applicant is only proposing 290 dwelling units for the mixed-use development, thus equating to a density of 23.39 dwelling units per acre, which is 41 percent less than the maximum density allowed. Typical uses allowed include single family homes, duplexes, multiple family units, recreational uses, and institutional uses. Development standards shall follow the applicable policies within the Comprehensive Plan and the standards within the BMU, Bayfront Mixed Use District zoning category. The subject site is located within the Bayfront Redevelopment District, which allows the modification to the FLU designation of BMU.

# Goal FLU-2 "Provide for and maintain viable neighborhoods and residential development to meet existing and future needs of the residents of Palm Bay"

Applicant Response: The project promotes infill development which discourages urban sprawl and provides a new multifamily housing option for the residents of Palm Bay. The introduction of new neighborhood serving retail will provide needed local retail options.

# Goal FLU-8 "Provide a diverse and self-sustaining pattern of land uses which support the present and future population of the City of Palm Bay"

Applicant Response: The need for new housing units and a variety of housing types and options continues to escalate. According to the City of Palm Bay's GIS Division, single-family residential districts total 25,788 acres, or 46% of the City's land mass, while multifamily residential districts cover only 1,223 acres, or 2% of the City of Palm Bay. The proposed mixed-use development will

bring a new multifamily product type to the City of Palm Bay, while also providing neighborhood retail serving uses for the surrounding South Cove sub-area.

Policy FLU-2.2B "High Density residential development shall be located in conformance with the Future Land Use Map, with direct access to arterial and collector roadways, and with access to employment centers, recreation, and commercial facilities and shall be served by centralized water and sewer facilities."

Applicant Response: The subject site is located approximately 600 feet northwest of the intersection between Gran Avenue and U.S. Highway 1. Per the City of Palm Bay's GIS Division, centralized water and sewer service is provided by the City and is available to the subject site. However, access to employment centers and commercial facilities is limited to "strip commercial" developments that exist along the U.S. Highway 1 corridor. Therefore, a mixed-use development with multifamily apartments and neighborhood serving commercial uses will support employment opportunities and reduce traffic by capturing vehicular trips internally between residential and commercial land uses.

#### (b) Consistency with the Bayfront Community Redevelopment District 2024 Plan

4.3.2. South Cove – Goal – "The US 1 corridor south of Bayfront Village has a unique opportunity to become a beautiful and multi-functional riverfront boulevard lined with riverside pedestrian/bicycle facilities featuring a food market supported neighborhood-servicing retail center and higher intensity residential uses. In working with residential developers and jointly with property assembly, the corridor contains some of the most marketable residential real estate in the BCRD as evidenced by the newer housing developments near the Town of Malabar City limits."

Applicant Response: The City of Palm Bay's Bayfront Community Redevelopment District 2024 Plan encourages the development of neighborhood serving retail uses and higher density residential uses along the U.S. Highway 1 corridor. The subject site must relate both to the existing single-family neighborhood to the north and west of the subject site and it must provide a transition from the commercial and high-density residential uses along U.S. Highway 1. The proposed project, including multifamily apartments on top of commercial retail, would allow the subject site to meet the goals of the Bayfront Redevelopment District Plan.

# 4.3.2. South Cove – Objective – "Encourage the redevelopment and revitalization of the mobile home and residential properties north of Gran's Avenue to higher intensity residential or park use."

Applicant Response: The subject site is located approximately 600 feet northwest of the intersection between Gran Avenue and U.S. Highway 1. The request to modify the subject site's FLU and Zoning designation to BMU will further develop higher density residential uses mixed with neighborhood serving retail uses.

#### 8. REZONING AMENDMENT CRITERIA

Per Section 185.201(C) of the City's Land Development Code, the Applicant demonstrates below how the request to modify the FLU destination to Bayfront Mixed Use meets the four (4) criteria for the evaluation of Comprehensive Plan Amendments:

#### 1. The need and justification for the change;

Applicant Response: The subject site currently retains a FLU designation of Commercial for three parcels and Multifamily Residential for two parcels. The four parcels along U.S. Highway 1 retain a HC Zoning designation and the parcel along the FEC Railroad retains a Zoning designation of RM-10. The existing Zoning designations would limit the mixture of residential and commercial uses together, while constraining the configuration of higher density residential and commercial uses on

the subject site. In addition, the development of the subject site under the existing FLU and Zoning designations would lead to an inconsistent development plan that would be split between commercial and multifamily residential standards. To develop a mixed-use development on the subject site that meets the City's Bayfront Redevelopment Plan, Applicant is requesting a FLU and Zoning map amendment to modify the existing Zoning designations to the FLU and Zoning designation of BMU. The BMU FLU and Zoning designation would provide one land use and zoning category for the entire subject site, thus promoting consistency in development standards for the proposed mixed-use project.

## 2. The effect of the change, if any, on the particular property and on the surrounding properties;

Applicant Response: The proposed mixed-use project provides landscaped buffers along all property lines and setbacks that meet the land development regulations for the BMU district, thus limiting any impacts on the residential uses to the north and south. The FEC Railroad abuts the western boundary of the subject site, therefore an additional landscape buffer is proposed between the proposed project and the single-family neighborhood to the west. Access to the subject site will tie into existing curb cuts along U.S. Highway 1, which will limit impacts onto the U.S. Highway 1 corridor.

## 3. The amount of undeveloped land in general area and in the city having the same classification as that requested;

Applicant Response: According to the Bayfront Redevelopment Plan, areas within the South Cove sub-area are to be redeveloped with higher density residential uses. Currently the subject site retains a split in FLU and Zoning designations between commercial and multifamily residential uses. The requested BMU Zoning designation is only allowed with the Bayfront Redevelopment District and, therefore it can be requested for the subject site. In addition, north of the subject site along U.S. Highway 1 is the Indian River Villas project, which allowed for the amendment to the BMU FLU and Zoning designation under Case Number CP-13-2019. Therefore, the BMU Zoning designation exists near the subject site and there is a precedence of BMU districts along the portion of U.S. Highway 1 south of Turkey Creek.

# 4. The relationship of the proposed amendment to the purpose of the city plan for development, with appropriate consideration as to whether the proposed change will further the purposes of this chapter and the plan.

Applicant Response: The purpose of the BMU district is to provide areas within the Bayfront Redevelopment District for an attractive and functional mix of high density residential with low density of commercial land uses that are linked by a network of walkways. The proposed project provides such a functional mix of linked uses.

For all of the aforementioned reasons, on behalf of the Applicant we respectfully request approval of an amendment to the Future Land Use Atlas designation of the subject property from Commercial and Multifamily Residential to Bayfront Mixed-Use; and an amendment to the Zoning map designation from HC and RM-10 to BMU.

## **OLD/UNFINISHED BUSINESS:**

 CP-6-2022 - Palm Bay Number 3 - Robert Kittleson, Kit Investment of Florida / Carlos Gonzalez, Riverview Holdings Group, LLC / Eric Henry, Engineer Realty, LLC / Patrick and Kathleen Svoboda (Chad Riddle, WGI, Inc., Rep.) - A small-scale Comprehensive Plan Future Land Use Map amendment from Commercial Use and Multiple-Family Residential Use to Bayfront Mixed Use. Tract C, Port Malabar Unit 1, Section 25, Township 28, Range 37 along with Tax Parcels 503, 505, 507, and 544 of Section 30, Township 28, Range 38, Brevard County, Florida, containing approximately 12.4 acres. West of and adjacent to Dixie Highway NE, in the vicinity south of Vignoles Avenue NE

Ms. Bernard presented the staff report for Case CP-6-2022. Staff recommended Case CP-6-2022 for approval. The case was a resubmittal to clarify that the desired request was for a BMU designation.

Mr. Weinberg asked staff to explain the difference between the BMU and BMUV districts. Ms. Bernard stated that the districts were similar; however, the applicant desired the commercial and residential allowances within the BMU designation.

Mr. Chad Riddle with WGI, Inc. (representative for the applicant) stated that the request was back before the board to acquire a BMU designation, but the project presented last month was the same.

Mr. Warner asked if the concerns raised at last month's board meeting by Mr. James Ritter had been addressed. Mr. Riddle stated that Mr. Ritter and other community members would be contacted once the proposed land use and zoning designations were in place. He confirmed that the applicant had no plans to access private neighborhood properties that were not included in the proposed development.

The floor was opened and closed for public comments; there were no comments from the audience, and there was no correspondence in the file.

Motion to submit Case CP-6-2022 to City Council for approval.

 CPZ-6-2022 - Palm Bay Number 3 - Robert Kittleson, Kit Investment of Florida / Carlos Gonzalez, Riverview Holdings Group, LLC / Eric Henry, Engineer Realty, LLC / Patrick and Kathleen Svoboda (Chad Riddle, WGI, Inc., Rep.) - A Zoning amendment from an HC, Highway Commercial District and an RM-10, Single-, Two-, Multiple-Family Residential District to a BMU, Bayfront Mixed Use District. Tract C, Port Malabar Unit 1, Section 25, Township 28, Range 37 along with Tax Parcels 503, 505, 507, and 544 of Section 30, Township 28, Range 38, Brevard County, Florida, containing approximately 12.4 acres. West of and adjacent to Dixie Highway NE, in the vicinity south of Vignoles Avenue NE

Ms. Bernard presented the staff report for Case CPZ-6-2022. Staff recommended Case CPZ-6-2022 for approval.

Mr. Chad Riddle with WGI, Inc. (representative for the applicant) stated that the subject case was the companion zoning request to Case CP-6-2022. The project overlay had not changed since last month's presentation to the board.

The floor was opened and closed for public comments; there were no comments from the audience, and there was no correspondence in the file.

Motion to submit Case CPZ-6-2022 to City Council for approval.

Motion by Ms. Maragh, seconded by Mr. Boerema. Motion carried with members voting as follows:

Aye: Jordan, Weinberg, Boothroyd, Maragh, Olszewski, Warner.

RE:

Ordinance 2022-42, rezoning property located west of and adjacent to Dixie Highway, in the vicinity south of Vignoles Avenue, from HC (Highway Commercial District) and RM-10 (Single-, Two-, Multiple-Family Residential District) to BMU (Bayfront Mixed Use District) (12.4 acres) (Case CPZ-6-2022, Robert Kittleson, Kit Investment of Florida / Carlos Gonzalez, Riverview Holdings Group, LLC / Eric Henry, Engineer Realty, LLC / Patrick and Kathleen Svoboda), first reading. (CONTINUED FROM 03/03/22 RCM) (Quasi-Judicial Proceeding)

Kit Investment of Florida, Riverview Holdings Group, LLC, Engineer Realty, LLC, Mr. Patrick Svoboda and Ms. Kathleen Svoboda (Chad Riddle, WGI, Inc., Rep.) have submitted for a rezoning from HC, Highway Commercial and RM-10, Single-, Two- and Multi-Family Residential to a BMU, Bayfront Mixed-Use District. The five undeveloped parcels are located west of and adjacent to Dixie Highway NE within the Bayfront Redevelopment District.

A high-quality, multiple-family residential development with some commercial uses is intended for the subject site. The BMU zoning district is compatible with the surrounding area and consistent with the City's desire and plans for redevelopment in the Bayfront District.

**REQUESTING DEPARTMENT:** Growth Management

**RECOMMENDATION:** Motion to approve Case CPZ-6-2022.

Planning and Zoning Board Recommendation:

Unanimous approval of the request.

## BACKGROUND:

The subject properties are located west of and adjacent to Dixie Highway NE, in the vicinity south of Port Malabar Blvd NE. There are five (5) parcels that are included in this request.

## ANALYSIS:

The following analysis is per Chapter 185: Zoning Code, Section 185.201(C) which states that all proposed amendments shall be submitted to the Planning and Zoning Board, which shall study such proposals in accordance with items 1 through 4 of Section 185.201(C).

**Item 1** - The need and justification for the change.

The applicant states the justification for the change is "to change the zoning district to enable the developer to construct a proposed multi-family development." The Bayfront Mixed Use Zoning District will allow for multifamily uses. The change in zoning will help to revitalize the area.

**Item 2** - When pertaining to the rezoning of land, the effect of the change, if any, on the particular property and on surrounding properties.

The designation of the BMU zoning district for the subject properties is compatible with the surrounding area and is consistent with the City's desire and plan for redevelopment in the Bayfront District.

**Item 3** - When pertaining to the rezoning of land, the amount of undeveloped land in the general area and in the City having the same classification as that requested.

Approximately 50 acres of BMU, Bayfront Mixed Use zoned land is within the City limits.

**Item 4** - The relationship of the proposed amendment to the purpose of the city plan for development, with appropriate consideration as to whether the proposed change will further the purposes of this chapter and the Comprehensive Plan (Plan).

The proposed amendment will further the purposes of Chapter 185, the Comprehensive Plan.

## PALM BAY NUMBER 3 JUSTIFICATION STATEMENT **COMPREHENSIVE PLAN AMENDMENT / REZONING**

Initial Submittal: November 24, 2021

#### 1. REQUEST

On behalf of the Applicant (Prospect Real Estate Group, LLC.), WGI is requesting approval of the following for the subject site:

- 1) Comprehensive Plan Amendment to modify the existing Future Land Use (FLU) designations from Commercial (COM) and Multifamily Residential (MFR) to Bayfront Mixed Use (BMU); and
- 2) Rezoning to modify the existing Zoning designations from Highway Commercial (HC) and Single, Two, and Multi-family Residential (RM-10) to Bayfront Mixed Use (BMU).

#### 2. SITE CHARACTERISTICS

The 12.4-acre subject site is located approximately 600 feet north of the intersection between Gran Avenue Northeast and U.S. Highway 1, on the east side of U.S. Highway 1 in the City of Palm Bay. It is comprised of five parcels, which are detailed below:

| Parcel<br>Number | Parcel ID Number | Account Number | Parcel Owner                  |
|------------------|------------------|----------------|-------------------------------|
| 1                | 28-38-30-00-503  | 2850760        | Kit Investment of Florida LLC |
| 2                | 28-38-30-00-505  | 2850762        | Kit Investment of Florida LLC |
| 3                | 28-38-30-00-507  | 2850764        | Riverview Holdings Group, LLC |
| 4                | 28-38-30-00-544  | 2862284        | Engineer Realty LLC           |

All five parcels do not have a physical address. The subject site has FLU designation of Commercial and Multifamily Residential and a Zoning designation of Highway Commercial (HC) and Single, Two, and Multi-Family Residential (RM-10). Per the City of Palm Bay's Bayfront Community Redevelopment District 2024 Plan, the subject site is located within the South Cove subdistrict of Bayfront Redevelopment District. The subject site is currently unimproved and vacant. An aerial of the subject site and surrounding areas is provided below:

#### 3. DEVELOPMENT HISTORY

The subject site is currently vacant and is predominantly covered in vegetation. Based on historical aerials, the subject site has remined been vacant for the last 40 years. Per the City of Palm Bay's GIS Building Permit Map, there are no building permits on file for the subject site.

#### 4. SURROUNDING PROPERTIES

The subject site is located in an area with a mix of uses with residential and commercial development to the north and east, and residential uses to the south and west. The following is a summary of the uses surrounding the subject property:

|       | FLU Designation                    | Zoning District                  | Existing Use                       |

| West  | Single Family<br>Residential (SFR) | Single Family Residential (RS-2) | Single Family Residential          |

#### 5. DEVELOPMENT PROGRAM

The request is to modify the Future Land Use atlas designation of the 12.4-acre subject site from Commercial and Multifamily Residential to Bay Mixed Use to develop a five-story mixed-use development, including a total of 290 apartment units, equating to a gross density of 23.39 dwelling units per acre, and commercial retail on the first floor. The proposed project would be accessed via U.S. Highway 1.

#### 6. JUSTIFICATION

The proposed project is uniquely situated to implement a variety of the City's goals, objectives and policies contained in the City's Comprehensive Plan, see Section 7 below for more details. The subject site represents a pocket of undeveloped land within the City of Palm Bay that is surrounded by existing development. The City of Palm Bay's Bayfront Community Redevelopment District 2024 Plan encourages the development of neighborhood serving retail uses and higher density residential uses along the U.S. Highway 1 corridor. The subject site must relate both to the existing single-family neighborhood in the to the north and west of the subject site and it must provide a transition from the commercial and high-density residential uses along U.S. Highway 1. The proposed project, including multifamily apartments on top of commercial retail, would allow the subject site to meet the goals of the Bayfront Redevelopment District Plan.

The subject site currently retains a FLU designation of Commercial for three parcels and Multifamily Residential for two parcels. The four parcels along U.S. Highway 1 retain a HC Zoning designation and the parcel along the FEC Railroad retains a Zoning designation of RM-10. The existing FLU and Zoning designations would limit the mixture of residential and commercial uses together, while constraining the configuration of higher density residential and commercial uses on the subject site. In addition, the development of the subject site under the existing FLU and Zoning designations would lead to an inconsistent development plan that would be split between commercial and multifamily residential standards. To develop a mixed-use development on the subject site, that meets the City's Bayfront

Redevelopment Plan, the Applicant is requesting a FLU and Zoning map amendment to modify the existing FLU and Zoning designations to the FLU and Zoning designation of BMU. The BMU FLU and Zoning designation would provide one land use and zoning category for the entire subject site, thus promoting consistency in development standards for the overall mixed-use project.

The proposed mixed-use project provides landscaped buffers along all property lines and setbacks that meet the land development regulations for the BMU district, thus limiting any impacts on the existing residential uses to the north and south. The FEC Railroad abuts the western boundary of the subject site, therefore an additional landscaped buffer is proposed between the proposed project and the single-family neighborhood to the west. Access into the subject site will tie into existing curb cuts along U.S. Highway 1, which will limit impacts onto the U.S. Highway 1 corridor.

The U.S. Highway 1 corridor is an arterial roadway that runs along the spine of the Bayfront Redevelopment District. Arterial roadways usually accompany higher intensity land uses, such as high-density residential and neighborhood serving retail uses. Under the BMU designation, the proposed mixed-use projectwill further support the intent of developing commercial and multifamily uses on the subject site, while enhancing the existing development pattern along the U.S. Highway 1 corridor. Below is an aerial image with the FLU designations of the surrounding area.

The proposed project is compatible with the surrounding uses and provides a suitable transition from the commercial and high-density residential uses to the east of U.S. Highway 1 to the single-family neighborhoods to the north and west. The proposed project will provide a multifamily use that is consistent in scale and intensity with the existing multifamily apartments to the south and the townhomes to the north, therefore creating a consistent development pattern along U.S. Highway 1. The proposed project also promotes infill development which discourages urban sprawl – a specific goal of the Comprehensive Plan (Goal 12 of the Land Use Element).

The need for housing units and a variety of housing types and options continues to escalate. According to the City of Palm Bay's GIS Division, single-family residential districts total 25,788 acres, or 46% of the City's land mass, while multifamily residential districts cover only 1,223 acres, or 2% of the City of Palm Bay. The proposed mixed-use development will bring a new multifamily product type to the City of Palm Bay, while also providing neighborhood serving retail uses for the surrounding South Cove sub-area.

#### 7. COMPREHENSIVE PLAN AMENDMENT - CONSISTENCY WITH THE PLAN

#### Compliance with Florida Statutes Chapter 163.3177

Florida Statutes, Chapter 163.3177 is the principle state statute governing comprehensive plans and plan amendments for all Counties within the State of Florida. In 2011, Chapter 163, F.S. was substantially revised and Rule 9J-5 was repealed and removed from the Florida Administrative Code (House Bill 7207). At present, § 163.3177(1)(f) states, "all mandatory and optional elements of the comprehensive plan and plan amendments shall be based upon relevant and appropriate data and an analysis by the local government, that may include but not be limited to, surveys, studies, community goals and vision, and other data available on that particular subject at the time of adoption of the plan or plan amendment at issue."

The data and analysis presented in this application and justification statement support the request for an amendment of the FLUA and demonstrate consistency with Florida Statutes.

#### (a) Consistency with the City of Palm Bay Comprehensive Plan.

The Future Land Use Element designates future land use patterns to meet the goals, objectives and policies of the City of Palm Bay Comprehensive Plan.

## Goal FLU-1 "Ensure a high quality, diversified living environment through the efficient distribution of compatible land uses"

Applicant Response: The subject site is located northwest of the intersection between U.S. Highway 1 and Gran Avenue, along the west side of the U.S. Highway 1 corridor. The U.S. Highway 1 corridor south of Turkey Creek includes a mix of high density residential and commercial uses. Arterial roadways usually accompany higher intensity land uses, such as high-density residential and neighborhood serving retail uses. North of the subject site along U.S. Highway 1 is the Indian River Villas project, which allowed for the amendment to the BMU FLU and Zoning designation under Case Number CP-13-2019. The proposed mixed-use project, under the BMU designation, will further support the intent of developing commercial and multifamily uses on the subject site, while enhancing the existing development pattern along the U.S. Highway 1 corridor.

The Bayfront Mixed Use FLU designation allows for a maximum residential density of 40 dwelling units per acre, which would permit a maximum of 496 dwelling units for the subject site. The Applicant is only proposing 290 dwelling units for the mixed-use development, thus equating to a density of 23.39 dwelling units per acre, which is 41 percent less than the maximum density allowed. Typical uses allowed include single family homes, duplexes, multiple family units, recreational uses, and institutional uses. Development standards shall follow the applicable policies within the Comprehensive Plan and the standards within the BMU, Bayfront Mixed Use District zoning category. The subject site is located within the Bayfront Redevelopment District, which allows the modification to the FLU designation of BMU.

## Goal FLU-2 "Provide for and maintain viable neighborhoods and residential development to meet existing and future needs of the residents of Palm Bay"

Applicant Response: The project promotes infill development which discourages urban sprawl and provides a new multifamily housing option for the residents of Palm Bay. The introduction of new neighborhood serving retail will provide needed local retail options.

## Goal FLU-8 "Provide a diverse and self-sustaining pattern of land uses which support the present and future population of the City of Palm Bay"

Applicant Response: The need for new housing units and a variety of housing types and options continues to escalate. According to the City of Palm Bay's GIS Division, single-family residential districts total 25,788 acres, or 46% of the City's land mass, while multifamily residential districts cover only 1,223 acres, or 2% of the City of Palm Bay. The proposed mixed-use development will

bring a new multifamily product type to the City of Palm Bay, while also providing neighborhood retail serving uses for the surrounding South Cove sub-area.

Policy FLU-2.2B "High Density residential development shall be located in conformance with the Future Land Use Map, with direct access to arterial and collector roadways, and with access to employment centers, recreation, and commercial facilities and shall be served by centralized water and sewer facilities."

Applicant Response: The subject site is located approximately 600 feet northwest of the intersection between Gran Avenue and U.S. Highway 1. Per the City of Palm Bay's GIS Division, centralized water and sewer service is provided by the City and is available to the subject site. However, access to employment centers and commercial facilities is limited to "strip commercial" developments that exist along the U.S. Highway 1 corridor. Therefore, a mixed-use development with multifamily apartments and neighborhood serving commercial uses will support employment opportunities and reduce traffic by capturing vehicular trips internally between residential and commercial land uses.

#### (b) Consistency with the Bayfront Community Redevelopment District 2024 Plan

4.3.2. South Cove – Goal – "The US 1 corridor south of Bayfront Village has a unique opportunity to become a beautiful and multi-functional riverfront boulevard lined with riverside pedestrian/bicycle facilities featuring a food market supported neighborhood-servicing retail center and higher intensity residential uses. In working with residential developers and jointly with property assembly, the corridor contains some of the most marketable residential real estate in the BCRD as evidenced by the newer housing developments near the Town of Malabar City limits."

Applicant Response: The City of Palm Bay's Bayfront Community Redevelopment District 2024 Plan encourages the development of neighborhood serving retail uses and higher density residential uses along the U.S. Highway 1 corridor. The subject site must relate both to the existing single-family neighborhood to the north and west of the subject site and it must provide a transition from the commercial and high-density residential uses along U.S. Highway 1. The proposed project, including multifamily apartments on top of commercial retail, would allow the subject site to meet the goals of the Bayfront Redevelopment District Plan.

# 4.3.2. South Cove – Objective – "Encourage the redevelopment and revitalization of the mobile home and residential properties north of Gran's Avenue to higher intensity residential or park use."

Applicant Response: The subject site is located approximately 600 feet northwest of the intersection between Gran Avenue and U.S. Highway 1. The request to modify the subject site's FLU and Zoning designation to BMU will further develop higher density residential uses mixed with neighborhood serving retail uses.

#### 8. REZONING AMENDMENT CRITERIA

Per Section 185.201(C) of the City's Land Development Code, the Applicant demonstrates below how the request to modify the FLU destination to Bayfront Mixed Use meets the four (4) criteria for the evaluation of Comprehensive Plan Amendments:

#### 1. The need and justification for the change;

Applicant Response: The subject site currently retains a FLU designation of Commercial for three parcels and Multifamily Residential for two parcels. The four parcels along U.S. Highway 1 retain a HC Zoning designation and the parcel along the FEC Railroad retains a Zoning designation of RM-10. The existing Zoning designations would limit the mixture of residential and commercial uses together, while constraining the configuration of higher density residential and commercial uses on

the subject site. In addition, the development of the subject site under the existing FLU and Zoning designations would lead to an inconsistent development plan that would be split between commercial and multifamily residential standards. To develop a mixed-use development on the subject site that meets the City's Bayfront Redevelopment Plan, Applicant is requesting a FLU and Zoning map amendment to modify the existing Zoning designations to the FLU and Zoning designation of BMU. The BMU FLU and Zoning designation would provide one land use and zoning category for the entire subject site, thus promoting consistency in development standards for the proposed mixed-use project.

## 2. The effect of the change, if any, on the particular property and on the surrounding properties;

Applicant Response: The proposed mixed-use project provides landscaped buffers along all property lines and setbacks that meet the land development regulations for the BMU district, thus limiting any impacts on the residential uses to the north and south. The FEC Railroad abuts the western boundary of the subject site, therefore an additional landscape buffer is proposed between the proposed project and the single-family neighborhood to the west. Access to the subject site will tie into existing curb cuts along U.S. Highway 1, which will limit impacts onto the U.S. Highway 1 corridor.

## 3. The amount of undeveloped land in general area and in the city having the same classification as that requested;

Applicant Response: According to the Bayfront Redevelopment Plan, areas within the South Cove sub-area are to be redeveloped with higher density residential uses. Currently the subject site retains a split in FLU and Zoning designations between commercial and multifamily residential uses. The requested BMU Zoning designation is only allowed with the Bayfront Redevelopment District and, therefore it can be requested for the subject site. In addition, north of the subject site along U.S. Highway 1 is the Indian River Villas project, which allowed for the amendment to the BMU FLU and Zoning designation under Case Number CP-13-2019. Therefore, the BMU Zoning designation exists near the subject site and there is a precedence of BMU districts along the portion of U.S. Highway 1 south of Turkey Creek.

# 4. The relationship of the proposed amendment to the purpose of the city plan for development, with appropriate consideration as to whether the proposed change will further the purposes of this chapter and the plan.

Applicant Response: The purpose of the BMU district is to provide areas within the Bayfront Redevelopment District for an attractive and functional mix of high density residential with low density of commercial land uses that are linked by a network of walkways. The proposed project provides such a functional mix of linked uses.

For all of the aforementioned reasons, on behalf of the Applicant we respectfully request approval of an amendment to the Future Land Use Atlas designation of the subject property from Commercial and Multifamily Residential to Bayfront Mixed-Use; and an amendment to the Zoning map designation from HC and RM-10 to BMU.

RE: Ordinance 2022-43, amending the City's Comprehensive Plan Future Land Use Map to change the designated use of property located adjacent to and between Wabun Street and Dixie Highway, in the vicinity north of Nokomis Avenue, from Commercial Use and Single-Family Residential Use to Multiple-Family Residential Use (1.33 acres) (Case CP-10-2022, Scott Wotherspoon, Hiawatha Bay, LLC), only one reading required.

Mr. Rajeev Saxena (Scott Wotherspoon, Hiawatha Bay, LLC, Rep.) has submitted for a small-scale future land use map amendment from Commercial Use and Single-Family Residential Use to Multi-Family Residential Use. The undeveloped land is located west of and adjacent to Dixie Highway NE, in the vicinity south of Port Malabar Boulevard NE. The site is within the Bayfront Village Special Character District of the Bayfront Redevelopment District.

The proposed land use change will allow for a high-quality, multiple-family residential development. The property is not within the Coastal Management Area, or any of the Florida scrub-jay polygons identified in the City's Habitat Conservation Plan (HCP), and no other protected species are known to inhabit the site. The owner/developer will be responsible for extending water and sewer service to the site in accordance with current City regulations. A drainage plan and any stormwater management system will be reviewed and approved by the City and the appropriate agencies during the site plan review process.

### BACKGROUND:

The subject properties are located west of and adjacent to Dixie Highway NE, in the vicinity south of Port Malabar Blvd NE. There is 1.3 acres that are included in this request.

#### ANALYSIS:

Per Chapter 183: Comprehensive Plan Regulations, Section 183.01(B), the purpose and intent of the Comprehensive Plan is to encourage the most appropriate use of land and resources to promote the health, safety, and welfare of the community.

### 1. FUTURE LAND USE ELEMENT

The Comprehensive Plan (Plan) FLU Element Goal FLU-1 is to ensure a high-quality, diversified living environment through the efficient distribution of compatible land uses.

The Comprehensive Plan (Plan) FLU Element Goal FLU-2 is to provide for and maintain viable neighborhoods and residential development to meet the existing and future needs of the residents of Palm Bay.

The Comprehensive Plan (Plan) FLU Element Goal FLU-3 is to provide for economically viable commercial areas which promote a sound and diversified local economy and serve the retail and service needs of the City's residents

The Comprehensive Plan (Plan) FLU Element Goal FLU-8 is to provide for a diverse and self-sustaining pattern of land uses that support the present and future population of the City of Palm Bay.

The subject parcels are located within the Bayfront Village Special Character District, which is within the Bayfront Redevelopment District. The goal of the Bayfront Village District is to create a pedestrian-friendly waterfront community with improved narrow streets, pathways leading to public spaces, attractive views, and a waterfront theme. The goal of the Bayfront Redevelopment Plan is to have the district be developed as an attractive, inviting, and economically successful mixed-use environment that promotes a positive image and identity for the community. The intended use for the 1.30-acre property is a Multi-Family Residential development. The proposed land use amendment would be considered compatible. The change will allow for a high-quality, diversified living environment.

#### 2. CONSERVATION ELEMENT

The environmental character of the City is maintained through conservation, appropriate use, and protection of natural resources.

The subject property is not located within any of the Florida scrub-jay polygons identified in the City's Habitat Conservation Plan (HCP). No other protected species are known to inhabit the subject property. Any protected species that would be found on the subject property would need to be mitigated as required by State and Federal regulations and per Comprehensive Plan Policy CON-1.7B.

**Coastal Management:** The subject property is not located within the Coastal Management Area.

### 3. HOUSING ELEMENT

The proposed FLU amendment does not adversely impact the supply and variety of safe, decent, attractive, and affordable housing within the City. Instead, it will serve to create additional housing opportunities needed in Palm Bay.

#### 4. INFRASTRUCTURE ELEMENTS

The City evaluates present and future water, sewer, drainage, and solid waste and assesses the ability of infrastructure to support development.

**Utilities:** The FLU change will not cause the level of service to fall below the standards adopted in the Comprehensive Plan for these services for the current planning period. Public water and sewerage facilities are available at the site. If developed, the owner/developer will be responsible for extending service to the site in accordance with current City regulations.

**Drainage:** If developed, a drainage plan must be prepared in accordance with current regulations and approved by the City, along with appropriate outside agencies, including the St. Johns River Water Management District. Any proposed stormwater management system will be reviewed and approved by the City during the site plan review process

**Solid Waste:** Solid Waste collection is propvided to the area by Republic Services, Inc. Sufficient capacity exists within the Brevard County Landfils to service the property.

#### 5. INTERGOVERNMENTAL COORDINATION ELEMENT

**Public Schools:** The proposed FLU amendment to Multi-Family Residential will add housing units. Some impacts to the public-school system area are anticipated; however, considering the adjacent concurrency service areas, there is sufficient capacity.

### 6. RECREATION AND OPEN SPACE ELEMENT

The Recreation and Open Space Element addresses the current and future recreational needs of the City. Multi-family residential use does have more of a demand upon the Parks & Recreational Level of Service (LOS) standards than Single Family Residential Use. However, this element sets a LOS standard of 2 acres per 1,000 residents. The City maintains public ownership of park-designated lands that far exceed this requirement. Therefore, the density increase would have a De minimus effect on the recreation LOS.

#### 7. TRANSPORTATION ELEMENT

The objectives of the Comprehensive Plan's Transportation Element are to provide a safe, balanced, efficient transportation system that maintains the roadway level of service and adequately serves the needs of the community. The land use change will not adversely affect the roadway level of service.

### 8. PROPERTY RIGHTS ELEMENT

The goal of the Comprehensive Plan's Property Rights Element is for the City to respect judicially acknowledged and constitutionally protected private property rights.

This proposed land-use change does not appear to infringe upon the property rights of the applicant.

#### C. Justification for Change/Amendment

The applicant plans to develop a luxury rental apartment community of 20-24 units, taking advantage of the site's easy access and river views. The requested density of 20 units per acre would yield 26 units.

The subject property is ideally situated in an area already surrounded by Residentially zoned properties, make it a perfect candidate for the switch to Multi-family Zoning and Future Land Use (FLU). Multi-family housing is needed in Palm Bay. The City's GIS shows Multi-family residential districts comprise only approximately 2% of the City's area.

The property, along with the neighboring Multi-family property to the North, represent a significant opportunity for the City to beautify and improve the Northerly US 1 entry corridor. The proposed site will provide buffers with landscaping, along with the setbacks and other standard regulations for development within the RM-20 district. Access to the project site will be from US 1 on the East and Wabun Street on the West.

The City's goals, policies, and objectives of the Comprehensive plan, as well as those of the Bayfront Community Redevelopment District would be well served by this change, as outlined below.

#### 1. Zoning Change from HC-Highway Commercial to RM-20 Residential Multi-Family:

The City's code states: All proposed amendments shall be submitted to the Planning and Zoning Board which shall study such proposals to determine:

1. The need and justification for the change.

Applicant Response: The site lies within an area of all residential uses. The existing Highway Commercial zone is not compatible with the surrounding properties.

- When pertaining to the rezoning of land, the effect of the change, if any, on the particular property and on surrounding properties
   Applicant Response: The change would make the property more compatible with surrounding properties by bringing it into a more suitable district.
- 3. When pertaining to the rezoning of land, the amount of undeveloped land in the general area and in the city having the same classification as that requested Applicant Response: The City's GIS shows Multi-family residential districts comprise only approximately 2% of the City's area. Within the immediate area, there are only 2 vacant Multi-family properties. One is the 1.7 acre adjacent property to the North, and the other is the 1.18 acre Steamboat Landing parcel.
- 4. The relationship of the proposed amendment to the purpose of the city plan for development, with appropriate consideration as to whether the proposed change will further the purposes of this chapter and the plan.

Applicant Response: The proposed change will further the purposes of the Palm Bay Land Development code and Comprehensive plan by providing a much needed opportunity for multi-family housing close to the City's center, and within the Bayfront Community Redevelopment District.

#### 2. Land Use/Comprehensive Plan Change from COM & RS-3 to MFR Residential Multi-Family:

The City's code states: The Future Land Use Element designates future land use patterns to meet the goals, objectives and policies of the City's Comprehensive Plan.

- 1. Consistency with the City's Comprehensive Plan
  - a. Goal FLU-1 "Ensure a high quality, diversified living environment through the efficient distribution of compatible land uses."

Applicant Response: The site lies within an area of all residential uses. The existing Highway Commercial zone is not compatible with the surrounding properties. This change would more efficiently distribute the pattern of land uses by bringing it into a residential zone and land use.

b. Goal FLU-2 "Provide for and maintain viable neighborhoods and residential development to meet the existing and future needs of the residents of Palm Bay."

Applicant Response: The City's GIS shows Multi-family residential districts comprise only approximately 2% of the City's area. Within the immediate area, there are only 2 vacant Multi-family properties. This luxury project would help to create and maintain a residential neighborhood that would beautify and add value to nearby properties.

- c. Objective FLU-2.3 "Prevent incompatible land uses from locating in residential areas in order to promote neighborhood stability and prevent deterioration." Applicant Response: The site lies within an area of all residential uses. The existing Highway Commercial zone is not compatible with the surrounding properties. The proposed use would promote neighborhood stability and help prevent deterioration by creating luxury units that would prevent blight, and add greatly to the tax revenues of the city.
- d. Goal FLU-8 "A diverse and self-sustaining pattern of land uses which support the present and future population of the City of Palm Bay." Applicant Response: The City needs Multi-family properties, as evidenced by only 2% of the City's area being zoned Multi-family. Multi-family use also creates and supports a self-sustaining pattern of land uses by more closely aligning the use with the surrounding property and the City's needs.
- 2. Consistency with the City's Bayfront Community District Redevelopment 2024 Plan
  - e. Section 4.3.3 Riverview District "Develop and maintain a northern gateway entrance with improved landscaping and signs."
     Applicant Response: The site will help improve the Northern Gateway Entrance by improving landscaping and pedestrian access

In conclusion, the applicant respectfully requests approval of a Zoning Change from HC to RM-20, and a Future Land Use Change from RS-3 and COM to MFR. We feel that it is in the best interests of the City, and meets the goals, objectives and policies of the Code and the Comprehensive Plan.

# PLANNING AND ZONING BOARD/ LOCAL PLANNING AGENCY REGULAR MEETING 2022-03

Held on Wednesday, March 2, 2022, in the City Hall Council Chambers, 120 Malabar Road SE, Palm Bay, Florida.

This meeting was properly noticed pursuant to law; the minutes are on file in the Land Development Division, Palm Bay, Florida. The minutes are not a verbatim transcript but a brief summary of the discussions and actions taken at this meeting.

Ms. Leeta Jordan called the meeting to order at approximately 7:00 p.m.

Mr. Donald Boerema led the Pledge of Allegiance to the Flag.

ROLL CALL:

Tax Parcel 257 along with Lot 1 of Block 2177, Port Malabar Unit 29, Section 33, Township 28, Range 37, Brevard County, Florida, containing approximately 20.36 acres. Located north of and adjacent to Cricket Drive NE, in the vicinity between Nolan Street NE and Nogales Avenue NE, specifically at 825 Cricket Drive NE

Case PD-11-2022 was discussed under Announcements, Item 1.

5. CP-10-2022 - Hiawatha Bay – Rajeev Saxena (Scott Wotherspoon, Hiawatha Bay, LLC, Rep.) - A small-scale Comprehensive Plan Future Land Use Map amendment from Commercial Use and Single-Family Residential Use to Multiple-Family Residential Use. Lots 3 through 6 and 9 through 12, Block C, Hiawatha Gardens, Section 13, Township 28, Range 37, Brevard County, Florida, containing approximately 1.33 acres. Located adjacent to and between Wabun Street NE and Dixie Highway NE, in the vicinity north of Nokomis Avenue NE

Ms. Bernard presented the staff report for Case CP-10-2022. Staff recommended Case CP-10-2022 for approval.

Mr. Scott Wotherspoon with Hiawatha Bay, LLC (representative for the applicant) stated how the proposed multiple-family residential designation fit better with the surrounding single-family residential neighborhood than the current commercial land use. He commented on the possibility of a shared driveway onto Dixie Highway NE with the multiple-family property to the north to reduce traffic issues. Drainage would

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 9 of 17

> meet City and state requirements, and based on preliminary soil studies, there would be no percolation issues.

> Ms. Maragh inquired about the development planned for the site. Mr. Boerema wanted to know the number of floors proposed. Mr. Wotherspoon stated that highend rental units were planned for the site to take advantage of the view of the river. Building height and the number of floors had not yet been determined.

> Mr. Warner questioned why the land use request was not for a BMU, Bayfront Mixed Use or BMUV, Bayfront Mixed Use Village designation. Mr. Wortherspoon stated that the residential project was not a mixed use.

The floor was opened for public comments.

Ms. Susan B. Connolly (resident of Castaway Cove Condominiums) spoke against the request. She stated that a one-acre property was too small for 26 potential units. The site was one of the few remaining properties on the riverfront that the public could access. The existing commercial and single-family land use made the land a unique, tiny property where the public could still view the river and enjoy nature. Commercial businesses that supported recreational use should be encouraged for the site.

Mr. Victor Farvet (resident of Castaway Cove Condominiums) stated that the exact number of units planned for the project should be known. He believed that developments in the area should provide improvements like bicycle paths and sidewalks. He said that additional residents would increase traffic problems with speeders and accidents.

Mr. Jerry Nesseler (resident of Castaway Cove Condominiums) commented on a multiple-family project planned nearby on Robert J. Conlan Boulevard NE. He was concerned about the density of the subject proposal, and the speeding traffic with no sidewalks. He inquired about the developer's building track record.

Mr. Bill Battin (resident at Ocean Spray Street SW) remarked on how calculating the parks and recreational levels of service based on the regional-sized park in the City prevented the construction of any new local neighborhood parks.

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 10 of 17

In response to the comments from the audience, Mr. Wotherspoon stated that he along with investors would be developing the site, and that they had built similar multiple-family products together for years in the Martin County area. The subject development would consist of luxury rental apartments across the street from the river, and there was a park site within a block of the property. Possible sidewalks and traffic improvements would be addressed during the Florida Department of Transportation permitting process. Sidewalks could potentially be installed along the front and rear of the site. He explained that a site plan with the number of units would be prepared once the land use and rezoning amendments were assured. He stated that the project would generate substantial impact fees to fund parks and other infrastructure.

Ms. Maragh asked about the applicant's contact with the neighbors. Mr. Wotherspoon submitted seven letters from area property owners in support of the request. He had contacted the neighboring property owners individually.

The floor was closed for public comments.

Motion to submit Case CP-10-2022 to City Council for approval.

Motion by Mr. Weinberg, seconded by Mr. Boerema.

Mr. Warner stated that he was opposed to removing commercial land from U.S. Highway 1 in the Bayfront area and to the number of units being proposed for the 1.33-acre site. The proposed change seemed to be an incompatible land use for the area.

Ms. Maragh explained to the audience that developments approved by the board still underwent a rigorous administrative approval process that ensured the projects made sense for Palm Bay. The proposed project would offer a diversity in housing options in the City, and the land was not directly on the river.

Mr. Weinberg stated that luxury apartments were preferable to another deteriorating strip center with future vacancies, and that a residential or mixed-use development near the riverfront would be more advantageous.

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 11 of 17

A vote was called on the motion to submit Case CP-10-2022 to City Council for approval.

Motion by Mr. Weinberg, seconded by Mr. Boerema. Motion carried with members voting as follows:

Aye: Jordan, Weinberg, Boothroyd, Maragh, Olszewski.

Nay: Warner.

 \*\*CPZ-10-2022 - Hiawatha Bay – Rajeev Saxena (Scott Wotherspoon, Hiawatha Bay, LLC, Rep.) - A Zoning amendment from an HC, Highway Commercial District to an RM-20, Multiple-Family Residential District. Lots 3 through 6 and 9 through 12, Block C, Hiawatha Gardens, Section 13, Township 28, Range 37, Brevard County, Florida, containing approximately 1.33 acres. Located adjacent to and between Wabun Street NE and Dixie Highway NE, in the vicinity north of Nokomis Avenue NE

Ms. Bernard presented the staff report for Case CPZ-10-2022. Staff recommended Case CPZ-10-2022 for approval.

Mr. Scott Wotherspoon with Hiawatha Bay, LLC (representative for the applicant) stated how the area neighbors of the subject site were in favor of the proposed zoning change to residential without commercial. A commercial development would cause a greater impact on the traffic.

The floor was opened for public comments.

Ms. Susan B. Connolly (resident of Castaway Cove Condominiums) spoke against the request. She said that the neighborhood currently consisted of trailer parks and criminal activity, and that the neighbors in favor of the request were likely living in poverty. An environmentally friendly commercial project could be located on the site. The property was not on the river, but the river was visible. She felt that 26 units on 1.33 acres did not make sense. Development close to the lagoon should also meet standards regarding drainage runoff and permeable pavement. She wanted more details about the project prior to any approval.

# ORDINANCE 2022-43

AN ORDINANCE OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, AMENDING THE CODE OF ORDINANCES, TITLE XVII, LAND DEVELOPMENT CODE, CHAPTER 183, COMPREHENSIVE PLAN REGULATIONS, SECTION 183.01, COMPREHENSIVE PLAN, SUBSECTION (D), ADOPTION OF FUTURE LAND USE MAP, BY AMENDING THE FUTURE LAND USE MAP; PROVIDING FOR THE REPEAL OF ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; PROVIDING FOR AN EFFECTIVE DATE.

#### RE: Ordinance 2022-44, rezoning property located adjacent to and between Wabun Street and Dixie Highway, in the vicinity north of Nokomis Avenue, from HC (Highway Commercial District) to RM-20 (Multiple-Family Residential District) (1.33 acres) (Case CPZ-10-2022, Scott Wotherspoon, Hiawatha Bay, LLC), first reading. (Quasi-Judicial Proceeding)

Mr. Rajeev Saxena (Scott Wotherspoon, Hiawatha Bay, LLC, Rep.) has submitted for a rezoning from HC, Highway Commercial to RM-20, Multiple-Family Residential. The undeveloped land is located west of and adjacent to Dixie Highway NE, in the vicinity south of Port Malabar Boulevard NE. The site is within the Bayfront Village Special Character District of the Bayfront Redevelopment District.

A multiple-family residential development is intended for the subject site. The RM-20 zoning district is compatible with the surrounding area and consistent with the City's desire and plans for redevelopment in the Bayfront Redevelopment District.

#### BACKGROUND:

The subject properties are located west of and adjacent to Dixie Highway NE, in the vicinity south of Port Malabar Blvd NE. There is 1.3 acres that are included in this request.

#### ANALYSIS:

The following analysis is per Chapter 185: Zoning Code, Section 185.201(C) which states that all proposed amendments shall be submitted to the Planning and Zoning Board, which shall study such proposals in accordance with items 1 through 4 of Section 185.201(C).

#### **Item 1** - The need and justification for the change.

The applicant states the justification for the change is "to change the zoning district to enable the developer to construct a proposed multi-family development." The Multi-Family Zoning District will allow for multifamily uses. The change in zoning will help to revitalize the area.

**Item 2** - When pertaining to the rezoning of land, the effect of the change, if any, on the particular property and on surrounding properties.

The designation of the RM-20 zoning district for the subject properties is compatible with the surrounding area and is consistent with the City's desire and plan for redevelopment in the Bayfront District.

**Item 3** - When pertaining to the rezoning of land, the amount of undeveloped land in the general area and in the City having the same classification as that requested.

Approximately 550 acres of RM-20, Multi-Family Residential Use zoned land is within the City limits.

**Item 4** - The relationship of the proposed amendment to the purpose of the city plan for development, with appropriate consideration as to whether the proposed change will further the purposes of this chapter and the Comprehensive Plan (Plan).

The proposed amendment will further the purposes of Chapter 185, the Comprehensive Plan.

#### C. Justification for Change/Amendment

The applicant plans to develop a luxury rental apartment community of 20-24 units, taking advantage of the site's easy access and river views. The requested density of 20 units per acre would yield 26 units.

The subject property is ideally situated in an area already surrounded by Residentially zoned properties, make it a perfect candidate for the switch to Multi-family Zoning and Future Land Use (FLU). Multi-family housing is needed in Palm Bay. The City's GIS shows Multi-family residential districts comprise only approximately 2% of the City's area.

The property, along with the neighboring Multi-family property to the North, represent a significant opportunity for the City to beautify and improve the Northerly US 1 entry corridor. The proposed site will provide buffers with landscaping, along with the setbacks and other standard regulations for development within the RM-20 district. Access to the project site will be from US 1 on the East and Wabun Street on the West.

The City's goals, policies, and objectives of the Comprehensive plan, as well as those of the Bayfront Community Redevelopment District would be well served by this change, as outlined below.

#### 1. Zoning Change from HC-Highway Commercial to RM-20 Residential Multi-Family:

The City's code states: All proposed amendments shall be submitted to the Planning and Zoning Board which shall study such proposals to determine:

1. The need and justification for the change.

Applicant Response: The site lies within an area of all residential uses. The existing Highway Commercial zone is not compatible with the surrounding properties.

- When pertaining to the rezoning of land, the effect of the change, if any, on the particular property and on surrounding properties
   Applicant Response: The change would make the property more compatible with surrounding properties by bringing it into a more suitable district.
- 3. When pertaining to the rezoning of land, the amount of undeveloped land in the general area and in the city having the same classification as that requested Applicant Response: The City's GIS shows Multi-family residential districts comprise only approximately 2% of the City's area. Within the immediate area, there are only 2 vacant Multi-family properties. One is the 1.7 acre adjacent property to the North, and the other is the 1.18 acre Steamboat Landing parcel.
- 4. The relationship of the proposed amendment to the purpose of the city plan for development, with appropriate consideration as to whether the proposed change will further the purposes of this chapter and the plan.

Applicant Response: The proposed change will further the purposes of the Palm Bay Land Development code and Comprehensive plan by providing a much needed opportunity for multi-family housing close to the City's center, and within the Bayfront Community Redevelopment District.

#### 2. Land Use/Comprehensive Plan Change from COM & RS-3 to MFR Residential Multi-Family:

The City's code states: The Future Land Use Element designates future land use patterns to meet the goals, objectives and policies of the City's Comprehensive Plan.

- 1. Consistency with the City's Comprehensive Plan
  - a. Goal FLU-1 "Ensure a high quality, diversified living environment through the efficient distribution of compatible land uses."

Applicant Response: The site lies within an area of all residential uses. The existing Highway Commercial zone is not compatible with the surrounding properties. This change would more efficiently distribute the pattern of land uses by bringing it into a residential zone and land use.

b. Goal FLU-2 "Provide for and maintain viable neighborhoods and residential development to meet the existing and future needs of the residents of Palm Bay."

Applicant Response: The City's GIS shows Multi-family residential districts comprise only approximately 2% of the City's area. Within the immediate area, there are only 2 vacant Multi-family properties. This luxury project would help to create and maintain a residential neighborhood that would beautify and add value to nearby properties.

- c. Objective FLU-2.3 "Prevent incompatible land uses from locating in residential areas in order to promote neighborhood stability and prevent deterioration." Applicant Response: The site lies within an area of all residential uses. The existing Highway Commercial zone is not compatible with the surrounding properties. The proposed use would promote neighborhood stability and help prevent deterioration by creating luxury units that would prevent blight, and add greatly to the tax revenues of the city.
- d. Goal FLU-8 "A diverse and self-sustaining pattern of land uses which support the present and future population of the City of Palm Bay." Applicant Response: The City needs Multi-family properties, as evidenced by only 2% of the City's area being zoned Multi-family. Multi-family use also creates and supports a self-sustaining pattern of land uses by more closely aligning the use with the surrounding property and the City's needs.
- 2. Consistency with the City's Bayfront Community District Redevelopment 2024 Plan
  - e. Section 4.3.3 Riverview District "Develop and maintain a northern gateway entrance with improved landscaping and signs."
     Applicant Response: The site will help improve the Northern Gateway Entrance by improving landscaping and pedestrian access

In conclusion, the applicant respectfully requests approval of a Zoning Change from HC to RM-20, and a Future Land Use Change from RS-3 and COM to MFR. We feel that it is in the best interests of the City, and meets the goals, objectives and policies of the Code and the Comprehensive Plan.

Hi Scott,

Good talking with you today. I love nature and am extremely pleased with your hope to leave the tortoise on the property. I'm very glad your apartments are going in instead of a commercial development.

Thanks and see you later,

Hello Scott,

Because I live directly across the street from your property, I am definitely in favor of changing the zoning from commercial to multi-family residential.

Thank you for being proactive in the neighborhood. I look forward to seeing what unfolds.

With gratitude, Cheri Zettle Sent from my iPad

**CITY STAFF:** Present were Ms. Alexandra Bernard, Growth Management Director; Ms. Joan Junkala, Deputy City Manager; Ms. Stephanie Kelly, Planner; Ms. Ximena Escobar, Recording Secretary; Ms. Jennifer Cockcroft, Deputy City Attorney.

#### **ELECTION OF VICE CHAIRPERSON:**

Nominations were made for election of Vice Chairperson.

Motion by Mr. Warner to elect Ms. Khalilah Maragh.

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 11 of 17

A vote was called on the motion to submit Case CP-10-2022 to City Council for approval.

Motion by Mr. Weinberg, seconded by Mr. Boerema. Motion carried with members voting as follows:

Aye: Jordan, Weinberg, Boothroyd, Maragh, Olszewski.

Nay: Warner.

 \*\*CPZ-10-2022 - Hiawatha Bay – Rajeev Saxena (Scott Wotherspoon, Hiawatha Bay, LLC, Rep.) - A Zoning amendment from an HC, Highway Commercial District to an RM-20, Multiple-Family Residential District. Lots 3 through 6 and 9 through 12, Block C, Hiawatha Gardens, Section 13, Township 28, Range 37, Brevard County, Florida, containing approximately 1.33 acres. Located adjacent to and between Wabun Street NE and Dixie Highway NE, in the vicinity north of Nokomis Avenue NE

Ms. Bernard presented the staff report for Case CPZ-10-2022. Staff recommended Case CPZ-10-2022 for approval.

Mr. Scott Wotherspoon with Hiawatha Bay, LLC (representative for the applicant) stated how the area neighbors of the subject site were in favor of the proposed zoning change to residential without commercial. A commercial development would cause a greater impact on the traffic.

The floor was opened for public comments.

Ms. Susan B. Connolly (resident of Castaway Cove Condominiums) spoke against the request. She said that the neighborhood currently consisted of trailer parks and criminal activity, and that the neighbors in favor of the request were likely living in poverty. An environmentally friendly commercial project could be located on the site. The property was not on the river, but the river was visible. She felt that 26 units on 1.33 acres did not make sense. Development close to the lagoon should also meet standards regarding drainage runoff and permeable pavement. She wanted more details about the project prior to any approval. City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 12 of 17

Mr. Victor Farvet (resident of Castaway Cove Condominiums) inquired whether the applicant would be providing a bicycle path. He wanted to know the number of residential units proposed, cost, size, and if the units would be designed to attract families to the area. Future train stations would bring more families, and children would need a way to safely access Castaway Point Park. He stated that the board was the neighborhood's frontline of defense since area concerns would not be addressed until much later.

Ms. Louise Fortun (resident of Castaway Cove Condominiums) spoke against the request. She had moved from South Florida to escape ongoing development and congestion, and accessing Dixie Highway from Castaway Cove was already a challenge.

Mr. Jerry Nesseler (resident of Castaway Cove Condominiums) questioned whether Airbnbs would be permitted at the property, and if the units would be leased by week, month, or year.

In response to the comments from the audience, Mr. Scott Wotherspoon stressed that the apartments would be rentals with minimum yearly leases and Airbnbs were not proposed. The target market was for the type of renters who paid \$2,000 a month at apartments on Robert J. Conlan Boulevard NE. However, the subject site had a view of the river instead of railroad tracks. He commented on how Brazilian pepper trees and bushes along Wabun Avenue NE from Hiawatha Street NE currently blocked the view of the river. The subject property, however, was across the street from the river and did not block the view. A bicycle path would need to be worked out with the City and the Florida Department of Transportation.

The floor was closed for public comments. Mr. Wotherspoon had submitted seven letters from area property owners in support of the request.

Ms. Maragh asked staff to give the audience a brief explanation of the review steps that must occur prior to any development. Ms. Bernard explained that based on City Council approval of the subject land use and rezoning applications, a preapplication meeting would be held with the applicant and various City department staff to discuss site specifics. The applicant could then formally submit for site plan review. The site plan would be reviewed against all current regulations, including the

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 13 of 17

Comprehensive Plan and the Sustainability Plan. Traffic studies, environmental studies, stormwater, sidewalks, lighting, and landscape requirements were part of the review process.

Mr. Olszewski asked staff to share with the audience what the overall Bayfront Community Redevelopment Area was about and if the nature of the subject proposal would fit with the vision for the Bayfront area. Ms. Bernard explained that redevelopment districts addressed areas that was probable for blight by investing resources to revitalize the areas. She confirmed that the nature of the subject proposal would fit within the Bayfront redevelopment area.

Motion to submit Case CPZ-10-2022 to City Council for approval.

Motion by Mr. Weinberg, seconded by Mr. Boerema. Motion carried with members voting as follows:

Aye: Jordan, Weinberg, Boothroyd, Maragh, Olszewski.

Nay: Warner.

 CP-11-2022 - Heritage Corners - Gary Smigiel, Ascot Palm Bay Holdings, LLC (Ana Saunders, P.E., BSE Consultants, Inc., Rep.) - A small-scale Comprehensive Plan Future Land Use Map amendment from Commercial Use to Multiple-Family Residential Use. Tax Parcel 500, Section 21, Township 28, Range 36, Brevard County, Florida, containing approximately 13.96 acres. Located north of and adjacent to Emerson Drive NW, in the vicinity east of St. Johns Heritage Parkway NW

Ms. Bernard presented the staff report for Case CP-11-2022. Staff recommended Case CP-11-2022 for approval.

Ms. Ana Saunders, P.E., BSE Consultants, Inc. (representative for the applicant) stated that the subject request would provide the City with different options and opportunities for multiple-family development. The multiple-family use would also be a better transition to the north adjacent project where a section of land was proposed for single-family development.

RE: Ordinance 2022-45, amending the City's Comprehensive Plan Future Land Use Map to change the designated use of property located north of and adjacent to Emerson Drive, in the vicinity east of St. Johns Heritage Parkway, from Commercial Use to Multiple-Family Residential Use (13.96 acres) (Case CP-11-2022, Gary Smigiel, Ascot Palm Bay Holdings, LLC), only one reading required.

Mr. Gary Smigiel, Ascot Palm Bay Holdings, LLC (Ana Saunders, P.E., BSE Consultants, Inc., Rep.) has submitted for a small-scale future land use map amendment from Commercial Use to Multi-Family Residential Use. The undeveloped land is located north of Emerson Drive NW, east of the St. Johns Heritage Parkway.

The proposed land use change will allow for a high-quality, multiple-family residential development. The property is not within any of the Florida scrub-jay polygons identified in the City's Habitat Conservation Plan (HCP), and no other protected species are known to inhabit the site. The owner/developer will be responsible for extending water and sewer service to the site in accordance with current City regulations. A drainage plan and any stormwater management system will be reviewed and approved by the City and the appropriate agencies during the site plan review process.

**REQUESTING DEPARTMENT:** 

Growth Management

**RECOMMENDATION:** Motion to approve Case CP-11-2022.

# BACKGROUND:

The subject properties are located north of Emerson Road east of the St. Johns Heritage Parkway. There are 13.96 acres that are included in this request.

# ANALYSIS:

Per Chapter 183: Comprehensive Plan Regulations, Section 183.01(B), the purpose and intent of the Comprehensive Plan is to encourage the most appropriate use of land and resources to promote the health, safety, and welfare of the community.

# 1. FUTURE LAND USE ELEMENT

The Comprehensive Plan (Plan) FLU Element Goal FLU-1 is to ensure a high-quality, diversified living environment through the efficient distribution of compatible land uses.

The Comprehensive Plan (Plan) FLU Element Goal FLU-2 is to provide for and maintain viable neighborhoods and residential development to meet the existing and future needs of the residents of Palm Bay.

The Comprehensive Plan (Plan) FLU Element Goal FLU-3 is to provide for economically viable commercial areas which promote a sound and diversified local economy and serve the retail and service needs of the City's residents

The Comprehensive Plan (Plan) FLU Element Goal FLU-8 is to provide for a diverse and self-sustaining pattern of land uses that support the present and future population of the City of Palm Bay.

The intended use for the 13.96-acre property is a Multi-Family Residential development. The proposed land use amendment would be considered compatible. The change will allow for a high-quality, diversified living environment.

### 2. CONSERVATION ELEMENT

The environmental character of the City is maintained through conservation, appropriate use, and protection of natural resources.

The subject property is not located within any of the Florida scrub-jay polygons identified in the City's Habitat Conservation Plan (HCP). No other protected species are known to inhabit the subject property. Any protected species that would be found on the subject property would need to be mitigated as required by State and Federal regulations and per Comprehensive Plan Policy CON-1.7B. **Coastal Management:** The subject property is not located within the Coastal Management Area.

### 3. HOUSING ELEMENT

The proposed FLU amendment does not adversely impact the supply and variety of safe, decent, attractive, and affordable housing within the City. Instead, it will serve to create additional housing opportunities needed in Palm Bay.

# 4. INFRASTRUCTURE ELEMENTS

The City evaluates present and future water, sewer, drainage, and solid waste and assesses the ability of infrastructure to support development.

**Utilities:** The FLU change will not cause the level of service to fall below the standards adopted in the Comprehensive Plan for these services for the current planning period. Public water and sewerage facilities are available at the site. If developed, the owner/developer will be responsible for extending service to the site in accordance with current City regulations.

**Drainage:** If developed, a drainage plan must be prepared in accordance with current regulations and approved by the City, along with appropriate outside agencies, including the St. Johns River Water Management District. Any proposed stormwater management system will be reviewed and approved by the City during the site plan review process

**Solid Waste:** Solid Waste collection is propvided to the area by Republic Services, Inc. Sufficient capacity exists within the Brevard County Landfils to service the property.

# 5. INTERGOVERNMENTAL COORDINATION ELEMENT

**Public Schools:** The proposed FLU amendment to Multi-Family Residential will add housing units. Some impacts to the public-school system area are anticipated; however, considering the adjacent concurrency service areas, there is sufficient capacity.

# 6. RECREATION AND OPEN SPACE ELEMENT

The Recreation and Open Space Element addresses the current and future recreational needs of the City. Multi-family residential use does have more of a demand upon the Parks & Recreational Level of Service (LOS) standards than Single Family Residential Use. However, this element sets a LOS standard of 2 acres per 1,000 residents. The City maintains public ownership of park-designated lands that far exceed this requirement. Therefore, the density increase would have a De minimus effect on the recreation LOS.

# 7. TRANSPORTATION ELEMENT

The objectives of the Comprehensive Plan's Transportation Element are to provide a safe, balanced, efficient transportation system that maintains the roadway level of service and adequately serves the needs of the community.

# 8. PROPERTY RIGHTS ELEMENT

The goal of the Comprehensive Plan's Property Rights Element is for the City to respect judicially acknowledged and constitutionally protected private property rights.

This proposed land-use change does not appear to infringe upon the property rights of the applicant.

Comprehensive Plan and the Sustainability Plan. Traffic studies, environmental studies, stormwater, sidewalks, lighting, and landscape requirements were part of the review process.

Mr. Olszewski asked staff to share with the audience what the overall Bayfront Community Redevelopment Area was about and if the nature of the subject proposal would fit with the vision for the Bayfront area. Ms. Bernard explained that redevelopment districts addressed areas that was probable for blight by investing resources to revitalize the areas. She confirmed that the nature of the subject proposal would fit within the Bayfront redevelopment area.

Motion to submit Case CPZ-10-2022 to City Council for approval.

Motion by Mr. Weinberg, seconded by Mr. Boerema. Motion carried with members voting as follows:

Aye: Jordan, Weinberg, Boothroyd, Maragh, Olszewski.

Nay: Warner.

 CP-11-2022 - Heritage Corners - Gary Smigiel, Ascot Palm Bay Holdings, LLC (Ana Saunders, P.E., BSE Consultants, Inc., Rep.) - A small-scale Comprehensive Plan Future Land Use Map amendment from Commercial Use to Multiple-Family Residential Use. Tax Parcel 500, Section 21, Township 28, Range 36, Brevard County, Florida, containing approximately 13.96 acres. Located north of and adjacent to Emerson Drive NW, in the vicinity east of St. Johns Heritage Parkway NW

Ms. Bernard presented the staff report for Case CP-11-2022. Staff recommended Case CP-11-2022 for approval.

Ms. Ana Saunders, P.E., BSE Consultants, Inc. (representative for the applicant) stated that the subject request would provide the City with different options and opportunities for multiple-family development. The multiple-family use would also be a better transition to the north adjacent project where a section of land was proposed for single-family development.

City of Palm Bay Planning and Zoning Board/ Local Planning Agency Regular Meeting 2022-03 Minutes – March 2, 2022 Page 14 of 17

Ms. Maragh was in favor of the multiple-family development, but she wanted commercial uses included to create a walkable community. Ms. Saunders noted that that there was approximately 62 acres in unified ownership of which the subject site modified about 14 acres for multiple-family use, and a companion case would rezone the remaining 48 acres to CC, Community Commercial. The commercial land was at the terminal point of the Emerson Drive NW and St. Johns Heritage Parkway NW intersection. There was approximately 121 acres of commercial land between the subject intersection and Malabar Road to the south.

Ms. Maragh wanted to know about the multiple-family use planned for the site. Ms. Saunders explained that there was not a specific plan at this time, but she envisioned a typical multiple-family product to offer an alternative in variety from the multiple-family component to the south that was recently approved for duplexes, fourplexes, and sixplexes.

Mr. Warner commented that the developer held a footprint on St. Johns Heritage Parkway and had a wonderful opportunity to be a driving force in its appropriate development of commercial projects. Ms. Saunders agreed and indicated the commercial properties proposed by the companion rezoning case with frontage on the parkway. There was a satisfactory amount of commercial land considering the 121 commercial acres within the pocket of development, and the significant commercial project occurring outside the City limits on U.S. 192. Commercial development would proceed responsibly to avoid oversaturation, but still provide walkability to live, work, and play in the communities.

Mr. Weinberg noted that the current case was for the land use request.

The floor was opened and closed for public comments; there were no comments from the audience, and there was no correspondence in the file.

Motion to submit Case CP-11-2022 to City Council for approval.

Motion by Mr. Weinberg, seconded by Ms. Maragh. Motion carried with members voting as follows:

Aye: Jordan, Weinberg, Boothroyd, Maragh, Olszewski, Warner.

RE: Ordinance 2022-46, rezoning property located north and south of and adjacent to Emerson Drive, in the vicinity east and west of and adjacent to St. Johns Heritage Parkway, from AU, Agricultural (Brevard County) to CC (Community Commercial District) and RM-20 (Multiple-Family Residential District) (61.79 acres) (Case CPZ-11-2022, Gary Smigiel, Ascot Palm Bay Holdings, LLC), first reading. (Quasi-Judicial Proceeding)

Mr. Gary Smigiel, Ascot Palm Bay Holdings, LLC (Ana Saunders, P.E., BSE Consultants, Inc., Rep.) has submitted for a rezoning from AU (Brevard County) to RM-20, Multi-Family Residential (13.96 acres) and CC, Community Commercial (47.83 acres). The undeveloped land consists of seven parcels totaling 61.79 acres, and is located north and south of Emerson Drive NW between the St. Johns Heritage Parkway and Melbourne Tillman Water Control District Canal C-59, the west end of Emerson Drive NW, west of the St. Johns Heritage Parkway.

The applicant intends to provide additional housing options and supporting commercial development to the surrounding area. The RM-20 and CC zoning districts are compatible with the surrounding area and consistent with the City's desire to see the area near the Parkway come to life.

# BACKGROUND:

The subject properties are located North and south of Emerson Rd between the Parkway and the MTWCD Canal C-59 and the west end of Emerson Rd West of the Parkway.

# ANALYSIS:

The following analysis is per Chapter 185: Zoning Code, Section 185.201(C) which states that all proposed amendments shall be submitted to the Planning and Zoning Board, which shall study such proposals in accordance with items 1 through 4 of Section 185.201(C).

### **Item 1** - The need and justification for the change.

The applicant states the justification for the change is "To provide additional housing options and supporting commercial development to the surrounding area." The Multi-Family Zoning District will allow for multifamily uses and the commercial zoning will allow the potential for new businesses that will be supported by the proposed new multi-family.

**Item 2** - When pertaining to the rezoning of land, the effect of the change, if any, on the particular property and on surrounding properties.

The designation of the RM-20 zoning district and CC community commercial district for the subject properties is compatible with the surrounding area and is consistent with the City's desire to see the area near the Parkway come to life.

**Item 3** - When pertaining to the rezoning of land, the amount of undeveloped land in the general area and in the City having the same classification as that requested.

Approximately 550 acres of RM-20, Multi-Family Residential Use zoned land is within the City limits. Approximately 920 acres of CC, Community Commercial zoned land is within the city limits.

**Item 4** - The relationship of the proposed amendment to the purpose of the city plan for development, with appropriate consideration as to whether the proposed change will further the purposes of this chapter and the Comprehensive Plan (Plan).

The proposed amendment will further the purposes of Chapter 185, the Comprehensive Plan.

### STAFF RECOMMENDATION:

 \*\*CPZ-11-2022 - Heritage Corners - Gary Smigiel, Ascot Palm Bay Holdings, LLC (Ana Saunders, P.E., BSE Consultants, Inc., Rep.) - A Zoning amendment from AU, Agricultural (Brevard County) to a CC, Community Commercial District and an RM-20, Multiple-Family Residential District. Tax Parcels 500, 501, 255, 503, and 504 of Section 21 Township 28, Range 36, along with Tax Parcels 751 and 750 of Section 20, Township 28, Range 36, Brevard County, Florida, containing approximately 61.79 acres. Located north and south of Emerson Drive NW, in the vicinity east and west of St. Johns Heritage Parkway NW

Ms. Bernard presented the staff report for Case CPZ-11-2022. Staff recommended Case CPZ-11-2022 for approval.

Ms. Ana Saunders, P.E., BSE Consultants, Inc. (representative for the applicant) stated that most of the discussion regarding the proposed zoning change had occurred under Case CP-11-2022.

The floor was opened for public comments.

Mr. Bill Battin (resident at Ocean Spray Street SW) was glad to see some agricultural land being changed to commercial land.

The floor was closed for public comments, and there was no correspondence in the file.

Mr. Weinberg commented that the types of uses under the CC district, such as restaurants, banks, professional offices, and convenience stores, would be welcomed within the subject area.

Motion to submit Case CPZ-11-2022 to City Council for approval.

Motion by Mr. Weinberg, seconded by Ms. Maragh. Motion carried with members voting as follows:

Aye: Jordan, Weinberg, Boothroyd, Maragh, Olszewski, Warner.

#### AGENDA REVISION(S):

1. The applicant for Item 7, under Public Hearings, requested Case CPZ-5-2022 be continued to the May 5, 2022, regular Council meeting.

Motion by Deputy Mayor Johnson, seconded by Mr. Felix, to continue Case CPZ-5-2022 (Ordinance 2022-25) to the May 5, 2022 regular Council meeting. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

2. The applicant for Items 8 and 9, under Public Hearings, requested Cases CP-20-2021 and CPZ-20-2021 be continued to the March 3, 2022, regular Council meeting.

Motion by Deputy Mayor Johnson, seconded by Mr. Felix, to continue Cases CP-20-2021 and CPZ-20-2021 (Ordinances 2022-07 and 2022-08) to the March 3, 2022, regular Council meeting. Staff advised that the case had been tabled once before and the applicant was unable to attend tonight's meeting.

Deputy Mayor Johnson said this was the last time he would agree to a continuance. Mr. Foster did not want to continue the cases but wanted to afford due process to the applicant. Council questioned how to move forward without the applicant. Ms. Smith advised that the applicant had the burden of proof. It would be difficult for the applicant to meet that burden, especially under the quasi-judicial proceeding, as Council would only have the application and any documentation that was already in the record to consider. She cautioned Council on concluding the hearings without having the applicant make a presentation and suggested that if Council wanted to move forward with the hearings, it could begin tonight, but should be continued to the next meeting for the applicant to make their presentation and conclude the hearing process.

Mr. Felix felt Council should move forward with the continuance. He felt the applicant should be given the opportunity to present their case.

Deputy Mayor Johnson withdrew his motion.

Motion by Mr. Foster, seconded by Mr. Felix, to continue Cases CP-20-2021 and CPZ-20-2021 (Ordinances 2022-07 and 2022-08) to the March 3, 2022, regular Council meeting.

Motion failed with members voting as follows:

| Mayor Medina         | Nay |
|----------------------|-----|
| Deputy Mayor Johnson | Nay |
| Councilman Foster    | Yea |
| Councilman Felix     | Yea |

3. Ms. Sherman announced that executed contracts for the right-of-way acquisition with Cypress Bay Farms and Waterstone Holdings were provided for Item 10, under Consent. In addition, there was a correction to the account number under the Fiscal Impact; the funds should have been appropriated to Account 199-7050-541-6101, Project 21PW06.

# 4. Ordinance 2022-01, providing for the annexation of certain real property located south of and adjacent to Malabar Road, and east of and adjacent to Melbourne-Tillman Water Control District Canal 7, into the City (27.91 acres) (Case A-2-2022, The William F Slentz Trust / Bart and Amy Ferguson), final reading.

The City Attorney read the ordinance in caption only. The public hearing was opened. Attorney Jack Kirschenbaum, of GrayRobinson, P.A. and representative for the applicant, presented the request to Council.

Bill Battin, resident, asked if the applicant would be donating any of their land towards the Malabar Road widening project and hoped that the widening would extend east past the intersection of the St. Johns Heritage Parkway (Parkway). Ms. Sherman said that as new developments came into the city, it was required that they hold their right-of-way for future roadway widenings. She added that the study funded through the Space Coast Transportation Planning Organization (TPO) program had the preliminary design to widen from the Parkway to Minton Road. She said staff would be proposing to the TPO to extend the widening to the west end of Malabar Road.

Mr. Foster agreed that the widening should extend to at least the high school.

The public hearing was closed.

Motion by Deputy Mayor Johnson, seconded by Mr. Foster, to adopt Ordinance 2022-01. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

5. Ordinance 2022-21, rezoning property located south of and adjacent to Malabar Road, and east of and adjacent to Melbourne-Tillman Water Control District Canal 7, from AU, Agricultural Residential (Brevard County) to RM-10 (Single-, Two-, Multiple-Family District) (27.91 acres) (Case CPZ-2-2022, The William F Slentz Trust / Bart and Amy Ferguson), final reading. (Quasi-Judicial Proceeding)

The City Attorney read the ordinance in caption only. The public hearing was opened and closed as there were no comments.

Motion by Deputy Mayor Johnson, seconded by Mr. Foster, to adopt Ordinance 2022-21. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

6. Ordinance 2022-23, rezoning property located at the southwest corner of Pospisil Avenue and Dixie Highway, from BMUV (Bayfront Mixed Use Village

City of Palm Bay, Florida Regular Council Meeting 2022-04 Minutes – February 17, 2022 Page 6 of 18

## District) to BMU (Bayfront Mixed Use District) (7.56 acres) (Case CPZ-4-2022, Space Coast Marina LLC), final reading. (Quasi-Judicial Proceeding)

The City Attorney read the ordinance in caption only. The public hearing was opened and closed as there were no comments.

Motion by Deputy Mayor Johnson, seconded by Mr. Foster, to adopt Ordinance 2022-23. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

7. Ordinance 2022-25, rezoning property located south of and adjacent to Orange Blossom Trail, in the vicinity west of Dixie Highway, from BMUV (Bayfront Mixed Use Village District) to BMU (Bayfront Mixed Use District) (5.05 acres) (Case CPZ-5-2022, Marvin and Donatina Miller / Steve and Marisela Berman), final reading. (Quasi-Judicial Proceeding)

This item, addressed under Agenda Revisions, was continued to the May 5, 2022, regular Council meeting.

8. Ordinance 2022-07, amending the City's Comprehensive Plan Future Land Use Map to change the designated use of property located east of and adjacent to Krassner Drive, in the vicinity north of Hayworth Circle, from Commercial Use to Multiple Family Residential Use (6.52 acres) (Case CP-20-2021, Bibi and Gurudeo Chand), only one reading required. (CONTINUED FROM 01/06/22 RCM)

The Planning and Zoning Board denied the request. Staff recommended approval of the request, subject to the following condition: the maximum density shall be capped at fifteen (15) units per acre.

The City Attorney read the ordinance in caption only. The public hearing was opened. The applicant was not present.

Numerous individuals spoke against the request stating the amendment was not compatible with the surrounding area and had too much density.

The public hearing was closed.

Motion by Deputy Mayor Johnson, seconded by Mayor Medina, to deny Ordinance 2022-07. Deputy Mayor Johnson did not feel multiple family use was conducive for the area. Mayor Medina said he did not support the request due to safety and traffic issues.

City of Palm Bay, Florida Regular Council Meeting 2022-04 Minutes – February 17, 2022 Page 7 of 18

Mr. Felix said density was a concern, but not traffic. He said a commercial business or retail business would generate a lot more traffic than residential. He felt RM-10 (Single-, Two-, Multiple-Family Residential District) would be a better fit which would reduce the density; however, he supported the denial just because of the density.

Mr. Foster said that anything other than developing single family homes similar to the existing homes would not add to the neighborhood and he did not support the request.

Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

9. Ordinance 2022-08, rezoning property located east of and adjacent to Krassner Drive, in the vicinity north of Hayworth Circle, from NC (Neighborhood Commercial District) to RM-15 (Single-, Two-, and Multiple-Family Residential District) (6.52 acres) (Case CPZ-20-2021, Bibi and Gurudeo Chand), first reading. (Quasi-Judicial Proceeding) (CONTINUED FROM 01/06/22 RCM)

Due to the denial of Ordinance 2022-07, this item was rendered moot.

## 10. Ordinance 2022-14, establishing the 'Cypress Bay West Community Development District' (Forestar (USA) Real Estate Group, Inc.), first reading.

The City Attorney read the ordinance in caption only. The public hearing was opened. Attorney Jere Earlywine, KE Law Group and representative for the applicant, presented the request to Council.

Bill Battin, resident, asked if the establishment of the Community Development District (CDD) would eliminate the applicant's responsibility to their share of Transportation Impact Fees (TIF) for the Parkway, and if staff saw any negatives to having a CDD in that area.

Ms. Smith said that a positive for CDDs was that it provided a means for them to rasie money for the infrastructure. If there were any issues with the project, it would typically be addressed in the Development Agreement which was a protection for the city.

The public hearing was closed.

Motion by Deputy Mayor Johnson, seconded by Mr. Foster, to approve Ordinance 2022-14. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

11. Ordinance 2022-27, amending the City's Comprehensive Plan Future Land Use Map to change the designated use of property located east of and adjacent to Martin Road, and west of and adjacent to Thor Avenue, from Multiple-Family Residential Use to Commercial Use (1.02 acres) (Case CP-3-2022, M. David Moallem/Emiland Corporation), only one reading required.

The Planning and Zoning Board recommended approval of the request.

The City Attorney read the ordinance in caption only. The public hearing was opened. The applicant presented the request to Council.

Mr. Foster asked the type of commercial use at the property. Mr. Moallem said it was proposed to be a parking area with other improvements, such as parking for trucks and boats.

Individuals spoke in favor of the request.

The public hearing was closed.

Motion by Deputy Mayor Johnson, seconded by Mayor Medina, to adopt Ordinance 2022-27. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

# 12. Ordinance 2022-28, rezoning property located east of and adjacent to Martin Road, and west of and adjacent to Thor Avenue, from RM-20 (Multiple-Family Residential District) to GC (General Commercial District) (1.02 acres) (Case CPZ-3-2022, M. David Moallem/Emiland Corporation), first reading. (Quasi-Judicial Proceeding)

The Planning and Zoning Board recommended approval of the request.

The City Attorney read the ordinance in caption only. The public hearing was opened. The applicant presented the request to Council. The public hearing was closed.

Motion by Deputy Mayor Johnson, seconded by Mayor Medina, to approve Ordinance 2022-28. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

13. Ordinance 2022-29, granting approval of a Final Development Plan for a PUD (Planned Unit Development) zoning residential subdivision to be known as 'Richmond Cove PUD' on property located west of and adjacent to Gaynor Drive,

City of Palm Bay, Florida Regular Council Meeting 2022-04 Minutes – February 17, 2022 Page 9 of 18

## in the vicinity north of Ocean Spray Street (29.15 acres) (Case FD-4-2022, RKF Residential Development Properties, LLC), first reading. (Quasi-Judicial Proceeding)

The Planning and Zoning Board recommended approval of the request, subject to staff comments contained in the Staff Report.

The City Attorney read the ordinance in caption only. The public hearing was opened. Bruce Moia, MBV Engineering and representative for the applicant, presented the request to Council.

Bill Battin, resident, stated that all of the surrounding properties were zoned RR (Rural Residential District). He said the property to the north of the subject site had rezoned to PUD but since their contract fell through, it should automatically go back to its original zoning of RR. He questioned how utility services would get to the development when the city did not own any right-of-way at the intersection of Falls Church Street and Gaynor Drive.

Mr. Moia responded to Mr. Battin's comments and said that utility services would be provided to the development.

The public hearing was closed.

Mayor Medina said there were properties in the area that had livestock and agriculture and he wanted to keep the RR zoning.

Motion by Deputy Mayor Johnson, seconded by Mr. Foster, to approve Ordinance 2022-29. Motion carried with members voting as follows:

| Mayor Medina         | Nay |
|----------------------|-----|
| Deputy Mayor Johnson | Yea |
| Councilman Foster    | Yea |
| Councilman Felix     | Yea |

## 14. Consideration of a CARES Act Substantial Amendment to the Fiscal Year 2019-2020 Annual Action Plan and Recommendations of Programs and Activities to be funded by CDBG-CV3.

The public hearing was opened. Mrs. Bunt presented the request to Council.

City of Palm Bay, Florida Regular Council Meeting 2022-04 Minutes – February 17, 2022 Page 10 of 18

Mr. Felix asked if the entities receiving the donations served the residents of Palm Bay. Mrs. Bunt responded that in order to receive funding through the CDBG-CV, the organizations had to serve Palm Bay residents and it also had to be tied to the Coronavirus. Council asked further questions of staff and some of the agencies to receive funding.

The public hearing was closed.

Motion by Deputy Mayor Johnson, seconded by Mr. Felix, to approve the CARES Act Substantial Amendment to the Fiscal Year 2019-2020 Annual Action Plan, and recommendations of programs and activities to be funded by CDBG-CVD. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

A brief recess was taken after which time the meeting resumed.

### 15. Consideration of the Fiscal Year 2022-2023 Annual Action Plan and Recommendations of Programs and Activities to be funded by CDBG, first hearing.

The public hearing was opened. Ms. Bunt presented the request to Council.

Representatives from some of the organizations that received funding thanked Council for its support.

The public hearing was closed.

Motion by Deputy Mayor Johnson, seconded by Mayor Medina, to approve recommendations on Fiscal Year 2022-2023 CDBG program funding; and provide notice to solicit public comment and notice of final public hearing scheduled for May 19, 2022. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

## 8. Consideration of the Byrne Memorial Justice Assistance Grant (JAG) award for the purchase of rifles and associated hardware for the Police Department.

Staff Recommendation: Approve the Byrne Memorial Justice Assistance Grant (JAG) award and authorize the City Manager to execute the grant agreement.

Bill Battin, resident, asked if any of the rifles would be available under the government surplus. Ms. Sherman responded in the negative.

City of Palm Bay, Florida Regular Council Meeting 2022-04 Minutes – February 17, 2022 Page 13 of 18

Motion by Deputy Mayor Johnson, seconded by Mr. Foster, to approve the grant award as requested. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

## 9. Consideration of utilizing Traffic Impact Fee funds for the design phase of the Malabar Road widening project (\$7,000,000); authorization to submit to the Space Coast Transportation Planning Organization's Call for Projects.

Staff Recommendation: Approve the allocation of \$7 million from the Traffic Impact Fee (TIF) to fund the design phase of the Malabar Road widening from Minton Road west toward the St. Johns Heritage Parkway, and to authorize the City to submit to the FY 2022 TPO call for project for the design of the Malabar Road widening.

Bill Battin, resident, asked if the paving could be extended to the end of Malabar Road. Ms. Sherman said the request would be modified with the TPO to go beyond the intersection of Malabar Road and the Parkway.

Mr. Watanabe advised that the current study was already set in stone. It would be difficult to approach Florida Department of Transportation (FDOT) with changes as the Project Development and Environment (PD&E) study was ninety percent (90%) complete. He said the consultant suggested that the modification be done through a separate study and then combine it all as part of the design.

Motion by Deputy Mayor Johnson, seconded by Mr. Felix, to approve the allocation of \$7 million from the TIF to fund the design phase of the Malabar Road widening from Minton Road west toward the St. Johns Heritage Parkway, and to authorize the City to submit to the FY 2022 TPO call for project for the design of the Malabar Road widening, to include additional ideas and funding for widening west of the Parkway. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

# 10. Consideration of utilizing Transportation Impact Fee funds for the acquisition of right-of-way from Cypress Bay Farms, LLC, for the widening of Babcock Street at the intersection of the St. Johns Heritage Parkway per the Interlocal Agreement between the City of Palm Bay and Brevard County (\$568,000).

Staff Recommendation: Authorize the allocation of \$568,000 in Transportation Impact Fee funds from Nexus/zip code 32909 for the acquisition of necessary right-of-way along Babcock Street.

City of Palm Bay, Florida Regular Council Meeting 2022-04 Minutes – February 17, 2022 Page 14 of 18

Motion by Deputy Mayor Johnson, seconded by Mr. Felix, to authorize the allocation as requested. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

## 11. Consideration of allocating available General Fund contingency dollars for review of Community Asphalt's contract for the design/build of the St. Johns Heritage Parkway (\$60,000).

Staff Recommendation: Authorize the allocation of available General Fund contingency dollars in the amount of \$60,000 to the City Attorney's Office budget.

Nathan White, resident, asked if this issue would have been covered in the forensic audit that was previously denied by Council.

Mr. Foster said he did not agree with spending \$60,000 and felt the developers should pay the monies, but the city had to move forward and correct an error.

Ms. Smith said that part of the dispute between the city and Community Asphalt was related to a cost-plus fee arrangement, and if there was a savings, the savings would go back to the city. There were certain delays that the city believed were entirely the fault of Community Asphalt and, therefore, the city would be entitled to liquidated damages. There was a provision in the contract that allowed for the city to audit the books of Community Asphalt to determine what had been paid and any potential savings.

Ms. Sherman responded to Mr. White's comment regarding the forensic audit. She said this would not have been included in that audit as it was a closeout to a construction project. It was more of a disagreement with the contractor over what should or should not have been paid.

Motion by Deputy Mayor Johnson, seconded by Mr. Foster, to approve the allocation as requested. Motion carried with members voting as follows: Mayor Medina, Yea; Deputy Mayor Johnson, Yea; Councilman Foster, Yea; Councilman Felix, Yea.

### 12. Consideration of allocating available General Fund contingency dollars for the purchase of an air compressor for the Public Works Department (\$17,500).

Staff Recommendation: Authorize the allocation of available General Fund contingency dollars in the amount of \$17,500 to procure a new air compressor for Fleet.

The item, considered under Consent Agenda, was approved as recommended by City staff.

Terese M. Jones, CITY CLERK

- TO: Honorable Mayor and Members of the City Council
- FROM: Suzanne Sherman, City Manager
- THRU: Juliet Misconi, Chief Procurement Officer
- DATE: 4/7/2022
- RE: Award of Bid: Turkey Creek channel marker replacements IFB 25-0-2022 Public Works Department (Underwater Engineering Services \$99,360).

On March 18, 2021, City Council approved and authorized the City to apply for a Florida Inland Navigation District (FIND) grant to remove and replace channel markers in the Turkey Creek Tributary, resolution 2021-14, that were put in place in 2005. The project consists of removing 19 existing channel marker posts and signs, and installing 22 new channel marker signs including all associated hardware. This grant covers 75% of the project and requires a 25% City match. The grant funding totals up to \$100,000, with the FIND award of up to \$75,000 and the City match of \$25,000, which is included in the FY 23 budget.

Three (3) bids were received and one (1) statement of No Bid. The Procurement Department staff reviewed the bids for responsiveness and deemed one bid non-responsive due to altering the bid form. The Procurement Manual defines responsiveness as conforming to the requirements of the solicitation document concerning pricing, surety, insurance, specifications of the goods or services requested, and any other matter unequivocally stated in the solicitation as a determinant of responsiveness. The Public Works Department evaluated the bids for responsibility and ability to perform the scope of services specified. The Department found the low bid to be acceptable.

Staff recommends Underwater Engineering Services of Fort Pierce, Florida for award of IFB # 25-0-2022/SB, Turkey Creek Channel Marker Replacements.

#### **REQUESTING DEPARTMENT:**

Public Works, Procurement

#### FISCAL IMPACT:

Total project award will be \$99,360.00. Funds are available in Community Investment Fund account 301-7090-539-6301, project 22PW02.

#### **RECOMMENDATION:**

#### RE: Contract: Amend to the consultant engineering services agreement (RFQ 23-0-2019), Malabar westerly extension study – Public Works Department (Kittelson & Associates -\$107,625).

On July 2, 2019, the City Council awarded the Engineering Services for Malabar Road from St. Johns Heritage Parkway (SJHP) to Minton Road PD&E study from Request for Qualifications (RFQ) 23-0-2019 to Kittelson & Associates for \$1,354,666.35. The subsequent Master Agreement was executed on November 13, 2019. An amendment for an additional \$11,696.98 was approved on October 14, 2021, to explore an alternative pond site in the drainage basin, which increased the contract to \$1,366,363.33. The project is funded through Local Agency Program (LAP) agreement with the Florida Department of Transportation (FDOT) which was approved by Council on August 13, 2019, with a supplemental LAP agreement on October 17, 2019. The project is approximately 90% complete pending a final public meeting to be scheduled some time in May 2022. At the February 17, 2022, Council Meeting, Council provided direction to staff to expand the study to the west to include Heritage High School for the future four lane widening.

Kittelson has submitted a proposal for this work, dated February 24, 2022, in accordance with the Master Agreement in the amount of \$107,624.72. This amendment will study the western segment of Malabar Road from SJHP to the second driveway at Heritage High School, approximately 2,500 feet from SJHP. It will also include additional studies necessary for the design phase. This amendment will increase the total amount of the agreement to \$1,473,988.05.

The City's Procurement Ordinance governs the Council approval process for contract amendments. The Chief Procurement Officer can approve amendments up to a cumulative total of 10%, or individual amendments not to exceed \$100,000, whichever is lower; any amendment more than \$100,000 or any amendments which cumulatively exceed 10% will be brought before Council for approval.

Staff has reviewed the scope of work and the rates in accordance with the Master Agreement and requests Council approval to proceed with the proposal dated February 24, 2022, in the amount of \$107,624.72.

#### **REQUESTING DEPARTMENT:**

Public Works, Procurement

FISCAL IMPACT:

The total amount for the amendment is \$107,624.72. Funds are available in the TIF Fund Undesignated Fund Balance for zip codes 32907 and 32908. Funding will be appropriated in the amount of \$53,812.36 each from 197-0000-392-1001 to 197-7050-541-6303/20PW01 and 198-0000-392-1001 to 198-7050-541-6303/20PW01.

#### **RECOMMENDATION:**

Motion to authorize the City Manager to execute the Kittelson & Associates Amendment dated February 24, 2022 for the Malabar Westerly Extension Study.

Malabar Road PD&E Study - Heritage High School to SJHP Extra Work\_Final 2022\_02\_24

Project Name: 437210-1-28-01 Malabar Road PD&E Study

Description: Heritage High School to St. Johns Heritage Parkway 4-Lane Widening

Date: February 24, 2022

#### Scope of Services

Kittelson and Associates, Inc. is conducting the Malabar Road PD&E Study for the City of Palm Bay thru RFQ #23-0-2019 executed on November 13, 2019. The City would like to assess potential impacts of widening Malabar Road from two lanes to four lanes from Heritage High School to the St. Johns Heritage Parkway (approximately 2,500'). The following bullets outline the scope elements related to this assessment:

- Roadway
  - Prepare concept plan sheets.
  - Modify the proposed roundabout in the PD&E study to accommodate four lanes on the western approach.
  - Prepare right-of-way take area estimates and coordinate with the City on right-of-way cost estimates. The City will provide right-of-way cost estimates.
  - Prepare construction cost estimates.
- Drainage
  - Evaluate FEMA floodplain information. FEMA floodplains extend west of the current terminus and abut both sides of the roadway.
  - Determine offsite runoff contribution. The western extension traverses two basins (C-6 and C-7).
  - Assess floodplain impacts and compensation. Two floodplain encroachments occur (north and south side of the roadway).
  - Conduct/attend appropriate meetings with the City, SJRWMD, and MTWCD to discuss drainage alternatives for the extension.
  - Evaluate stormwater management alternatives for two basins (C-6 and C-7).
  - Prepare drainage technical writeups to discuss stormwater management alternatives and floodplain impacts/compensation approach. Writeup will be provided to Kittelson for the Technical Memorandum
  - Perform preliminary hydraulic routing for the recommended stormwater management site using the MTWCD watershed model.
- Utilities
  - Contact utility agency/owners (UAOs) and gather information on existing utilities based on new project limits.
  - Develop utility relocation costs for alternatives evaluated for the project limits.
- Natural Resources
  - Verify, through GIS data collection and field reviews, existing conditions within the limits of the extension.
  - Document wetlands, surface waters, and listed species within, abutting, and potentially affected by the extension.
  - Determine the permitting and mitigation requirements, as needed.

- Determine potential impacts to Prime Farmlands.
- Meetings/Coordination
  - Conduct/attend up to three 1.5 hour virtual meetings with the City (and other appropriate agencies like the SJRWMD and MTWCD) to review project status and discuss results of the analysis. It is anticipated that five Consultant staff (two Kittelson and three Inwood) will attend each meeting.
- Documentation
  - A technical memorandum will be prepared documenting the roadway, drainage, utility, natural resources, and cost estimates for the four-lane widening from Heritage High School to the St. Johns Heritage Parkway.

Note: The existing caracara survey was completed during the 2020 survey season and is valid for two years (ending in April 2022). It is possible that, due to the proximity of documented caracara nests and the fact that the extension includes areas within 1,500 meters of documented nests, the USFWS may require an additional survey to be completed for this extension. Further, the existing Malabar Road PD&E Study NRE includes a commitment to conduct an additional caracara survey during the project's design phase. These services can be provided if required, but they are not included in this proposal.

#### Fee Estimate

For these additional services, the Kittelson Team requests \$107,624.72. Additional detail of this fee for this work is provided in the attached.

#### RE: Miscellaneous: Continuing consultant services, stormwater utility review – RFQ 20-0-2022 – Public Works Department (Stantec Consulting Services, Inc.).

In accordance with the provisions of Section 287.055, Florida Statutes for Consultants Competitive Negotiation Act (CCNA), the City of Palm Bay solicited and accepted qualification submittals from individuals and firms who desired consideration to provide continuing consulting services for Stormwater Utility Review for the Public Works. In accordance with Section 287.055, Florida Statutes, continuing contracts for professional services may be used when the estimated construction cost of each individual project under the contract does not exceed \$4 million, for study activity if the fee for professional services for each individual study under the contract does not exceed \$500,000, or for work of a specified nature outlined in the contract.

The scope of work would include: development of the stormwater assessment roll; providing quality control for existing Institutional, Agricultural and Government parcel exemptions; reviewing, revising and advising of expiring mitigation credits within one year of expiration and noticing customers whose mitigation credits have expired or are invalid; and calculating/confirming the proforma schedule of rates based on the apportionment methodology and revenue requirements for the fiscal year's assessment program. Additional services may include assessing the existing rate structure to optimize the rates and sufficiency to meet future capital improvement, operation and maintenance, and staffing needs. Services may also include review of the City's stormwater credit and exemption process and policies and an annual audit of the stormwater utility. Additionally, the selected consultant will be required to update the City's existing stormwater management area, and to review the area annually to include annexed or parcels of land which have recently changed land use from an exempt to a qualifying Department of Revenue code. The selected consultant may also be required to use previous expertise and established methods to assist with public education and outreach.

A Request for Qualifications (RFQ) for Stormwater Utility Review Continuing Consultant Services was advertised and a total of two (2) firms responded. The Procurement Department staff reviewed the submittals for responsiveness. The submittals were evaluated by a committee consisting of qualified staff from the Public Works and Utilities departments; criteria included evaluation of the firm's project team, firms experience and demonstrated capabilities, project management and project approach.

Both firms were "short-listed" and subsequently virtually brought in for discussions with the committee and given a final ranking. Following oral discussions, the Evaluation Team recommended award to the top ranked firm for a continuing contract. The ranking order is: 1) Stantec Consulting Services, Inc., Tampa, FL; and 2) Government Services Group, Inc., Tallahassee, FL.

Because this is a solicitation for professional engineering services, Florida Statutes §287.055 requires a qualification-based selection; cost cannot be one of those factors.

A Master Agreement which establishes hourly rates per discipline will be negotiated with the firm for this continuing consultant agreement for a one-year term with the option to renew for up to an additional four-annual terms. Individual Task Orders with defined scopes of work will be negotiated and issued throughout the term. Task Orders with dollar values that require Council approval will be brought forward for consideration.

Should the City be unable to negotiate a satisfactory contract with the firm considered to be the most qualified at a price the City determines to be fair, competitive, and reasonable, negotiations with that firm will be formally terminated. The City will then undertake negotiations with the second most qualified firm, Government Services Group, Inc. located in Tallahassee, FL.

#### **REQUESTING DEPARTMENT:**

Public Works, Procurement

#### FISCAL IMPACT:

Stormwater Utility Review Continuing Consultant Services will be utilized by the Public Works Department on an 'as needed' basis. The Public Work's remaining expenditures for FY22 are \$17,000.000. All task orders exceeding \$100,000 will be brought before City Council for approval.

#### **RECOMMENDATION:**

Motion to enter into negotiations for the award of RFQ #20-0-2022/SB, Stormwater Utility Review Continuing Consultant Services to Stantec Consulting Services, Inc. in Tampa, Florida. Council approval is requested to establish a one-year term contract, renewable annually based upon contract year by the Procurement Department for four (4) additional one-year terms.

# RE: Consideration of an agreement with the City of Melbourne for use of the City's mobile stage for a park renaming event.

The City of Melbourne, in conjunction with Lipscomb Street Park Association, has requested approval for use of the Recreation Department's mobile stage for a park renaming event scheduled for April 23rd, 2022. The City of Melbourne is also requesting a waiver of the rental fee of \$750.

The event to be held on April 23, 2022 is the dedication and renaming of Lipscomb Street Park to 'Eddie Lee Taylor, Sr. Community Center'. The City of Melbourne has agreed to pay the personnel cost totaling \$200, which covers one City of Palm Bay employee to deliver, set-up, and break-down while remaining onsite during the event at a rate of \$25/hour.

Melbourne City Council tentatively approved this agreement during their March 22, 2022 Council meeting. It should also be noted that the City of Melbourne does not have a mobile stage of their own.

### **REQUESTING DEPARTMENT:**

City Manager's Office, Recreation

### FISCAL IMPACT:

If the waiver is approved, the fiscal impact will be a revenue loss of \$750 for the mobile stage rental fee.

### **RECOMMENDATION:**

Motion to approve the Mobile Stage Agreement and waiver of rental fees with the City of Melbourne, authorizing the City Manager to execute the agreement.

#### Description

Stage Rental Agreement with City of Melbourne

## CITY OF PALM BAY MOBILE STAGE RENTAL AGREEMENT

In consideration of the City of Palm Bay (hereinafter "City") renting its Mobile Stage to *City of Melbourne, Florida* (hereinafter "Renter"), and the City of Palm Bay, for the mutual benefits and obligations provided in this Rental Agreement, the receipt and sufficiency of which consideration is hereby acknowledged, the City and Renter agree as follows:

1. The City agrees to rent its Mobile Stage to Renter on *April 23, 2022*. Neither the Mobile Stage nor any part of it may or shall be used at any time for the purpose of sub-renting the Mobile Stage to others or for the purpose of carrying on any business activity or trade of any kind or for the purpose(s) other than the *Ceremony for the Park Renaming of Lipscomb Park to Eddie Lee Taylor, Sr. Community Complex.* 

2. The term of this Rental Agreement shall commence at 8:00am and end at 4:00pm on April 23, 2022.

3. There will be a fee for delivery, set-up and breakdown for use of the Mobile Stage, with one City employee to remain onsite at a rate of Twenty-Five Dollars (\$25.00) an hour.

4. Smoking on the Mobile Stage will be absolutely and strictly prohibited on the Mobile Stage and no duct tape and/or adhesives of any type are allowed or may be used on or about the Stage.

5. The fee of \$200.00 for City employee wages <u>does not</u> include any fees for any sound, radio, audio, visual or any such equipment, or set-up of any such equipment; the rental fee is for stage delivery, set-up and break-down of the Mobile Stage and does not include the use of the electrical generators for lights that are located on the Mobile Stage. Rental for these items will be extra.

6. The Renter will be required to comply with all federal, county, state and local laws that apply to the use of facilities, such as the Mobile Stage, and no illegal activity shall be allowed on the Mobile Stage by the Renter.

7. Renter must immediately report any malfunction with any portion or device of the Mobile Stage, and the Renter will not misuse, dismantle, block or remove any safety device on the Mobile Stage. The Renter will absolutely prohibit the use, storage or introduction of any hazardous or any flammable materials, including, but not limited to, gasoline or kerosene or any other materials that may cause a fire such as charcoal or gas barbeque grills.

8. Renter shall provide a One Million Dollar (\$1,000,000.00) liability insurance policy, naming the Renter as the insured and naming the City as an additional insured party.

9. To the extent permitted in Section 768.28(19), Florida Statutes, the Renter agrees to hold the City and its employees and officials free from any and all liability, and hold the City harmless from claims, judgment, payments, etc., to any third party arising from or relating to the use of the Mobile Stage, except to the extent caused by the City's negligence. Nothing herein is intended to waive the rights, privileges, and immunities, or the sovereign immunity, of the Renter or City except to the extent waived by Section 768.28, Florida Statutes.

10. In the event of any litigation, jurisdiction and venue shall be in Brevard County.

# RE: Consideration of an amendment to the Contracts for Sale of Real Estate for right-of-way acquisition with Cypress Bay Farms, LLC, and Waterstone Holdings, LLC.

On February 17, 2022, City Council authorized the use of \$568,000 in transportation impact fees to acquire rights-of-way along Babcock Street from Cypress Bay Farms, LLC and Waterstone Holdings, LLC. The ATLA Statement received prior to closing, which was originally scheduled for March 17, indicated that all closing costs, to include documentary stamp taxes, were the responsibility of the City of Palm Bay. Upon reviewing the contracts and conferring with the City Attorney's Office, staff has confirmed that the City is exempt from paying doc stamp taxes, and further confirmed that the obligation to pay such taxes would be the responsibility of the non-exempt party, per Chapter 201, Florida Statutes.

The sellers, Cypress Bay Farms, LLC and Waterstone Holdings, LLC, have agreed to cover the costs of the documentary stamp taxes, \$2,261 and \$1,680, respectively. As the Contract for Real Estate with both sellers, Cypress Bay Farms, LLC and Waterstone Holdings, LLC, were fully executed on March 7, 2022, the seller has prepared the attached amendments for Council's consideration. Both amendments have been reviewed by the City Attorney's Office. Each amendment notes that the Seller will pay for the documentary stamp taxes and provides for a new closing date, which is scheduled for April 8, 2022 pending City Council's approval of the attached amendments.

### **REQUESTING DEPARTMENT:**

City Manager's Office, Public Works

### FISCAL IMPACT:

On February 17, 2022, City Council authorized the use of \$568,000 in Transportation Impact Fees towards the acquisition, to include estimated closing costs. According to the preliminary ALTA statements provided by the title company, there is a total estimated savings of \$1,381 in Transportation Impact Fees for the acquisition.

### **RECOMMENDATION:**

Motion to approve the amendments and authorize the City Manager to execute.

### **CONTRACT FOR SALE OF REAL ESTATE**

THIS CONTRACT FOR SALE OF REAL ESTATE (hereinafter referred to as "Contract") is made this \_\_\_\_\_\_ day of \_\_\_\_\_\_, 2022 by and between: CYPRESS BAY FARMS, LLC, a Florida limited liability company (hereinafter referred to as "Seller"), whose address 2040 Hwy A1A, Suite 207, Indian Harbour Beach, FL 32937 and the CITY OF PALM BAY, a Florida municipal corporation, whose address is 120 Malabar Road SE, Palm Bay, Florida 32907 (hereinafter referred to as the "City"). RECITALS

A. Seller is the owner of the certain real property described as Babcock E1, E2, and E3 and more particularly described on **Exhibit "A"** attached hereto and made a part hereof (the "Land"); and

B. Seller and City have discussed donation of the Land by Seller to the City and discussed development agreements regarding the donation of the Land by Seller; and

C. Seller and City have agreed in the interest of the City's time constraints that City would request a purchase of the Land from Seller.

#### AGREEMENT

In consideration of the mutual promises and covenants contained herein and for other good and valuable consideration, the receipt and legal sufficiency of which are hereby acknowledged by each of the parties, it is agreed as follows:

1. **Purchase Contract.** Seller agrees to sell and the City agrees to purchase on the terms and conditions contained herein, the Land together with all of Seller's right, title and interest in and to the Land.

2. **Purchase Price.** The purchase price for the Land shall be Three Hundred Twenty-Three Thousand and No/100 Dollars (\$323,000.00)\_(the "Purchase Price") and shall be payable at Closing. City shall pay to Seller, subject to closing adjustments, by wire transfer, to the account of the Escrow Agent an amount equal to the Purchase Price.

3. **Time and Place of Closing.** The Closing date will occur on or before the **March10, 2022** (the "Closing Date"). Both parties will fully cooperate in order for the Closing to be fully accomplished, on or before the Closing Date. The Closing will be held at Escrow Agent's office as designated by the City of Palm Bay and by means of United State Mail as necessary with the following contact address for Seller: 2040 HWY A1A, SUITE 207, INDIAN HARBOUR BEACH, FL 32937

Time is of the essence in the performance of this Contract. The parties agree that they shall diligently and expeditiously pursue their respective obligations set forth in this Contract.

#### 4. Title Insurance and Survey.

(a) The City shall procure and provide a copy to the Seller (along with copies of any exceptions) no later than 5:00pm, Eastern Standard Time on the date that is ten (10) days following Effective Date, as hereinafter defined, issuance of a title insurance commitment, issued by a qualified title insurer agreeing to issue to the City upon recording of the deed to the City, a fee owner's policy of title insurance (ALTA Form) in the amount of the purchase price of the Land subject only to the Permitted Exceptions (as hereinafter defined) and the so-called "Standard Exceptions" contained on the inside jacket cover of the standard ALTA Form of Commitment; said commitment shall provide that said Standard Exceptions will be deleted by the title insurance company upon furnishing to the issuing agent a Lien, Possession and Encumbrance Affidavit in the customary form (and Seller agrees to furnish such Affidavit at and as a part of the Closing) and a current survey and surveyor's report (on the prescribed company form; said survey and surveyor's report to be furnished by the City at the City's expense).

(b) The City shall have ten (10) days from receipt of the Title Commitment within which to review the Title Commitment and to notify the Seller in writing of such reasonable written objections as they may have to matters set forth in the Title Commitment and the surveys which materially affect the feasibility of the contemplated use (the "Title Objection Notice"). If City timely delivers the Title Objection Notice to Seller, in writing, Seller shall within fifteen (15) days following Seller's receipt of City's Title Objection Notice, notify the City in writing whether Seller, at Seller's sole expense, will cure such Title Objections on or prior to Closing, or specify any Title Objections which it will not cure. Notwithstanding the foregoing, Seller shall be obligated to satisfy and cause the removal at Closing any mortgages, deeds of trust, judgements or any other monetary liens encumbering the Land ("Monetary Liens").

(c) Failure to cure the objections to the satisfaction of the City shall give the City right to: (1) Waive the title objections and close the sale and purchase, such exception shall then be deemed "Permitted Exceptions"; or (2) Terminate this Contract and obtain a refund of all payments including the escrow deposit, if any, in which event all rights and obligations between the parties shall be terminated. Upon such termination, Seller and City shall thereby be released from any further obligation under this Contract.

5. **Closing.** The City shall pay the cost of the title search, lien search, if required, and the premium for the owner's Title Insurance Policy. Any instrument, assurance or deposit made or given in order to cure a defect in title shall be in such form, on such terms, under such conditions and in such amount as may be reasonably required by the title insurance company insuring title to satisfy said company sufficiently for it to ascertain and accept the facts and/or omit (or insure over) any exception to title not permitted under this Contract.

(a) Seller shall pay for the cost and recording of any corrective title instruments. City shall pay the costs of State documentary stamps (if any) affixed to the deeds of conveyance. (b) City shall pay the cost of any surveys, tests or evaluations that it may commission, any environmental audit reports that it may commission, and the cost to record the warranty deed, as aforesaid.

(c) At Closing, City shall deliver to Escrow Agent the Purchase Price and Seller shall deliver to Escrow Agent the following items ("Closing Documents")

(i) a Special Warranty Deed in the form of Exhibit "B" attached hereto ("Deed") conveying the Land in a form as reasonably required to procure title insurance for the transaction, subject only to Permitted Exceptions.

(ii) an affidavit of no liens or parties in possession affidavit in form and substance reasonably acceptable to the Title Insurance Company;

(iii) FIRPTA affidavit

(iv) Limited liability Company affidavit authorizing the transaction;

(v) such other documents and instruments as may be reasonably and customarily requested by the Title Insurance Company to effectuate the transaction contemplated by this Contract and to induce the Title Insurance Company to issue an owners' title insurance policy on a standard ALTA Form (with customary Florida modifications) insuring the City's fee simple title to the Land, at City's expense, free and clear of all exceptions and encumbrances other than the Permitted Exceptions, with liability limits in the amount of the Purchase Price.

6. **Representations of Seller.** Seller has no notice or information of any litigation or administrative proceeding threatened or pending against the Land or Seller's interest in it. Seller covenants that Seller has no or information indicating the presence of hydrocarbons, hazardous wastes, toxic materials, asbestos, environmental contamination or environmental pollutants on the Land and shall not cause or authorize any of the same to be introduced to the Land while this Contract is in force.

While this Contract is in force, Seller shall not, without the consent of the City, execute any easements or restrictions or otherwise take or permit any action that would constitute an exception under the Surveys, Title Commitment or Title Policy, or any other matter. Should any representation by Seller herein prove false as set forth in this Section, the City shall be entitled to terminate this Contract, in which event all rights and obligations hereunder shall terminate. All representations contained in this Section shall survive for 6 months subsequent to the Closing, but Seller shall have no obligations to the City relative to any changes in the condition of the Land during this post closing time period. The parties further agree to execute and deliver such other documents at Closing as are typical in a real estate transaction.

7. **Representations of City.** The City shall obtain all necessary approvals for the Purchase of the Land. The City represents that the use and purpose of the Land is for

public right of way use associated with the widening of Babcock Street, a public right of way. The City represents and agrees that it shall executed any associated easements or documents to protect Seller's access over, across and through the Land from Seller's adjacent property.

Physical Condition of the Land. The Property is being sold "AS IS". City 8. acknowledges and agrees that (a) City has, or will have prior to the expiration of the Inspection Period, independently examined, inspected, and investigated to the full satisfaction of City, the physical nature and condition of the Land, including, without limitation, its environmental condition; (b) except as expressly provided herein or in any closing document executed by Seller, neither Seller nor any agent, officer, employee, or representative of Seller has made any representation whatsoever regarding the physical nature or environmental condition of the Land, the existence or non-existence of petroleum, asbestos, lead paint, fungi, including mold, or other microbial contamination, hazardous substances or wastes, solid wastes, landfill gases, pollutants, contaminants, underground or above ground storage tanks or any other environmental hazards on, under, or about the Land, the compliance of the Land or its operation with any laws, rules, ordinances, or regulations of any applicable governmental or quasi-governmental authority or the habitability, merchantability, marketability, profitability of fitness of the Land for any purpose. Subject to the express representations, warranties, and covenants of Seller set forth herein or in any closing document executed by Seller. Buyer in executing, delivering and performing this Contract, does not rely upon any statement, engineering, structural report, any environmental reports, information or representation to whomsoever made or given, whether to City or others and whether directly or indirectly, orally or in writing, made by any person, firm or corporation and City acknowledges any such statement, information, report or representation, if any, does not represent or guarantee future performance of the Land. Without limiting the foregoing, but subject to the express representations, warranties, and covenants of Seller set forth herein or in any closing document executed by Seller, Seller shall deliver, and City shall take, the Land in its "as is" "where is" condition and with all faults on the Closing Date. The provisions of this Section shall survive the Closing or the earlier termination of this Contract. Except as expressly provided herein or in any closing document executed by Seller, no representations or warranties, expressed or implied, understandings, guaranties or promises have been made to or relied upon by City in making the determination to execute and close pursuant to this Contract and to the maximum extent permitted by law, all representations and warranties, including implied warranties of fitness for a particular purpose, merchantability, and habitability, and all warranties imposed by statute, if any, (except to the extent they cannot be disclaimed) are hereby disclaimed. Seller does not make any claims of promises about the condition or value of any of the Land included in this sale except as set forth in this Contract. The City has inspected the Land or may inspect the Land during the inspection period, and relies on this inspection and any rights which may be and statements of Seller as provided for elsewhere in this Contract. Seller agrees to maintain the grounds, buildings and improvements on the Land, if any, in the condition found on the date of this Contract, subject to ordinary wear and tear.

9. **Inspection of the Property.** Seller agrees to permit the City to inspect the Land at any reasonable time from the Effective Date until March 1, 2022 ("Inspection Period"). The City shall not damage or alter the Land. Upon written notice by Seller that the Land has been damaged or altered, the City shall return, at its sole cost and expense, the Land to its condition immediately preceding any inspections conducted by the City. If City determines that the Land is not suited for its purposes in its sole discretion, the City shall notify Seller in writing prior to the expiration of the Inspection Period, in which case the parties shall be released from each other in all matters herein and shall have no duty or liability to one another of any type or nature whatsoever, and this Contract shall terminate.

10. **Property Lines.** Seller states that, to the best of Seller's knowledge, all buildings, driveways and other improvements on the Land are within its boundary lines. Also, no improvements on adjoining properties extend across the boundary lines of the Property.

11. **Risk of Loss.** Seller is responsible for any damage to the Land, except for normal wear and tear until the Closing.

12. Effective Date, Approval and Cancellation of Contract. This Contract shall be subject to funding and approval of the City Council of the City of Palm Bay. The purchase of Land contemplated herein is subject to the approval by the City Council of the City of Palm Bay upon determination the purchase is in the public interest. Such date of approval by the City Council of the City of Palm Bay shall be the Effective Date of this Contract. Should said funding and approval not be obtained, the Contract may be terminated without penalty and the parties shall be released from this Contract and have no further obligations to the other except for those that survive closing or early termination.

13. Adjustments at Closing. The City and Seller agree to adjust the following expenses as of the Closing date: rents, municipal water, stormwater or utility charges, sewer charges, taxes, interest on any mortgage to be assumed and insurance premiums. The City or Seller may require that any person with a claim or right affecting the Property be paid off from the proceeds of this sale.

14. **Possession.** At the Closing the City will be given sole and exclusive possession of the Land. No tenant will have any right to the Property unless otherwise agreed in this Contract.

15. **Complete Contract.** This Contract is the entire and only agreement between the City and Seller. This Contract replaces and cancels any previous agreements between the City and Seller. This Contract may only be changed by an agreement in writing signed by both City and Seller. Seller states that Seller has not made any other Contract to sell the Land to anyone else, notwithstanding the previous sentence, Seller has the sole right and discretion to sell the Land in the event City

terminates this Contract and may include that contingency in a contract for sale which may include the Land.

16. **No Broker Commissions.** The City is not responsible for any real estate broker commissions or fees in this transaction which may be due any current and active Florida licensed real estate broker as set forth in a separate contract for professional real estate broker services. Further, Seller shall be solely and exclusively responsible for any and all real estate broker commissions and/or fees that may be due, if any, to representatives retained by Seller in relation to the sale of the subject property described above and said commissions and/or fees shall be remitted by Seller outside of closing.

#### 17. **Remedies Upon Default.**

- a. If the purchase and sale of the Land contemplated hereby is not consummated in accordance with the terms and conditions of this Contract due to circumstances or conditions which constitute a default by the City hereunder, Seller's sole and exclusive remedies hereunder shall be termination of the contract and to have City pay to Seller any actual out of pocket expenses incurred by Seller due to City's default.
- In the event of a default by Seller under the terms of this Contract that is first discovered by the City prior to the Closing and is not cured by Seller as provided hereunder, the City's sole and exclusive remedies hereunder shall be either to (i) terminate this Contract or (ii) seek specific performance of Seller's obligations under this Contract.

18. **Parties Liable.** This Contract is binding upon all parties who sign it and all who succeed to their rights and responsibilities. The signatories to this Contract represent that they have the authority to execute this Contract and bind the respective parties hereto as set forth in this Contract.

19. **Assignment.** This Contract shall not be assignable. Neither the City nor the Seller shall have the right to assign this contract without the prior written consent of the other party, which consent shall not be unreasonably withheld.

20. **Notices.** Any notices, requests, demands, tenders and communications hereunder shall be in writing and may be served (i) by depositing same in the United States mail, addressed to the party to be notified, postage prepaid and registered or certified with return receipt requested; (ii) by recognized overnight, third party prepaid courier service (such as Federal Express); (iii) by delivering the same in person to such party; or (iv) by successful transmission by electronic mail or telecopy. Any notice or other communication mailed as aforesaid shall be deemed effectively given (x) on the date and time of delivery if personally delivered or sent by electronic transmission or telecopy, (y) on the date and time delivered if sent by courier service, or (z) on the date and time

indicated on the return receipt if mailed. Either party may change its address for notices by giving notice to the other as provided below.

#### 21. Additional Provisions.

(a) The provisions of this Contract shall bind and inure to the benefit of the heirs, personal representatives, successors and assigns of the parties. This Contract shall be governed by, and construed and enforced in accordance with, the laws of the State of Florida.

(b) If either party shall bring an action or proceeding (including any cross complaint, counter-claim or third party suit) against the other party in connection with this Contract, by reason of breach or alleged breach of any covenant, term or obligation hereunder or otherwise arising out of this Contract, the prevailing party in any such action or proceeding shall be entitled to its costs and expenses of suit, including reasonable attorneys' fees at all trial and appellate levels.

(c) Venue for any dispute shall be in the appropriate Court in and for Brevard County, Florida.

(d) The section headings herein contained are inserted for convenience of reference only and shall not be deemed to be a part of this Contract; they shall be ignored in construing this Contract. The fact that one of the parties may be deemed to have drafted

or structured any provision hereof shall not affect the interpretation of this Contract and this Contract is the result of bona fide arm's length negotiations by and between the parties and, accordingly, the fact that one or another party drafted this Contract, or any part of it, shall not be considered in construing the particular provision either in favor of or against such party. Both parties have contributed substantially and materially to the drafting of this Contract.

(e) This Contract may be executed by the parties in any number of counterparts, each of which shall be deemed an original, and all such counterparts shall be deemed one and the same Contract. In the event this Contract is executed in counterparts, the effective date of this Contract shall be determined with reference to the date of the last execution of any of the counterparts.

22. **FinCEN GTO Notice**: If Closing Agent is required to comply with the U.S. Treasury Department's Financial Crimes Enforcement Network ("FinCEN") Geographic Targeting Orders ("GTOs"), the Buyer shall provide Closing Agent with the information related to Buyer and the transaction contemplated by this Contract that is required to complete IRS Form 8300, and Buyer consents to Closing Agent's collection and report of said information to IRS.

### EXHIBIT "B" PERMITTED EXCEPTIONS

#### CONTRACT FOR SALE OF REAL ESTATE

THIS CONTRACT FOR SALE OF REAL ESTATE (hereinafter referred to as "Contract") is made this \_\_\_\_\_\_ day of \_\_\_\_\_\_, 2022 by and between: WATERSTONE HOLDINGS, LLC, a Florida limited liability company (hereinafter referred to as "Seller"), whose address 2040 Hwy A1A, Suite 207, Indian Harbour Beach, FL 32937 and the CITY OF PALM BAY, a Florida municipal corporation, whose address is 120 Malabar Road SE, Palm Bay, Florida 32907 (hereinafter referred to as the "City").

#### RECITALS

A. Seller is the owner of that certain real property described as Babcock W1 and Babcock W3, and more particularly described on Exhibit "A" attached hereto and made a part hereof (the "Land"); and

B. Seller and City have discussed donation of the Land by Seller to the City and discussed development agreements regarding the donation of the Land by Seller; and

C. Seller and City have agreed in the interest of the City's time constraints that City would request a purchase of the Land from Seller.

#### AGREEMENT

In consideration of the mutual promises and covenants contained herein and for other good and valuable consideration, the receipt and legal sufficiency of which are hereby acknowledged by each of the parties, it is agreed as follows:

1. **Purchase Contract.** Seller agrees to sell and the City agrees to purchase, on the terms and conditions contained herein, the Land together with all of Seller's right, title and interest in and to the Land.

2. **Purchase Price.** The purchase price for the Land shall be Two Hundred Forty Thousand and No/100 Dollars (\$240,000.00) (the "Purchase Price")\_and shall be payable at Closing. City shall pay to Seller, subject to closing adjustments, by wire transfer, to the account of the Escrow Agent, an amount equal to the Purchase Price.

3. **Time and Place of Closing.** The Closing date will occur on or before the **March 10, 2022**(the "Closing Date"). Both parties will fully cooperate in order for the Closing to be fully accomplished, on or before the Closing Date. The Closing will be held at Escrow Agent's Office as designated by the City of Palm Bay and by means of United State Mail as necessary with the following contact address for Seller: 2040 HWY A1A, SUITE 207, INDIAN HARBOUR BEACH, FL 32937

Time is of the essence in the performance of this Contract. The parties agree that they shall diligently and expeditiously pursue their respective obligations set forth in this Contract.

#### 4. Title Insurance and Survey.

(a) The City shall procure and furnish a copy to the Seller (along with copies of any exceptions) no later than 5:00pm, Eastern Standard Time on the date that is ten (10) days following Effective Date, as hereinafter defined, a title insurance commitment (the "Commitment") issued by a qualified title insurer agreeing to issue to the City upon recording of the deed to the City, a fee owner's policy of title insurance (ALTA Form) in the amount of the purchase price of the Land subject only to the Permitted Exceptions (as hereinafter defined) and the so-called "Standard Exceptions" contained on the inside jacket cover of the standard ALTA Form of Commitment; said commitment shall provide that said Standard Exceptions will be deleted by the title insurance company upon furnishing to the issuing agent a Lien, Possession and Encumbrance Affidavit in the customary form (and Seller agrees to furnish such Affidavit at and as a part of the Closing) and a current survey and surveyor's report (on the prescribed company form; said survey and surveyor's report to be furnished by the City at the City's expense).

(b) The City shall have ten (10) days from receipt of the Title Commitment within which to review the Title Commitment and to notify the Seller in writing of such reasonable written objections as they may have to matters set forth in the Title Commitment and the surveys which materially affect the feasibility of the contemplated use (the "Title Objection Notice"). If City timely delivers the Title Objection Notice to Seller in writing, Seller shall, within fifteen (15) days following Seller's receipt of City's Title Objection Notice, notify City in writing whether Seller, at Seller's sole expense, will cure such Title Objections on or prior to Closing, or specify any Title Objections which it will not cure. Notwithstanding the foregoing, Seller shall be obligated to satisfy and cause the removal at Closing, any mortgages, deeds of trust, judgments or any other monetary liens encumbering the Land ("Monetary Liens")

(c) Failure to cure the objections to the satisfaction of the City shall give the City the right to: (1) Waive the title objections and close the sale and purchase, such exceptions shall then be deemed "Permitted Exceptions"; or (2) Terminate this Contract and obtain a refund of all payments including the escrow deposit, if any, in which event all rights and obligations between the parties shall be terminated. Upon such termination, Seller and City shall thereby be released from any further obligation under this Contract, except those obligations that specifically survive termination of the Contract.

5. **Closing.** The City shall pay the cost of the title search, lien search, if required, and the premium for the owner's Title Insurance Policy. Any instrument, assurance or deposit made or given in order to cure a defect in title shall be in such form, on such terms, under such conditions and in such amount as may be reasonably required by the title insurance company insuring title to satisfy said company sufficiently for it to ascertain and accept the facts and/or omit (or insure over) any exception to title not permitted under this Contract.

(a) Seller shall pay for the cost and recording of any corrective title instruments. City shall pay the costs of State documentary stamps (if any) affixed to the deeds of conveyance.

(b) City shall pay the cost of any surveys, tests or evaluations that it may commission, any environmental audit reports that it may commission, and the cost to record the warranty deed, as aforesaid.

(c) At Closing, City shall deliver to Escrow Agent the Purchase Price and Seller shall deliver to City the following items ("Closing Document")

(i) a Special Warranty Deed in the form of Exhibit "B" attached hereto ("Deed") conveying the Land in a form as reasonably required to procure title insurance for the transaction, subject only to Permitted Exceptions;

(ii) an affidavit of no liens or parties in possession affidavit in form and substance reasonably acceptable to the Title Insurance Company;

- (iii) FIRPTA affidavit
- (iv) Limited Liability Company affidavit authorizing

transaction

(v) such other documents and instruments as may be reasonably and customarily requested by the Title Insurance Company to effectuate the transaction contemplated by this Contract and to induce the Title Insurance Company to issue an owner's title insurance policy on a standard ALTA Form (with customary Florida modifications) insuring City's fee simple title to the Land, at City's expense, free and clear of all exceptions and encumbrances other than the Permitted Exceptions, with liability limits in the amount of the Purchase Price.

6. **Representations of Seller.** Seller has no notice or information of any litigation or administrative proceeding threatened or pending against the Land or Seller's interest in it. Seller covenants that Seller has no or information indicating the presence of hydrocarbons, hazardous wastes, toxic materials, asbestos, environmental contamination or environmental pollutants on the Land and shall not cause or authorize any of the same to be introduced to the Land while this Contract is in force.

While this Contract is in force, Seller shall not, without the consent of the City, execute any easements or restrictions or otherwise take or permit any action that would constitute an exception under the Surveys, Title Commitment or Title Policy, or any other matter. Should any representation by Seller herein prove false as set forth in this Section, the City shall be entitled to terminate this Contract, in which event all rights and obligations hereunder shall terminate. All representations contained in this Section shall survive for 6 months subsequent to the Closing, but Seller shall have no obligations to the City relative to any changes in the condition of the Land during this post closing time period.

The parties further agree to execute and deliver such other documents at Closing as are typical in a real estate transaction.

7. **Representations of City.** The City shall obtain all necessary approvals for the Purchase of the Land. The City represents that the use and purpose of the Land is for public right of way use associated with the widening of Babcock Street, a public right of way. The City represents and agrees that it shall execute any associated easements or documents to protect Seller's access over, across and through the Land from Seller's adjacent property.

8. Physical Condition of the Land. The Land is being sold "AS IS". City acknowledges and agrees that (a) City has, or will have prior to the expiration of City's Inspection Period, independently examined, inspected, and investigated to the full satisfaction of City, the physical nature and condition of the Land, including, without limitation, its environmental condition, (b) except as expressly provided herein or in any closing document executed by Seller, neither Seller nor any agent, officer, employee, or representative of Seller has made any representation whatsoever regarding the physical nature or environmental condition of the Land, the existence or non-existence of petroleum, asbestos, lead paint, fungi, including mold, or other microbial contamination, hazardous substances or wastes, solid wastes, landfill gases, pollutants, contaminants, underground or above ground storage tanks or any other environmental hazards on, under or about the Land, the compliance of the Land or its operation with any laws, rules, ordinances or regulations of any applicable governmental or quasi-governmental authority or the habitability, merchantability, marketability, profitability or fitness of the Land for any purpose. Subject to the express representations, warranties and covenants of Seller set forth herein or in any closing document executed by Seller, Buyer, in executing, delivering and performing this Contract, does not rely upon any statement, engineering structural report, any environmental reports, information, or representation to whomsoever made or given, whether to City or others, and whether directly or indirectly, orally or in writing, made by any person, firm or corporation and City acknowledges that any such statement, information, report or representation, if any, does not represent or guarantee future performance of the Land. Without limiting the foregoing, but subject to the express representations, warranties and covenants of Seller set forth herein or in any closing document executed by Seller, Seller shall deliver, and City shall take, the Land in its "as is" "where is" condition and with all faults on the Closing Date. The provisions of this Section shall survive the Closing or the earlier termination of this Contract. Except as expressly provided herein or in any closing document executed by Seller, no representations or warranties, expressed or implied, understandings, guaranties or promises have been made to or relied upon by City in making the determination to execute and close pursuant to this Contract and to the maximum extent permitted by law, all representations and warranties, including implied warranties of fitness for a particular purpose, merchantability and habitability, and all warranties imposed by statute, if any, (except to the extent they cannot be disclaimed) are hereby disclaimed. Seller does not make any claims of promises about the condition or value of any of the Land included in this sale except as set forth in this Contract. The City has inspected the Land, or may inspect the Land during the

inspection period, and relies on this inspection and any rights which may be and statements of Seller as provided for elsewhere in this Contract. Seller agrees to maintain the grounds, buildings and improvements on the Land, if any, in the condition found on the date of this Contract, subject to ordinary wear and tear.

9. **Inspection of the Property.** Seller agrees to permit the City to inspect the Land at any reasonable time from the Effective Date until March 1, 2022, ("Inspection Period") The City shall not damage or alter the Land. Upon written notice by Seller that Land has been damages or altered, the City shall return, at is sole cost and expense, the Land to its condition immediately preceding any inspections conducted by the City If City determines that the Land is not suited for its purposes in its sole discretion, the City shall notify Seller in writing prior to the expiration of the Inspection Period, in which case the parties shall be released from each other in all matters herein, shall have no duty or liability one to another of any type or nature whatsoever and this Contract shall terminate.

10. **Property Lines.** Seller states that, to the best of Seller's knowledge, all buildings, driveways and other improvements on the Landare within its boundary lines. Also, no improvements on adjoining properties extend across the boundary lines of the Property.

11. **Risk of Loss.** Seller is responsible for any damage to the Land, except for normal wear and tear until the Closing.

12. Effective Date, Approval and Cancellation of Contract. This Contract shall be subject to funding and approval of the City Council of the City of Palm Bay. The purchase of the Land contemplated herein is subject to the approval by the City Council of the City of Palm Bay upon determination that the purchase is in the public interest. Such date of approval by the City Council of the City of Palm Bay shall be the Effective Date of this Contract. Should said funding and approval not be obtained, this Contract may be terminated without penalty and the parties shall be released from this Contract and have no further obligations to the other except for those that survive closing or early termination.

13. **Adjustments at Closing.** The City and Seller agree to adjust the following expenses as of the Closing date: rents, municipal water, stormwater or utility charges, sewer charges, taxes, interest on any mortgage to be assumed and insurance premiums. The City or Seller may require that any person with a claim or right affecting the Land be paid off from the proceeds of this sale.

14. **Possession.** At the Closing the City will be given sole and exclusive possession of the Land. No tenant will have any right to the Land unless otherwise agreed in this Contract.

15. **Complete Contract.** This Contract is the entire and only agreement between the City and Seller. This Contract replaces and cancels any previous agreements between the City and Seller. This Contract may only be changed by an

agreement in writing signed by both City and Seller. Seller states that Seller has not made any other Contract to sell the Land to anyone else, notwithstanding the previous sentence, Seller has the sole right and discretion to sell the Land in the event City terminates this Contract and may include that contingency in a contract for sale which may include the Land.

16. **No Broker Commissions.** The City is not responsible for any real estate broker commissions or fees in this transaction which may be due any current and active Florida licensed real estate broker as set forth in a separate contract for professional real estate broker services. Further, Seller shall be solely and exclusively responsible for any and all real estate broker commissions and/or fees that may be due, if any, to representatives retained by Seller in relation to the sale of the subject property described above and said commissions and/or fees shall be remitted by Seller outside of closing.

#### 17. Remedies Upon Default.

- a. If the purchase and sale of the Land contemplated hereby is not consummated in accordance with the terms and conditions of this Contract due to circumstances or conditions which constitute a default by the City hereunder, Seller's sole and exclusive remedies hereunder shall be termination of the contract and to have City pay to Seller any actual out of pocket expenses incurred by Seller due to City's default.
- b. In the event of a default by Seller under the terms of this Contract that is first discovered by the City prior to the Closing and is not cured by Seller as provided hereunder, the City's sole and exclusive remedies hereunder shall be either to (i) terminate this Contract or (ii) seek specific performance of Seller's obligations under this Contract.

18. **Parties Liable.** This Contract is binding upon all parties who sign it and all who succeed to their rights and responsibilities. The signatories to this Contract represent that they have the authority to execute this Contract and bind the respective parties hereto as set forth in this Contract.

19. **Assignment.** This Contract shall not be assignable. Neither City nor the Seller shall have the right to assign this contract without the prior written consent of the other party, which consent shall not be unreasonably withheld.

20. **Notices.** Any notices, requests, demands, tenders and communications hereunder shall be in writing and may be served (i) by depositing same in the United States mail, addressed to the party to be notified, postage prepaid and registered or certified with return receipt requested; (ii) by recognized overnight, third party prepaid courier service (such as Federal Express); (iii) by delivering the same in person to such party; or (iv) by successful transmission by electronic mail or telecopy. Any notice or other

communication mailed as aforesaid shall be deemed effectively given (x) on the date and time of delivery if personally delivered or sent by electronic transmission or telecopy, (y) on the date and time delivered if sent by courier service, or (z) on the date and time indicated on the return receipt if mailed. Either party may change its address for notices by giving notice to the other as provided below.

## Description

2022 Interlocal Agreement for Law Enforcement Services with the City of Melbourne for Florida Ave, Palm Bay Road, and Babcock Street

## INTERLOCAL AGREEMENT FOR LAW ENFORCEMENT SERVICES (Florida Avenue, Palm Bay Road and Babcock Street)

**THIS AGREEMENT**, made this \_\_\_\_\_ day of \_\_\_\_\_, 2022, by and between the CITY OF MELBOURNE, a Florida Municipal Corporation (hereinafter "MELBOURNE"), and CITY OF PALM BAY, a Florida Municipal Corporation (hereinafter "PALM BAY").

## RECITALS:

WHEREAS, Section 166.0495, Florida Statutes, authorizes municipalities to enter into interlocal agreements to provide law enforcement services within the boundaries of adjoining municipalities within the same county; and

WHEREAS, MELBOURNE and PALM BAY have adjoining, abutting boundaries and are all situated within Brevard County, Florida; and

WHEREAS, the right-of-way of portions of Florida Avenue between Lipscomb Street and the eastern end of Florida Avenue, which is a cul-de-sac located slightly east of a roadway known as James Street in MELBOURNE and Northview Street, N.E., in PALM BAY, and slightly west of the Florida East Coast Railway, meanders and encroaches in and upon portions of MELBOURNE and PALM BAY; and

WHEREAS, the right-of way of portions of County Road 516, commonly known as Palm Bay Road, and of State Road 507, commonly known as Babcock Street, meander and encroach in and upon portions of MELBOURNE and PALM BAY; and WHEREAS, there is public misconception that Florida Avenue, east of Babcock Street, and that Babcock Street are located entirely within the city limits of MELBOURNE and that Palm Bay Road is located entirely within the city limits of PALM BAY; and

WHEREAS, in fact, portions of the paved roadway of Florida Avenue, Palm Bay Road and Babcock Street extend into the corporate limits of both MELBOURNE and PALM BAY; and

WHEREAS, the extension of the paved portions of Florida Avenue, Palm Bay Road and Babcock Street into the two jurisdictions creates difficulty in determining the jurisdiction of the specific law enforcement agencies to handle law enforcement matters that occur upon the paved portions of such streets; and

WHEREAS, the confusion in determining the proper law enforcement entity to have and exercise jurisdiction has created confusion among the two jurisdictions, as well as among citizens; and

WHEREAS, jurisdictional questions have created problems in Court when enforcement action has been taken; and

WHEREAS, law enforcement officers, as well as citizens, have complained about such confusion; and

WHEREAS, on occasion, the determination of the proper authority to exercise police powers has been mistakenly made; and

WHEREAS, in order to remedy this confusion amongst citizens MELBOURNE and PALM BAY previously entered into successive five (5) year interlocal agreements; and

WHEREAS, both MELBOURNE and PALM BAY have deemed that the prior five (5) year interlocal agreements were advantageous to expedient and orderly policing in each respective jurisdiction; and

WHEREAS, MELBOURNE and PALM BAY agree to consolidate and renew the terms of the prior interlocal agreements as set forth below in this Agreement; and

WHEREAS, MELBOURNE and PALM BAY recognize the benefits to the citizens of their respective political subdivisions by this Agreement; and

WHEREAS, MELBOURNE and PALM BAY enter into this Agreement pursuant to the power and authority of their respective Charters and Home Rule powers pursuant to Article VIII, Section 2, Florida Constitution of 1968, as implemented by Section 166.021, Florida Statutes, and Section 166.0495, Florida Statutes; and

WHEREAS, on \_\_\_\_\_\_, 2022, the City Council of the City of Melbourne considered this Agreement and approved it in public session; and

WHEREAS, on \_\_\_\_\_\_, 2022, the City Council of the City of Palm Bay considered this Agreement and approved it in public session.

NOW THEREFORE, in consideration of the mutual covenants and agreements contained in this Agreement, together with other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, MELBOURNE and PALM BAY (hereinafter referred to collectively as the "Parties" or singularly as the "Party") agree as follows:

1. The above recitals are true and correct and are hereby adopted, incorporated into and made an integral part of this Agreement.

2. <u>*Definitions*</u>. For purposes of this Agreement, the following terms shall be defined as set forth below:

"Law enforcement activities" as used in this Agreement include and are limited to traffic enforcement under the Florida Uniform Traffic Control Act, Chapter 316, Florida Statutes; enforcement of Florida criminal statutes; and enforcement of offenses and matters under other Florida Statutes, all as amended or superseded from time to time.

"Primary jurisdiction" shall mean the law enforcement organization that has original jurisdiction on a specifically referenced street pursuant to this Agreement and assumes full responsibility for law enforcement on such specifically referenced street. Primary jurisdiction shall mean the same as original jurisdiction.

"Secondary jurisdiction" shall mean the law enforcement organization that is requested to assume law enforcement responsibility by the primary jurisdiction entity for calls for police service on a specifically referenced street pursuant to this Agreement. Concurrent jurisdiction shall mean the same as secondary jurisdiction.

#### 3. Declaration of Primary Jurisdiction.

a) *Florida Avenue*. Commencing on June 1, 2022, the Parties hereto agree that MELBOURNE shall have primary jurisdiction for all law enforcement activities that occur on the paved portions of Florida Avenue between Lipscomb Street and the eastern end of Florida Avenue, which is a cul-de-sac located slightly east of a roadway known as James Street, in MELBOURNE and Northview Street, N.E., in PALM BAY, and slightly west of the Florida East Coast Railway, and to the north of Florida Avenue. Such primary jurisdiction shall include the intersection of Florida Avenue and Lipscomb Street.

b) *Palm Bay Road.* Commencing on June 1, 2022, the Parties agree that PALM BAY shall have primary jurisdiction for all law enforcement activities that occur on the paved portions of County Road 516, commonly known as Palm Bay Road. Such primary jurisdiction shall include the intersection with Babcock Street.

c) *Babcock Street.* Commencing on June 1, 2022, the Parties agree that MELBOURNE shall have primary jurisdiction for all law enforcement activities that occur on the paved portions of State Road 507, commonly known as Babcock Street. Such primary jurisdiction shall begin at the north lateral line of the intersection of Palm Bay Road and extend northward to the MELBOURNE municipal boundaries.

#### 4. <u>Transfer of Primary Authority for Law Enforcement Activity</u>.

a) *Florida Avenue*. The Parties agree and understand that the areas for which MELBOURNE will accept, assume and undertake law enforcement jurisdiction includes only the paved portions of Florida Avenue, and any areas to the north of Florida Avenue, to which PALM BAY hereby transfers and relinquishes its primary law enforcement authority and jurisdiction to MELBOURNE. PALM BAY does not relinquish its primary law enforcement authority, and MELBOURNE does not accept such authority, upon and within those areas south of an imaginary line that runs parallel to the south side of the paved portion of Florida Avenue where it intersects with PALM BAY municipal boundaries.

b) *Palm Bay Road.* The Parties agree and understand that the areas for which PALM BAY will accept, assume and undertake law enforcement jurisdiction includes only the paved portions of Palm Bay Road to which MELBOURNE hereby transfers and relinquishes its primary law-enforcement authority and jurisdiction to PALM BAY. MELBOURNE does not relinquish its law enforcement authority and PALM BAY does not accept such authority upon and within those areas north of a lateral line that runs parallel to the north side of the paved portion of Palm Bay Road where it intersects with MELBOURNE municipal boundaries.

c) *Babcock Street.* The Parties agree and understand that the areas for which MELBOURNE will accept, assume and undertake law enforcement jurisdiction includes only the

paved portion of Babcock Street to which PALM BAY hereby transfers and relinquishes its primary law enforcement authority and jurisdiction to MELBOURNE. PALM BAY does not relinquish its law enforcement authority and MELBOURNE does not accept such authority upon and within those areas east and west of a lateral line that runs parallel to the east and west side of the paved portion of Babcock Street where it intersects with PALM BAY municipal boundaries.

5. Secondary Authority. Each Party to this agreement shall have secondary jurisdiction responsibilities within its own corporate limits along the paved portions of Florida Avenue, Palm Bay Road and Babcock Street that are subject to the transfer of law enforcement activities pursuant to this Agreement. Each Party with secondary jurisdiction is authorized but shall not be required, to take any law enforcement action it deems proper and necessary in the event that the Party with primary jurisdiction cannot respond to a particular situation in the event of operational constraints. During the term of the Agreement, the Parties agree that in the event PALM BAY cannot respond due to unit unavailability, PALM BAY may request MELBOURNE to respond to calls for service on the paved portion of Palm Bay Road that is subject to the transfer of law enforcement activities pursuant to this Agreement. In the event MELBOURNE cannot respond due to unit unavailability, MELBOURNE may request PALM BAY to respond to calls for service on the paved portion of Babcock Street or Florida Avenue, as the case may be, that is subject to the transfer of law enforcement activities pursuant to this Agreement. Nothing herein shall be construed or interpreted to create any duty upon any Party to assume secondary jurisdiction.

6. <u>Temporary Authority of First Responders at Scenes of Primary Jurisdiction</u>. If MELBOURNE is first to arrive at a scene within the paved portion of Palm Bay Road that is subject to the transfer of law enforcement activities pursuant to this Agreement and if law

enforcement action is required, MELBOURNE shall assume jurisdiction and law enforcement responsibility of the situation until PALM BAY can arrive at the scene and assume original jurisdiction as contemplated by this Agreement. If PALM BAY is first to arrive at a scene within the paved portion of Babcock Street or Florida Avenue, as the case may be, that is subject to the transfer of law enforcement activities pursuant to this Agreement, and if law enforcement action is required, PALM BAY shall assume jurisdiction and law enforcement responsibility of the situation until MELBOURNE can arrive at the scene and assume original jurisdiction as contemplated by this Agreement.

7. <u>Statutory Authority.</u> This Agreement is entered into by the Parties pursuant to Section 163.01 and 166.0495, Florida Statutes.

8. <u>Expiration and Termination</u>. Unless otherwise provided by the terms of this Agreement, or unless otherwise agreed to by the Parties, this Agreement shall terminate on June 1, 2027. During the term of this Agreement, any Party to this Agreement may at any time determine that further participation in this Agreement is not in the public interest and may unilaterally terminate its further participation in, responsibility for, or receipt of benefit(s) with regard to, this Agreement by recording in the Official Records Book of the Public Records of Brevard County, Florida, a resolution terminating, effective on a date certain, its participation in this Agreement. The termination of participation shall not become effective for at least sixty (60) days after the adoption of said resolution *and* written notice to the Party not adopting the resolution. However, either of the Parties hereto may request that the terms of this Agreement be reconsidered and renegotiated at any time during the term of this Agreement. Should any Party to this

Party hereto of its desire to enter into discussions to do so and arrange a meeting for such purposes. All Parties concerned shall then negotiate in good faith.

9. Insurance and Costs. The Parties hereto shall bear the risk of their employees, agents, representatives and officers regarding any action or inaction taken as it relates to the duties, rights, responsibilities and operations as contemplated in this Agreement. The Parties hereto shall obtain and provide insurance policies for coverage and in the amounts they deem appropriate and, if insurance is obtained, shall provide a letter from its insurance carrier authorizing it to act pursuant to this Agreement, and indicating that there will be no lapse in its insurance coverage either on employees, vehicles, or liability. If a Party is self-insured, its file shall contain a copy of a resolution authorizing its self-insurance program. A copy of the insurance carrier's letter or the resolution of self-insurance shall be attached to the executed copy of this Agreement. Except as to incidents of traffic homicide, the mutual exchange of services provided by the Parties hereto shall be performed without cost or charge to the other Parties. With respect to costs incurred by PALM BAY during the conduct of a traffic homicide incident and investigation, when such traffic homicide incident occurs within the jurisdiction of MELBOURNE, PALM BAY shall be entitled to recover its costs associated with the traffic homicide incident and investigation from MELBOURNE in whose jurisdiction the traffic homicide incident originated. With respect to costs incurred by MELBOURNE during the conduct of traffic homicide incident and investigation, when such traffic homicide incident occurs within the jurisdiction of PALM BAY, MELBOURNE shall be entitled to recover its costs associated with the traffic homicide incident and investigation from PALM BAY in whose jurisdiction the traffic homicide incident originated.

10. <u>Liability for Employees/Agents</u>. Each Party shall bear responsibility for any injury or loss caused by its agents, representatives, officials, employees or volunteers [hereinafter,

collectively, "Agents"] while such Agents are acting outside the Party's respective jurisdiction. In no event shall either Party's liability for damages exceed the monetary limits, or the type of damages recoverable, under section 768.28, Florida Statutes, as that section may be amended from time to time.

11. Independent Contractors. The Parties are independent contractors of one another. It is specifically understood and agreed to by and between the Parties hereto that a material provision in this Agreement is that the relationship between the Parties, is one in which PALM BAY and its police officers are independent contractors of MELBOURNE, and not agents, employees, joint ventures, or other partners of MELBOURNE, and not entitled to any benefits from MELBOURNE. It is specifically understood and agreed to by and between the Parties hereto that a material provision in this Agreement is that the relationship between the Parties, is one in which MELBOURNE and its police officers are independent contractors of PALM BAY, and not agents, employees, joint ventures, or other partners of PALM BAY, and not entitled to any benefits from PALM BAY. Nothing contained herein shall be construed to be inconsistent with this relationship or status. Nothing in this Agreement shall be interpreted or construed to constitute PALM BAY or its police officers, or any of PALM BAY'S respective agents, volunteers, or employees to be the agent, employee, partner, or representative of MELBOURNE. Nothing contained herein shall be construed to be inconsistent with this relationship or status. Nothing in this Agreement shall be interpreted or construed to constitute MELBOURNE or its police officers, or any of MELBOURNE'S respective agents, volunteers, or employees to be the agent, employee, partner, or representative of PALM BAY.

12. <u>Severability</u>. If any section or portion of this Agreement is held invalid by a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this Agreement.

13. <u>Effective Date</u>. This Agreement shall become effective upon filing with the Clerk of the Court of Brevard County pursuant to Section 163.01(11), Florida Statutes.

IN WITNESS WHEREOF, the undersigned have executed this Agreement on the dates set forth below.

- THRU: Leslie Hoog, Fire Chief
- DATE: 4/7/2022
- RE: Consideration of reallocating previously approved funding from the purchase of a brush truck to the purchase of a fire engine for Fire Station 2 (\$38,000).

On January 6, 2022, City Council approved funding from undesignated fund balance in the amount of \$140,000 for the purchase of a brush truck for Fire Station 2, and \$570,000 for the purchase of a fire engine for Fire Station 2.

The cost of the Fire Engine has increased by \$38,000, bringing the new total to \$608,000. However, there will be sufficient savings from the cost of the brush truck to cover the increase in the cost to acquire the fire engine. Fire is requesting Council's consideration to reallocate \$38,000 from the Brush Truck, Project # 22FD06, to the Fire Engine, Project #22FD04.

## **REQUESTING DEPARTMENT:**

#### RE: Miscellaneous: Cleaning, dewatering and hauling services, North Regional Wastewater Treatment Plant, change order (emergency purchase) – Utilities Department (Synagro South LLC - \$89,775).

On February 17, 2022, Council approved the fund appropriation and emergency procurement for cleaning, dewatering and hauling services at the North Regional Wastewater Treatment Plant (NRWWTP). The scope of services included the dredging of the pond, the dewatering of biosolids, and the hauling of the dewatered biosolids (known as "cake") to the Brevard County landfill. The services, to be provided by Synagro South LLC, was for an estimated 40 dry tons. Total amount for these services was \$118,240; this included \$48,000 for mobilization/demobilization.

Synagro South LLC has submitted a change order for an additional estimated 50 dry tons. Staff has reviewed this request and concurs with the request. The change order will be for 50 dry tons for a total of \$89,775.

In addition, the Department is requesting fund appropriation from Utilities' Fund Balance for the additional emergency services in the amount of \$89,775.

Per City Code of Ordinance 38.12 EMERGENCY PURCHASES: The Chief Procurement Officer may make or authorize emergency purchases as defined herein. In the event of an emergency, such as a declaration of emergency pursuant to Fla. Stat. 252.38, by the Governor, or Fla. Stat. 252.38, by the County or City, an equipment failure, catastrophic damage to City property, or other similar unexpected event, all formal competitive bidding procedures are waived, and normal procurement procedures and requirements directly related to such emergency shall be suspended; and with the approval of the City Manager or the Chief Procurement Offices, the head of any department may purchase any required emergency supplies, materials, equipment or services. The head of such department shall send to the Chief Procurement Officer a requisition and copy of the delivery record together with a full justification and circumstances of the emergency. Records of emergency purchases shall be maintained by the Chief Procurement Officer. A record listing of all emergency purchases exceeding the mandatory City Council approval amount shall be submitted to the city Council within ninety (90) days of said purchase.

- DATE: 2/17/2022
- RE: Miscellaneous: Cleaning, dewatering and hauling services, North Regional Wastewater Treatment Plant (emergency purchase) - Utilities Department (Synagro South LLC -\$118,240).

For approximately a year the North Regional Wastewater Treatment Plant (NRWWTP) has been unable to properly process biosolids. The Seepex cake pump, which is a critical component of the biosolids treatment process, had completely failed. Former staff were using other equipment (i.e. air compressors) to force biosolids through the treatment process. While the cake pump was inoperable, the biosolids could not be processed at the proper rate; therefore, the excess biosolids were pumped into the two earthen holding ponds at the NRWWTP. Upon discovery of the failure of the cake pump and staff's use of other equipment to move biosolids, I directed staff to immediately obtain quotes to replace the cake pump. City Council authorized the replacement of the cake pump on August 5, 2021. Due to pandemic-related delays, the new cake pump was not delivered and installed until January 27, 2022.

At this time the smaller of the two holding ponds is nearly full with old biosolids and must be cleaned. The biosolids in the holding ponds cannot be treated through the normal plant process due to the accumulation of sand and grit and the age of the biosolids. The scope of services includes the dredging of the pond, the dewatering of biosolids, and the hauling of the dewatered biosolids (known as "cake") to the Brevard County landfill. The holding ponds are used for temporary, emergency storage of treated wastewater and biosolids. should there be an issue with the deep injection well or should we receive significant rainfall, there will be great potential for illicit discharges of treated wastewater and/or biosolids.

In addition, the Department is requesting fund appropriation from Fund Balance for the emergency services in the amount of \$118,240.

Per City Code of Ordinance 38.12 EMERGENCY PURCHASES: The Chief Procurement Officer may make or authorize emergency purchases as defined herein. ## Re: City of Palm Bay Proposal for Lagoon Cleaning, Dewatering, and Hauling Services Change Order

Dear Mr. Kowalski:

Synagro South, LLC (Synagro) is pleased to submit this requested change order for Dredging, Dewatering, and Transportation of biosolids from the smaller of the two ponds at your Wastewater Treatment Plant. This change order is made due the increased volume in the pond. We originally estimated the to be approximately 40 dry tons in the pond and we have reached that amount and based on estimates there appears to be an additional 40-50 tons in the pond. I have inserted the change order amount below the original pricing below. If we can continue to work there will be no additional mobilization costs therefore the change is just for more volume.

#### Scope of Work

We will provide a dredge, a Belt Filter Press, Jockey truck, polymer (including feed system) solids conveyance and various pumps to clean one pond on a one-time basis. This assumes we would do all the volume over a one-time period expected to be 20-25 working days.

Our proposal for performing this dewatering is to:

- 1. Mobilize required equipment into the facility at a mutually agree upon date.
- 2. Provide remote control dredge
- 3. Provide dewatering equipment including Belt Filter Press
- 4. Provide staff and operate a 12 hour per day six day per week operations
- 5. Provide trailers and road tractors to transport the material to the Brevard County Landfill.

#### Assumptions

- 1. Synagro will provide the following:
  - a. Dredge
  - b. Belt Press or Centrifuge
  - c. Transportation to landfill.
  - d. Provide staff to operate the dewatering equipment
  - e. Provide polymer for dewatering
- 2. Palm Bay will be responsible for the following:
  - a. A potable water source for dewatering operations
  - b. A return location for receiving centrate from the dewatering operation
  - c. Providing to Synagro any required lab sampling.
  - d. Provide adequate power to run our dewatering equipment

#### **Pricing:**

Our proposal is delivered in good faith and we are prepared to enter into a mutually acceptable contract. Please note that this quote is based on Synagro's standard terms and conditions and shall be strictly non-binding upon Synagro until all parties negotiate and execute a binding contract and rental agreement. This quote shall not obligate Synagro to negotiate an agreement and any of the terms of the contract shall be subject to Synagro's approval, at its discretion. Pricing may vary until the final contract is negotiated.

We appreciate the opportunity to submit this proposal for your consideration and look forward to the opportunity to provide our equipment and services for this project. Should you have any questions, please contact me at 321-423-4617 or lkemp@synagro.com. Thank you.

- RE: Consideration of expenditures from the Palm Bay Police Department's Law Enforcement Trust Fund (\$22,189).

In accordance with Florida law, the Police Department is requesting the use of \$22,189 from the Law Enforcement Trust Fund (LETF) Fiscal Year 2022 designated fund balance for various expenditures as described below.

Previously, the Police Department requested LETF funding for the first year's subscription fee for the Flock LPR program. Due to nationwide supply chain delays and the permitting process, the Flock cameras were not operational until March 2022. Flock provided the City of Palm Bay a pro-rated annual service fees for the cameras for the months the program was not in use, October 2021 – February 2022. Based on the updated cost savings, a total of \$17,708.39 was unencumbered from the Flock purchase order and returned to the LETF undesignated balance for use towards other requests from the fund.

The Police Department is requesting use of LETF to send Lieutenant Jeffrey Spears to the Senior Management for Police (SMIP) to be held in Boston in July 11 - 29, 2022. The SMIP is a nationally recognized program designated to provide intensive training in the latest management concepts and practices. The SMIP addresses the issues that demand the attention of today's forward-thinking law enforcement leaders.

Lt. Spears is filling a seat previously awarded to the Police Department for a SMIP session in July 2020, for which a \$250 deposit was paid out of the Police Department's FY 2020 operating budget; however the program was temporarily suspended due to COVID-19. Enrollment is back open, and Lt. Spears is requesting to attend the SMIP session from July 11 – 29, 2022. The remaining registration of \$9,700 is due and covers the course fee, lodging and meals during the session. Travel costs of \$975 are projected to cover the costs of airfare, luggage, airport, taxi and per diem for travel days. Total cost to attend this course is \$10,925. The remaining projected costs of \$10,675 (less the \$250 deposit previously paid in FY 2020) are being requested out of LETF.

The Police Department is also requesting use of LETF to send two members of the Department's dive team to the Underwater Police Science and Technology at the Miami-Dade Public Training Institute. The two-week course is scheduled for May 16 - 27, 2022, and will combine classroom instruction with practical in-water application. With recent retirements within the Department, the dive team has encountered as change in team leadership and department instructors. This training will enhance team members' skills to help maintain the dive

team's success as well bring new knowledge for public safety dive programs to the agency. The cost of the training for Sergeant Scott Eakins and Corporal Vincent Galioto includes registration at \$1,475 per person (\$2,950), \$1,512 for joint lodging, and \$826 per individual for per diem (\$1,652). The total anticipated cost of this training is \$6,114.

The Police Department is requesting use of LETF to be donated to Community Read and Feed Summer program within the Powell-Driskell subdivision. For many years, the Police Department has supported the subdivision with funding for various youth initiatives including the Community Read and Feed Program. The summer program will be hosted at various locations impacting children and young adults aged 3 to 19 years of age. The Community Read and Feed provides hot prepared meals, meal packages, books and reading assistance to the underprivileged youth; some of which come from households struggling with food shortages. This year's program will include free hot lunches, free books, and supplies. The Police Department is requesting to contribute \$4,900 in LETF to this program to fund the purchases needed for this program to be successful.

The Police Department is requesting use of LETF to be donated to the Rotary Club of Palm Bay to use towards the community services that they provide to individuals, other charitable organizations, and schools within Palm Bay. The Rotary Club of Palm Bay, founded in 1976, enlists business and professional leaders dedicated to carrying out the Rotary International

vision of "Service Above Self". The Police Department is seeking to assist the Rotary Club's Student Awards Program. This program acknowledges outstanding achievements of students who attend each of the 22 south Brevard area schools which serve the Palm Bay community. Having these achievements recognized and supported by community leaders promotes a sense of belonging in the community, fosters a positive attitude, and reinforces continued success. The \$500 donation will go towards operational costs for the event.

The total amount of LETF funding requested for travel and training costs and community policing donations is \$22,189.

#### FISCAL IMPACT:

There is a designated fund balance of \$30,408.89 as of March 29, 2022, from account #101-0000-359-1002 and 101-0000-359-1004. The requested \$22,189 will be allocated on the next Budget Amendment to the following accounts: #101-5040-521-5501 (\$12,650), #101-5040-521-4001 (\$4,139), and #101-5040-521-8211 (\$5,400).

## **RECOMMENDATION:**

Motion to approve expenditures of LETF as described herein up to \$22,189.

## **RE:** Acknowledgement of the City's monthly financial report for January 2022 (Unaudited).

Attached for your information is the monthly financial report which provides an overview of the City's financial activities for January 2022. January is the fourth month of the fiscal year and represents 33% of the annual budget year.

Citywide cash and investments increased by \$88.4 million or 44.6% in comparison to the prior year. This is primarily due to the receipt of the proceeds from the General Obligation Bonds, Series 2021. The city also received \$9 million in revenue from the American Rescue Plan Act (ARPA) in June. This also contributed to the increase in Citywide revenues.

The General Fund is the City's primary operating fund. General Fund revenues received through January were \$42.3 million and are 48.7% of the annual budget. General Fund expenditures through the end of January were \$24.2 million and are 27.9% of the annual budget. General Fund total cash & investments on January 31, 2022 was \$48.8 million, which is \$8.9 million or 22.2 % higher than one year ago.

General Fund revenues collected through January 31, 2022, overall were 5.4% higher than the revenues collected during the same period last year. The overall increase was mainly attributable to an increase in revenue collections from Ad Valorem Taxes and State shared revenues compared to the same period last year.

General Fund expenditures through January 31, 2022, overall were 0.6% higher than expenditures incurred during the same period last year. Pages 14 through 16 provide a summary of all funds' budget, revenues and expenditures posted for January 31, 2022.

The City of Palm Bay, Florida's (the "City") monthly financial report presents an overview and analysis of the City's financial activities during the month of January 2022. January is the fourth month of the fiscal year and represents 33% of the annual budget.

#### **Financial Report Summary**

- Citywide revenues<sup>1</sup> of 96.7 million are at 29.2% of the annual budget. Citywide expenditures<sup>1</sup> of \$66.4 million are at 20.1% of the annual budget. Traditionally revenue collections are two months in arrears. For this reason, certain revenues for grants and other governmental resources are accrued at year end to reflect the period in which it represents.
- > Citywide cash and investments increased by \$88.4 million, or 44.6%, in comparison to the prior year.
- Most of the increased citywide cash and investments were a result of \$56 million in unspent proceeds received in February 2021 from the General Obligation Bonds, Series 2021. The City also received \$9 million in revenue as a result of the American Rescue Plan Act (ARPA) in June 2021.

# **RE:** Acknowledgement of the City's monthly financial report for February 2022 (Unaudited).

Attached for your information is the monthly financial report which provides an overview of the City's financial activities for February 2022. February is the fifth month of the fiscal year and represents 42% of the annual budget year.

Citywide cash and investments increased by \$34.2 million or 13.2% in comparison to the prior year. This is primarily due to the receipt of the proceeds from the General Obligation Bonds, Series 2021. The city also received \$9 million in revenue from the American Rescue Plan Act (ARPA) in June. This also contributed to the increase in Citywide revenues.

The General Fund is the City's primary operating fund. General Fund revenues received through February were \$47.8 million and are 55.0% of the annual budget. General Fund expenditures through the end of February were \$30.8 million and are 35.5% of the annual budget. General Fund total cash & investments on February 28, 2022 was \$47.8 million, which is \$9.2 million or 24.0 % higher than one year ago.

General Fund revenues collected through February 28, 2022, overall were 7.4% higher than the revenues collected during the same period last year. The overall increase was mainly attributable to an increase in revenue collections from Ad Valorem Taxes and State shared revenues compared to the same period last year.

General Fund expenditures through February 28, 2022, overall were 3.2% higher than expenditures incurred during the same period last year. Pages 14 through 16 provide a summary of all funds' budget, revenues and expenditures posted for February 28, 2022.

The City of Palm Bay, Florida's (the "City") monthly financial report presents an overview and analysis of the City's financial activities during the month of February 2022. February is the fifth month of the fiscal year and represents 42% of the annual budget.

#### **Financial Report Summary**

- Citywide revenues<sup>1\*</sup> of 111.7 million are at 33.8% of the annual budget. Citywide expenditures<sup>1\*</sup> of \$78.9 million are at 23.8% of the annual budget. Traditionally revenue collections are two months in arrears. For this reason, certain revenues for grants and other governmental resources are accrued at year end to reflect the period in which it represents.
- > Citywide cash and investments increased by \$34.2 million, or 13.2%, in comparison to the prior year.
- Most of the decreased citywide revenues were a result of \$56 million in bond proceeds received in February 2021 from the General Obligation Bonds, Series 2021. The City also received \$9 million in revenue as a result of the American Rescue Plan Act (ARPA) in June 2021.

# Opening General Session – Chasing Failure: What Our Goals Require Most is the Bravery to Fail

What would you do if you knew you could not fail? Chasing failure is all about having a vision for a dream, a goal, a mission — and knowing that the road will be paved with failure, but still proceeding with conviction and passion. This is what sets those who succeed beyond measure from those who simply exist. The fear of failure will keep you inside a box, stall innovation and make sure you hesitate anytime you even think about taking a risk that could help you achieve goals beyond your wildest dreams. As leadership expert **Ryan Leak** will share, you don't actually have to get over the fear. Just do it scared and take really good notes.

When you're chasing failure, you're either going to win or you're going to learn. Hopefully, both will happen. Ryan will share the blueprint for success by giving you an approach to see what the predictable failures might be so you can circumvent those more easily, or deal with them more effectively when they arise.

#### 9:00 a.m. - 5:00 p.m.

#### **Resume Review Appointments**

Professional recruiters have been invited to meet one-on-one with attendees to discuss their individual résumés and the current job market. Online reservations will open next month. Early reservations are recommended as there may be limited availability onsite.

#### Session 1 – A Discussion of the After Life

Wondering what your next steps might be after life in the public sector? Come hear how former managers transitioned from the public to the private sector, academia and self employment after long successful careers in local government.

# Session 2 – Successfully Providing Underserved Historical Communities with Water and Sewer Services

Many small, disadvantaged neighborhoods face significant financial challenges obtaining water and wastewater utility services. The historic American Beach community in Nassau County has sought such services for over 20 years. Recently, the county partnered with the Florida Governmental Utility Authority, the Florida Department of Environmental Protection and the U.S. Environmental Protection Agency to find a way to extend water and sewer service to the community. In just three years, thanks in part to extensive community engagement, they completed the plan, secured required grant funding and received 86% voter support. The project is expected to be completed by May 2023.

# Session 3 – Unlocking Vacant Lots and Forgotten Liens to Accomplish Strategic Goals

Exciting opportunities for economic development, neighborhood revitalization, pocket parks or affordable housing are right under your nose. Learn how an active lien enforcement program will unlock both the property and the funding you need for community improvements. You can eliminate the hassle and blight of boarded-up properties and zombie lots while accomplishing your community's strategic goals, no matter what they are.

#### 12:15 p.m. – 1:45 p.m.

#### Buffet Lunch in the Good Ideas Center

# Session 1 – The Leadership Balance: Managing through Conflict, Challenges and Choices (Part I)

Join FCCMA past presidents for an engaging, thought-provoking discussion on leadership! This workshop will focus on those personal skill sets that come under fire when the city or county is also under fire with conflict, challenges and choices. Any or all of these can put a manager between a rock and a hard place. These stories and scenarios, from the gut and from the heart, are foundational to this profession.

#### Session 2 – Current Cyber Threats and How to Safeguard Your Organization

Did you know that there is one new cyber-attack every 39 seconds and that 64% of companies have experienced a cyber-attack? Government agencies are in the top five most targeted industries worldwide for cyber-attacks. In the ever-changing world of cybersecurity, this session will update you on the latest tricks and schemes that the cybercrooks are using to try breach your systems. It will also cover current best practices on how to help safeguard your organization, making it a "can't miss" event.

#### Session 3 – The Renaissance of Boynton Beach Town Square

Learn about the successful public-private partnership that transformed 20 downtown acres into a new city center — the Boynton Beach Town Square. BBTS is a mixed-use development that includes city hall, a library, police and fire stations, parks, playgrounds

and an amphitheater, all in a vibrant, walkable, placemaking space. This session will discuss the vision, execution strategy, financing, public relations, design and construction. You're sure to leave with pointers on making your next P3 a success.

#### General Session – 13 Ways to Kill Your Community

In this presentation, popular community strategist and author **Doug Griffiths** offers valuable lessons on what makes the difference between a prospering community and a failing one. Based on his bestselling book, *13 Ways to Kill Your Community*, this presentation is sometimes startling and often revelatory. Doug's passion shines through in this keynote. He makes every audience member feel as if he was speaking directly to them about their community. His anecdotes deliver both wit and wisdom to challenge audiences, and he can help you be more confident in your role in creating a stronger community!

Session 2 – From "Not" to "Hot": How an Unlikely County Government Became a Nationally Recognized Workplace

Centralized power. Risk averse. No measurables. Distrust. Undefined goals. Fear of management. Not too long ago, this is how you could have described Pasco County government, but over the past eight years several changes in leadership styles and operational approaches have impacted its organizational culture and workforce. By flattening the organization, developing and trusting its team members and adopting a service-oriented approach, Pasco County has become a nationally and locally recognized top place to work. Join us as we share tangible steps you can replicate to take your local government to the next level and prepare your organization for the next generation. **Session 3 – The Leadership Balance: Managing through Conflict, Challenges and** 

#### Choices (Part II)

This workshop is a continuation, with different topics, from Thursday's look at leadership. Join FCCMA past presidents as their share life experiences within the profession.

# Session 1 – Policing Evolved: 911 Calls and Mental Health Response in the 21st Century

Over the past two years, a national movement for police reform and increased community demand for mental health services has led to an evolution of the first responder industry. Local governments and law enforcement agencies around the nation have started piloting new approaches for responding to 911 calls involving a non-violent individual experiencing a mental health crisis. This session will explore three models that have been piloted in Florida to meet emergency mental health response demand, including best practices and impacts for law enforcement agencies and the communities they serve.

Session 2 – Get What You Paid For! Construction Cost Avoidance and Verification Construction contracts include common pitfalls leading to unwanted charges – including COVID-19 impacts. Learn from existing contracts how to structure the financial components to benefit your jurisdiction. Good contract clauses mitigate unwanted charges and facilitate significant cost avoidance and savings when paired with a robust construction cost verification process. Fort Lauderdale used these tools on two major projects and saved hundreds of thousands of dollars, but it works for small projects too.

#### General Session – Journeys: Moving the Needle on Culture

The Journeys session is where we come together each year for candid and thoughtful conversation — to inspire and challenge our thinking and to gain perspective by self-reflection as well as by looking through a different lens.

These past few years have created the perfect storm of opportunity to address many long standing issues — diversity, equity, inclusion and belongingness among them — yet also gave rise to new issues forcing culture change upon us. We have been given a call to action. Today, the question is not if or when, but instead how and what are we going to do to change our culture.

This year's session will pick up the lively exchange where last year's left off. Through intentional and intimate dialogue on how different is better and how inclusion is crucial to culture, we hope to get attendees comfortable with being uncomfortable, to think beyond traditional norms and to consider the missing pieces of the puzzle. By sharing stories of successes and barriers to belongingness in our organizations and communities, we will hopefully provide tips to turn insight into action and offer inspiration to embrace culture change as the platform for success in our organizations and in our communities, today and in the future.

# Opening General Session – Chasing Failure: What Our Goals Require Most is the Bravery to Fail

What would you do if you knew you could not fail? Chasing failure is all about having a vision for a dream, a goal, a mission — and knowing that the road will be paved with failure, but still proceeding with conviction and passion. This is what sets those who succeed beyond measure from those who simply exist. The fear of failure will keep you inside a box, stall innovation and make sure you hesitate anytime you even think about taking a risk that could help you achieve goals beyond your wildest dreams. As leadership expert **Ryan Leak** will share, you don't actually have to get over the fear. Just do it scared and take really good notes.

When you're chasing failure, you're either going to win or you're going to learn. Hopefully, both will happen. Ryan will share the blueprint for success by giving you an approach to see what the predictable failures might be so you can circumvent those more easily, or deal with them more effectively when they arise.

#### 9:00 a.m. - 5:00 p.m.

#### **Resume Review Appointments**

Professional recruiters have been invited to meet one-on-one with attendees to discuss their individual résumés and the current job market. Online reservations will open next month. Early reservations are recommended as there may be limited availability onsite.

#### 11:00 a.m. – 12:15 p.m.

#### Concurrent Sessions

#### Session 1 – A Discussion of the After Life

Wondering what your next steps might be after life in the public sector? Come hear how former managers transitioned from the public to the private sector, academia and self employment after long successful careers in local government.

# Session 2 – Successfully Providing Underserved Historical Communities with Water and Sewer Services

Many small, disadvantaged neighborhoods face significant financial challenges obtaining water and wastewater utility services. The historic American Beach community in Nassau County has sought such services for over 20 years. Recently, the county partnered with the Florida Governmental Utility Authority, the Florida Department of Environmental Protection and the U.S. Environmental Protection Agency to find a way to extend water and sewer service to the community. In just three years, thanks in part to extensive community engagement, they completed the plan, secured required grant funding and received 86% voter support. The project is expected to be completed by May 2023.

# Session 3 – Unlocking Vacant Lots and Forgotten Liens to Accomplish Strategic Goals

Exciting opportunities for economic development, neighborhood revitalization, pocket parks or affordable housing are right under your nose. Learn how an active lien enforcement program will unlock both the property and the funding you need for community improvements. You can eliminate the hassle and blight of boarded-up properties and zombie lots while accomplishing your community's strategic goals, no matter what they are.

#### 12:15 p.m. – 1:45 p.m.

#### Buffet Lunch in the Good Ideas Center

Join fellow participants and exhibitors in the exhibit hall for networking opportunities and a great lunch, which is included in your registration fee.

#### 2:00 p.m. – 3:15 p.m.

#### Concurrent Sessions

# Session 1 – The Leadership Balance: Managing through Conflict, Challenges and Choices (Part I)

Join FCCMA past presidents for an engaging, thought-provoking discussion on leadership! This workshop will focus on those personal skill sets that come under fire when the city or county is also under fire with conflict, challenges and choices. Any or all of these can put a manager between a rock and a hard place. These stories and scenarios, from the gut and from the heart, are foundational to this profession.

#### Session 2 – Current Cyber Threats and How to Safeguard Your Organization

Did you know that there is one new cyber-attack every 39 seconds and that 64% of companies have experienced a cyber-attack? Government agencies are in the top five most targeted industries worldwide for cyber-attacks. In the ever-changing world of cybersecurity, this session will update you on the latest tricks and schemes that the cybercrooks are using to try breach your systems. It will also cover current best practices on how to help safeguard your organization, making it a "can't miss" event.

#### Session 3 – The Renaissance of Boynton Beach Town Square

Learn about the successful public-private partnership that transformed 20 downtown acres into a new city center — the Boynton Beach Town Square. BBTS is a mixed-use development that includes city hall, a library, police and fire stations, parks, playgrounds

and an amphitheater, all in a vibrant, walkable, placemaking space. This session will discuss the vision, execution strategy, financing, public relations, design and construction. You're sure to leave with pointers on making your next P3 a success.

3:15 p.m. – 3:45 p.m.

#### **Refreshment Break in the Good Ideas Center**

#### 3:45 p.m. – 5:00 p.m.

#### General Session – 13 Ways to Kill Your Community

In this presentation, popular community strategist and author **Doug Griffiths** offers valuable lessons on what makes the difference between a prospering community and a failing one. Based on his bestselling book, *13 Ways to Kill Your Community*, this presentation is sometimes startling and often revelatory. Doug's passion shines through in this keynote. He makes every audience member feel as if he was speaking directly to them about their community. His anecdotes deliver both wit and wisdom to challenge audiences, and he can help you be more confident in your role in creating a stronger community!

Session 2 – From "Not" to "Hot": How an Unlikely County Government Became a Nationally Recognized Workplace

Centralized power. Risk averse. No measurables. Distrust. Undefined goals. Fear of management. Not too long ago, this is how you could have described Pasco County government, but over the past eight years several changes in leadership styles and operational approaches have impacted its organizational culture and workforce. By flattening the organization, developing and trusting its team members and adopting a service-oriented approach, Pasco County has become a nationally and locally recognized top place to work. Join us as we share tangible steps you can replicate to take your local government to the next level and prepare your organization for the next generation. **Session 3 – The Leadership Balance: Managing through Conflict, Challenges and** 

#### Choices (Part II)

This workshop is a continuation, with different topics, from Thursday's look at leadership. Join FCCMA past presidents as their share life experiences within the profession.

12:00 p.m. – 1:30 p.m. Luncheon and Annual Business Meeting

1:45 p.m. – 3:00 p.m.

**Concurrent Sessions** 

# Session 1 – Policing Evolved: 911 Calls and Mental Health Response in the 21st Century

Over the past two years, a national movement for police reform and increased community demand for mental health services has led to an evolution of the first responder industry. Local governments and law enforcement agencies around the nation have started piloting new approaches for responding to 911 calls involving a non-violent individual experiencing a mental health crisis. This session will explore three models that have been piloted in Florida to meet emergency mental health response demand, including best practices and impacts for law enforcement agencies and the communities they serve.

Session 2 – Get What You Paid For! Construction Cost Avoidance and Verification Construction contracts include common pitfalls leading to unwanted charges – including COVID-19 impacts. Learn from existing contracts how to structure the financial components to benefit your jurisdiction. Good contract clauses mitigate unwanted charges and facilitate significant cost avoidance and savings when paired with a robust construction cost verification process. Fort Lauderdale used these tools on two major projects and saved hundreds of thousands of dollars, but it works for small projects too.

#### 3:15 p.m. – 4:30 p.m.

#### General Session – Journeys: Moving the Needle on Culture

The Journeys session is where we come together each year for candid and thoughtful conversation — to inspire and challenge our thinking and to gain perspective by self-reflection as well as by looking through a different lens.

These past few years have created the perfect storm of opportunity to address many long standing issues — diversity, equity, inclusion and belongingness among them — yet also gave rise to new issues forcing culture change upon us. We have been given a call to action. Today, the question is not if or when, but instead how and what are we going to do to change our culture.

This year's session will pick up the lively exchange where last year's left off. Through intentional and intimate dialogue on how different is better and how inclusion is crucial to culture, we hope to get attendees comfortable with being uncomfortable, to think beyond traditional norms and to consider the missing pieces of the puzzle. By sharing stories of successes and barriers to belongingness in our organizations and communities, we will hopefully provide tips to turn insight into action and offer inspiration to embrace culture change as the platform for success in our organizations and in our communities, today and in the future.

#### Saturday, June 25, 2022

8:00 a.m. - 4:40 p.m. **Pre-Conference Seminars** (Additional and pre-registration required)

**LEADERSHIP** CPE Credit: 8 Hours (TB)

#### 8:00 a.m. - 9:40 a.m. Coaching and Mentoring – Part I

Understanding the difference between coaching and mentoring and how to effectively do both is an important part of being a leader. This session will include a self-assessment of your coaching and mentoring skills, as well as role-playing exercises.

10:00 a.m. - 11:40 a.m.

**Coaching and Mentoring – Part II** This course will assist you with understanding, in a fun and interactive way, the four personality types or combination of types that individuals fall into, how each of them is important to an organization and how to use this to facilitate team synergy. We will also look at generational differences and their impact on coaching and mentoring.

#### 1:00 p.m. - 2:40 p.m.

#### Strategic Multigenerational Communication

Over the last 30 years, researchers William Strauss and Neil Howe have postulated on the different generations within American society and how those generational differences occur. Through their work, they have provided language and characteristics to understand and contrast different segments of the population as they relate to school, work and personal lives. Going forward, new voices are emerging to continue their scholarship, particularly as it relates to the next generation: Generation Z. Insight into this new generation, as well as multigenerational communication, can be critical for workplace communities.

#### 3:00 p.m. - 4:40 p.m. **Dynamic Leadership**

A dynamic leader does not need the word "leader" in their job title to take ownership of their area of influence. Leadership plays an essential part in the realization of an organization's vision and mission. Teams should understand the concept of internal and external customers to whom they provide a product or service. One team - whether cross-functional or multi-department - must work together effectively toward a common goal. In this session you'll learn skills to become a dynamic leader and find out how engaged employees make a more productive team.

#### INVESTMENT

CPE Credit: 8 Hours (TB)

8:00 a.m. - 9:40 a.m. Global Economic and Market Update

The global economy continues to recover from the effects of the pandemic, with global growth projected to moderate at 4.4% in 2022 and then slow down to 3.8% in 2023. Despite the downslope in forecasted numbers, many changes were accelerated during the pandemic and major changes to workforce and population growth estimates are likely to continue. This session will review those changes and their effects on the economy in 2022 and beyond.

#### 10:00 a.m. - 11:40 a.m. Florida Economic Update

How is Florida's economy performing, both statewide and in your region? This session will discuss some of the major factors influencing our state.

#### 1:00 p.m. - 2:40 p.m.

**Understanding and Managing Risk** This session explores the understanding that risk means more things can happen than will happen. Some of those things are good, and some are bad. With that broad framework, we'll discuss interest rate risk, credit risk, reinvestment risk and total risk.

#### 3:00 p.m. - 4:40 p.m.

#### Investment Considerations for Your Organization's Operating and Long-Term Portfolios

Given recent market events, you may be wondering whether your organization should make changes to its investment portfolio. Is your organization making rapid investment decisions without considering its long-term financial goals managing day-to-day operations? While we can't tell you how to manage your organization's investment portfolio during a volatile market, we'll provide you with tools and tips to make an informed decision.

#### Sunday, June 26, 2022

1:00 p.m. - 2:40 p.m.

#### Auditor General and Department of Financial Services Update

*CPE Credit: 2 Hours (AA)* Receive an update from the Florida Auditor General's Office on current issues pertaining to local governments.

#### The New Minimum Wage Law

CPE Credit: 2 Hours (TB) The bright and shiny impact of the new \$15 minimum wage law centers around the need to plan for full compliance of the phased-in minimum wage increase. However, for most governments, the secondary impact of the law – compression – is an even bigger challenge to face. This session will discuss strategies and considerations relative to achieving compliance while also trying to address the compression issue in the most effective manner possible.

#### Remote Work Policies: Three Perspectives

*CPE Credit: 2 Hours (TB)* A panel of experts representing human resources, legal and cybersecurity perspectives will discuss remote work policies.

#### On the Defense: Solutions to Prevent and Detect Fraud

CPE Credit: 2 Hours (TB) Threat actors are constantly on the hunt, targeting local governments in an effort to defraud and manipulate them for financial benefit. Advances in technology have reduced the effectiveness of traditional fraud prevention techniques and have even enabled new forms of fraud. During this session, we will discuss the threat actors' motives and objectives, use real-world scenarios to demonstrate how threat actors have targeted organizations in the past and walk through the steps employees could have taken to identify and mitigate the attempted fraudulent activity, including banking solutions that can be used to prevent account fraud.

1:00 p.m. - 1:50 p.m.

#### GASB 87 Implementation Update

CPE Credit: 1 Hour (AA) This session will cover the major accounting and financial reporting issues associated with implementing GASB 87.

#### Equity in Budgeting

CPE Credit: 1 Hour (TB) Equity in budgeting is getting a lot of attention in local government, but what does it mean, and how can local governments approach it? In this session, we will delve into how local governments have begun to integrate equity considerations into their budgets, challenges they have faced, lessons they have learned and more. You will leave this session with a better understanding of how an equity lens on budgeting can help lead to better decisions in your community.

#### Strategies for Developing Effective and Excellent Presentation Skills

CPE Credit: 1 Hour (BEH) This session will cover topics such as verbal and nonverbal messages; developing, organizing and preparing a presentation; using visual aids; handling questions from your target audience; and the challenges of presenting via Zoom.

# Organizational Resilience: Hope for the Best, Plan for Success

CPE Credit: 1.5 Hours (TB) The past two years have doubled the challenges faced by every organization. How did your organization make it through? Did you already have a continuity plan in place, were you thinking of starting one, was your leadership engaged, or are vou still looking for ways to convince them you need a plan? We all face various challenges in dealing with unexpected events, such as natural disasters, workplace or terrorist attacks and, most recently, pandemics. As a result, organizations should have a business continuity plan in place to properly prepare, respond and recover from a disruptive event. This presentation will provide high-level guidance on how to develop a continuity program, manage insurance claims and more.

#### **Robotic Process Automation**

CPE Credit: 1.5 Hours (TB) Learn how robotic process automation streamlines workflow, making organizations more efficient, flexible and responsive while increasing employee satisfaction, engagement and productivity by removing mundane tasks from their workdays. Robotic process automation technology is changing how the world gets work done.

3:35 p.m. - 4:50 p.m.

#### Introduction to Governmental Accounting

CPE Credit: 1.5 Hours (AA) Are you new to the governmental arena? This session covers the basics of governmental accounting and reporting in today's environment. It will review the unique aspects of the governmental environment, recognize the financial reporting structure used by governments, and review the basic differences between commercial and governmental accounting and why these differences exist.

#### **Recruitment and Retention**

CPE Credit: 1.5 Hours (TB) In today's competitive climate, fostering an inclusive culture is no longer an option – it's essential. Without a diverse workforce offering plenty of fresh perspectives, innovation is restricted, and growth is stifled. This session will provide strategies to use for recruiting and retaining that valuable talent in your organization by helping identify key elements of the processes needed to succeed.

#### Investment Strategies for Local Governments in the Current Financial Market

CPE Credit: 1.5 Hours (TB) According to Forbes, 2022 is set up to be an interesting year. Inflation is running rampant, interest rates are set to rise, and the stock market is still topsy-turvy. # Common Financial Reporting Mishaps from the GFOA COA Award

CPE Credit: 1 Hour (AA) GFOA established the Certificate of Achievement for Excellence in Financial Reporting Program (COA) in 1945 to encourage and assist state and local governments to go beyond the minimum requirements of generally accepted accounting principles to prepare comprehensive annual financial reports that evidence the spirit of transparency and full disclosure, and then to recognize individual governments that succeed in achieving that goal. This session will review common financial reporting comments and questions from the COA award program.

#### Public Engagement in the Budget Process

CPE Credit: 1 Hour (TB) Good public participation practices can help governments be more accountable and responsive to their communities and can also improve the public's perception of governmental performance and the value the public receives from their government. Transparency is a core value of governmental budgeting. Developing a transparent budget process will improve a government's credibility and trust within the community.

#### **Diversity and Inclusion**

CPE Credit: 1 Hour (BEH) In simplest terms, diversity and inclusion encompass a group of unique individuals who acquaint and integrate with one another, but each is an entirely different concept with separate benefits. Workplaces that prioritize diversity and inclusion efforts have been statistically proven to be safer, happier and more productive work environments. With attention to social responsibility at an all-time high, managers and investors are becoming more strategic regarding where they put their resources. This session will explore how resources for diversity and inclusion can impact the organization and the community it serves.

#### Update on the Latest Banking Technologies and Cost Savings

CPE Credit: 1 Hour (TB) To become future-ready, financial institutions will need to deploy modern technologies to support agility, efficiency, security and innovation. Technologies such as cloud computing, robotics and automation, embedded solutions and cybersecurity will differentiate banks and credit unions in 2022 and beyond. Topics discussed will include compliance with the federal guidelines, reporting results, reviewing for duplication of benefits and ongoing spending plans. We'll also review oversight processes aimed at preventing and detecting fraud, waste and abuse of funds.

#### **Measuring Performance**

CPE Credit: 1.5 Hours (TB) Performance measures are used by governments to collect information about operational activities, achievement of goals, community conditions and other environmental factors to better understand a situation and make informed decisions. Regardless of whether an organization has a centralized collection system for performance measures, the use of performance data should be integral to an organization's decision-making processes, and leaders within an organization should set expectations that key decisions are supported by evidence.

#### Six Sigma

CPE Credit: 1.5 Hours (TB) Six Sigma is an essential component of business process improvement initiatives. It allows an organization to identify flaws and weaknesses in current procedures to implement new processes that improve efficiencies in your department. Six Sigma offers tools and techniques that reduce variance, eliminate defects and help identify the root causes of errors, allowing organizations to create better services. Six Sigma can help eliminate inefficiencies and increase employee productivity.

#### Putting Your Best Foot Forward: How to Prepare for a Bond Insurer, Rating Agency Presentation or Annual Surveillance Call

CPE Credit: 1.5 Hours (TB) An organization's long-term competitive position is substantially dependent on its ability to raise affordable capital in the debt markets. The approach taken by organizational leadership teams when preparing for their review is vitally important in today's rapidly evolving environment. | Child Guest (3-18)         | \$ 50.00  | \$ 50.00        |

Registrations are done on an individual basis. The FGFOA does not permit the sharing of a registration between two attendees. Each attendee must have a separate registration and pay the full amount.

#### **REGISTRATION PACKAGES**

The member and non-member registration fees include admission to all regular conference sessions, refreshment breaks, exhibit hall, Sunday's Association Night Reception, Monday's lunch in the exhibit hall, Tuesday's Business Luncheon (no guests, please) and the Tuesday Night Event. These fees do not cover Saturday's pre-conference seminars, the golf tournament, Wednesday's ethics class, lodging or other meals.

#### **GUEST REGISTRATION**

Adult guest registration includes admittance to the exhibit hall, Association Night Reception and the Tuesday Night Event. All guests must have name badges to attend the Tuesday Night Event.

Child guest registration (ages 3-18) includes admittance to the Tuesday Night Event only. All guests must have name badges to attend the Tuesday Night Event.

If a spouse or guest wants to attend sessions and be scanned for continuing education credits, they need to register as a non-member.

#### **EXHIBITORS**

Exhibitors are required to register on an individual basis for the conference, if they will be seeking continuing education credits or planning to attend any conference events after **6:00 p.m. on Monday**, **June 27**. The registration fee covers all regular conference sessions, refreshment breaks, Sunday's Association Night Reception, Monday's lunch in the exhibit hall, Tuesday Business Lunch and the Tuesday Night Event. The fee does not include Saturday's pre-conference seminars, Wednesday's ethics class or the golf tournament. If you have not yet secured an exhibit booth, please contact Heidi Hogarth at 850.701.3605 or hhogarth@flcities.com.

#### **REGISTRATION DEADLINE**

All conference registration forms must be received by FGFOA postmarked no later than **Friday, May 23, 2022**, to qualify for early registration. After May 23, registrants will be subject to late registration fees.

#### REFUNDS

Conference registration cancellation requests must be sent via email to adelune@flcities.com. All cancellations received in the FGFOA office by 5:00 p.m., **Friday, June 10, 2022**, will receive refunds, minus a **\$40.00** cancellation fee. Refunds will be issued after the conference. **No refunds can be made after June 10 or for early departure from the conference.** Registrations may be transferred to another individual with advanced notification.

#### HOTEL INFORMATION

Rising above the horizon stands **Rosen Shingle Creek**, a sight welcoming you to experience the personal touch of an independent, full-service luxury hotel with all the amenities you expect. The location is prime, on Universal Boulevard, east of the Orange County Convention Center North/South expansion and 10 minutes from the Orlando International Airport. Rosen Shingle Creek's third and bestknown quality creates the perfect trifecta: award-winning customer service.

**NOTE: The hotel will NOT accept any reservations by phone. See below for details.** The reduced rate for conference registrants will be **\$169/night**, plus \$12/night for self-parking. The reservation cut-off date is **Monday, May 23, 2022.** 

#### **HOTEL POLICIES**

Check-in time is after 3:00 p.m. Check-out time is before 11:00 a.m. A credit card is required to hold a reservation. Tax-exempt forms must be shown at check-in or sent in advance. See details in your registration confirmation email.

#### **ROOM RESERVATIONS - IMPORTANT - PLEASE READ**

In recent years, many of our registrants have experienced the inconvenience of having to stay outside of the host hotel. Our hotel room block has filled up sooner than expected with people making reservations they may not use, "just in case." These individuals end up not attending the event and canceling their reservations, but it is too late to help others who have booked into other properties and cannot cancel without a penalty.

As a result, our policy is that all hotel reservations will be made via an **online link**, which you **will receive when the FGFOA has received your registration payment** for the conference. **The Rosen Shingle Creek will NOT accept any reservations by phone**. Once your registration is received, you will be emailed an attendee-specific link in order to make your room reservation online.

Please note that the reservation cutoff date is **May 23, 2022**. It is important that you register for the conference early so that you have plenty of time to make your reservations. Note that the hotel could sell out **before** the cutoff date, and the FGFOA cannot guarantee rooms will be available at the time you make your reservations, **so please register for the conference and make your reservations as soon as possible.** 

We apologize in advance for any confusion or inconvenience this may cause, but we sincerely hope that this procedure will enable more of our participants to stay in the host hotel. **Please register early.**

Hello,

Can you tell me if there is a printable itinerary for the 2022 Annual Conference online? The only itinerary I found was not printable.

Also, is there a conference rate at the Rosen Shingle Creek Hotel? If so, must one register for the conference prior to booking the hotel to receive the conference rate?

Thank you.

- **RE:** Consideration of travel and training for specified City employees (Police Department).

The Police Department would like for Council to acknowledge and approve travel as noted below:

Corporal Derek Hollcroft and Officer Tyler Riesen will be traveling to St Petersburg, FL on May 4, 2022 – May 7, 2022 to attend the Sniper Training/Challenge Week. This seminar focuses specifically on improving the sniper operations and focuses on enhancing the safety for both the officer and the community. Corporal Hollcroft has been invited to instruct during the two day seminar. As a team, Corporal Hollcroft and Officer Riesen will be competing in the Team Challenge. This training will be held approximately 150 miles away. The registration cost is estimated at \$615.00, the lodging cost is estimated at \$346.00, and the per diem is estimated at \$416.00, with an approximate total of \$1,377.00. This will be paid out of the Specialty Unit Division (5016).

#### **REQUESTING DEPARTMENT:**

- RE: Consideration of travel and training for specified City employees (Procurement Department).

The Procurement Department is requesting City Council approval for the following employee to travel for business purposes:

Susan Ziegler, Procurement Agent II, will be attending the FAPPO (Florida Association of Public Procurement Officials) Annual Conference to be held in Orlando, Florida on May 22-25, 2022. The estimated total expenditure is \$1,045, to include registration, hotel, parking, and per diem. This is a budgeted travel expenditure.

The FAPPO conference offers the opportunity to attend training sessions that are presented by peers from around the state on many procurement topics which are relevant to current trends and processes, and best practices from other agencies. This year's Conference theme is Stronger Together – Procuring in a Whole New World. The program includes sessions on cooperative purchasing, leading through transformation and best practices in Procurement. It also provides continuing education credits for professional procurement certifications.

#### TO: Honorable Mayor and Members of the City Council

- FROM: Suzanne Sherman, City Manager
- DATE: 4/7/2022

# RE: Resolution 2022-13, adopting the goal of Vision Zero - that no loss of life is acceptable on our city streets. (CONTINUED FROM 03/17/22 RCM)

The Space Coast Transportation Organization (SCTPO) is the designated and constituted body responsible for the urban transportation planning and programming process for Brevard County. The safety and health of all residents and visitors of Brevard County are their top priority, and the organization previously adopted a resolution joining a program called Vision Zero which provides a framework to reduce traffic deaths and serious injuries to zero.

Vision Zero is a strategy to eliminate all traffic fatalities and severe injuries, while increasing safe, healthy, equitable mobility for all. Additionally, it starts with the idea that all serious injuries and fatal crashes are preventable. It is a data-based approach to traffic safety. Crash data must be reviewed to determine where and how serious injuries and fatal crashes are occurring, and then applies a multi-discipline approach to the solution. The attached High Injury Network Map is based on data from 2014-2018 and shows the roadway areas in and around Palm Bay with the greatest incidents.

In 2020, Palm Bay experienced 6 fatalities and 132 serious injury crashes. Unfortunately in 2021, fatalities were 16 (166.6% increase) and we had 146 serious injury crashes (10.6% increase).

The attached resolution supports the focus on zero traffic fatalities and serious injury crashes being the only acceptable goal. City staff will continue to partner with SCTPO and participate in the Vision Zero Regional Planning Group. The attached Safe System document outlines the multi-disciplinary approach to getting to zero.

#### **REQUESTING DEPARTMENT:**

City Manager's Office

#### FISCAL IMPACT:

No fiscal impact.

#### **RECOMMENDATION:**

Motion to approve the resolution related to participation in the Space Coast Transportation Planning Organization's Vision Zero initiative with the goal of zero being the only acceptable number of fatalities and serious injury crashes in the City of Palm Bay and Brevard County.

# **SAFE SYSTEM**

#### APPROACH

# Zero is our goal. A Safe System is how we will get there.

#### Imagine a world where nobody has to die from

**vehicle crashes.** The Safe System approach aims to eliminate fatal & serious injuries for all road users. It does so through a holistic view of the road system that first anticipates human mistakes and second keeps impact energy on the human body at tolerable levels. Safety is an ethical imperative of the designers and owners of the transportation system. Here's what you need to know to bring the Safe System approach to your community.

#### SAFE SYSTEM PRINCIPLES

# Death/Serious Injury is Unacceptable

While no crashes are desirable, the Safe System approach prioritizes crashes that result in death and serious injuries, since no one should experience either when using the transportation system.

# Responsibility is Shared

All stakeholders (transportation system users and managers, vehicle manufacturers, etc.) must ensure that crashes don't lead to fatal or serious injuries.

#### Humans Make Mistakes

People will inevitably make mistakes that can lead to crashes, but the transportation system can be designed and operated to accommodate human mistakes and injury tolerances and avoid death and serious injuries.

# 0.0 C

#### Safety is Proactive

Proactive tools should be used to identify and mitigate latent risks in the transportation system, rather than waiting for crashes to occur and reacting afterwards.

# •

#### Humans Are Vulnerable

People have limits for tolerating crash forces before death and serious injury occurs; therefore, it is critical to design and operate a transportation system that is human-centric and accommodates human vulnerabilities.

### Redundancy is Crucial

Reducing risks requires that all parts of the transportation system are strengthened, so that if one part fails, the other parts still protect people.

U.S.Department of Transportation Federal Highway Administration FHWA-SA-20-015 Safe Roads for a Safer Future Investment in roadway safety saves lives

#### SAFE SYSTEM ELEMENTS

Making a commitment to zero deaths means addressing every aspect of crash risks through the five elements of a Safe System, shown below. These layers of protection and shared responsibility promote a holistic approach to safety across the entire transportation system. The key focus of the Safe System approach is to reduce death and serious injuries through design that accommodates human mistakes and injury tolerances.

### 

#### Safe Road Users

The Safe System approach addresses the safety of all road users, including those who walk, bike, drive, ride transit, and travel by other modes.

#### Safe Vehicles

Vehicles are designed and regulated to minimize the occurrence and severity of collisions using safety measures that incorporate the latest technology.

#### Safe **Speeds**

Humans are unlikely to survive high-speed crashes. Reducing speeds can accommodate human injury tolerances in three ways: reducing impact forces, providing additional time for drivers to stop, and improving visibility.

#### Safe Roads

Designing to accommodate human mistakes and injury tolerances can greatly reduce the severity of crashes that do occur. Examples include physically separating people traveling at different speeds, providing dedicated times for different users to move through a space, and alerting users to hazards and other road users.

#### Post-Crash Care

When a person is injured in a collision, they rely on emergency first responders to quickly locate them, stabilize their iniury, and transport them to medical facilities. Post-crash care also includes forensic analysis at the crash site. traffic incident management, and other activities.

#### THE SAFE SYSTEM APPROACH VS. TRADITIONAL ROAD SAFETY PRACTICES

#### **Traditional**

Prevent crashes -

**Control speeding -**

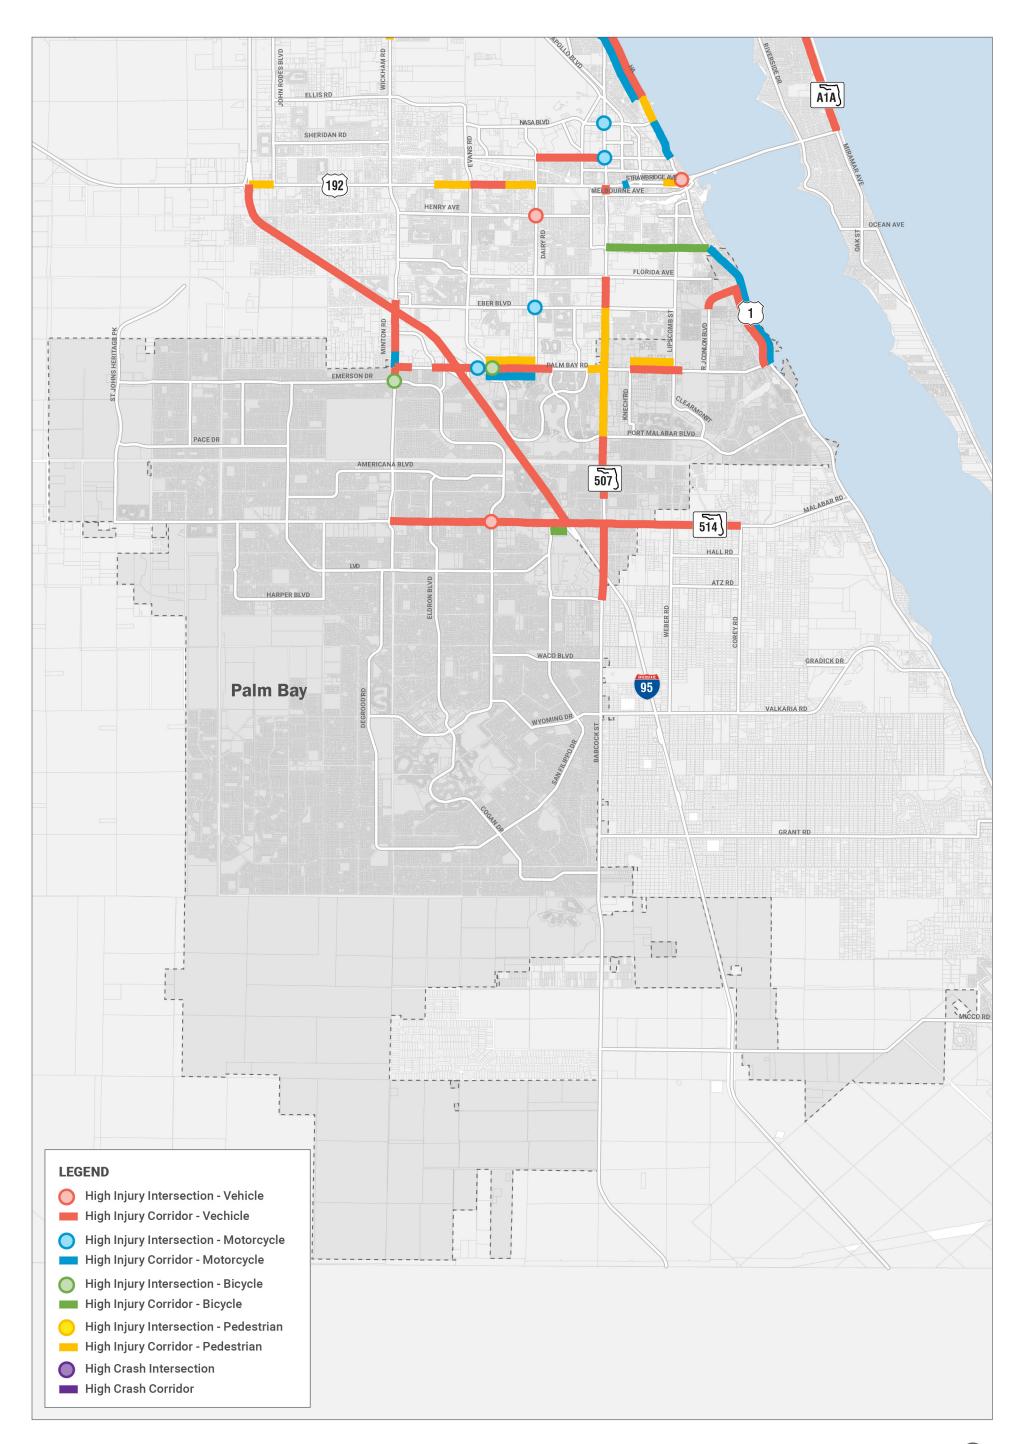

#### Safe System

Prevent deaths and serious injuries Design for human mistakes/limitations Improve human behavior -Reduce system kinetic energy Individuals are responsible — Share responsibility Proactively identify and address risks React based on crash history —

Whereas traditional road safety strives to modify human behavior and prevent all crashes, the Safe System approach also refocuses transportation system design and operation on anticipating human mistakes and lessening impact forces to reduce crash severity and save lives.

# WHERE ARE SAFE SYSTEM **JOURNEY?**

Implementing the Safe System approach is our shared responsibility, and we all have a role. It requires shifting how we think about transportation safety and how we prioritize our transportation investments. Consider applying a Safe System lens to upcoming projects and plans in your community: put safety at the forefront and design to accommodate human mistakes and injury tolerances. #### **RESOLUTION 2022-13**

#### A RESOLUTION OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, ADOPTING THE GOAL OF VISION ZERO – THAT NO LOSS OF LIFE IS ACCEPTABLE ON OUR CITY STREETS; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the growth and vitality of our city requires safe and reliable transportation systems, and

WHEREAS, the life and health of Palm Bay residents are our utmost priority, and

WHEREAS, Vision Zero is the concept that there is no acceptable number of traffic

deaths and serious injuries on our roadways, and

WHEREAS, the City of Palm Bay recognizes that no one should die or be seriously

injured while travelling on our city streets, and

WHEREAS, people walking and bicycling represent a disproportionate number of

these fatalities, and

WHEREAS, driver behavior, including speeding, distracted driving and drunk driving, are significant contributing factors to this loss of life, and

**WHEREAS,** the Space Coast Transportation Planning Organization adopted a resolution endorsing Vision Zero to achieve zero traffic deaths and severe injuries, and

WHEREAS, the Florida Department of Transportation has formally adopted "Driving Down Fatalities," its own version of the national vision, "Towards Zero Deaths."

### NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PALM BAY, BREVARD COUNTY, FLORIDA, as follows:

**SECTION 1.** The City Council hereby adopts the goal of Vision Zero -- that no loss of life is acceptable on our city streets.

#### TO: Honorable Mayor and Members of the City Council

- FROM: Terese Jones, City Clerk
- DATE: 4/7/2022

#### **RE:** Appointment of two (2) members to the Auditor Selection Committee.

In accordance with Section 218.39, Florida Statutes, and Section 4.05 of the City Charter, the City has an annual financial audit each year of its accounts and records completed within nine (9) months after the end of its fiscal year by an independent certified public accountant. The selection of the auditor is governed by Florida Statutes as cited above. The primary purpose of the auditor selection committee is to assist the City in selecting an auditor to conduct the annual financial audit; however, the committee may serve other audit oversight purposes as determined by the entity's governing body. Historically, this committee consisted of one member of Council and two or more qualified City Staff. Pursuant to Section 4.05 of the City Charter, the City solicits for this service every four (4) years and must solicit this year.

In 2019, Florida Statutes were amended to change the composition of the auditor selection committee. Specifically:

- The auditor selection committee must consist of at least three members;
- One member of the auditor selection committee must be a member of City Council, who will serve as the chair of the committee.
- An employee may not serve as a member of an auditor selection committee; however, an employee may serve in an advisory capacity (this is the change from 2019).

Staff is requesting advisory support from the Finance Department and the Procurement Department. The Procurement Department advisors will facilitate the solicitation process, and the Finance Department advisors will serve as non-scoring, non-voting subject matter experts. The selection process will be handled via Request for Proposals (RFP) by the Procurement Department. As such, the auditor selection committee will be the Evaluation Team for the RFP.

The committee shall:

• Review and establish factors used for the evaluation of audit services by a CPA firm. Such factors shall include but are not limited to ability of personnel, experience, ability to furnish the required services, and such other factors as may be determined by the committee;

- Evaluate proposals provided by qualified firms (compensation shall not be the sole or predominant factor);
- Rank and recommend in order of preference no fewer than three firms deemed to be the most highly qualified to perform the services. City Council can then select the highest-ranked, qualified firm for award.

The vacancies were announced at the March 17, 2022, regular Council meeting and applications solicited for same. The following applications have been received:

Rebecca Thibert 110 Gladiola Road, NE 32907

Brian Germain 314 Trident Avenue, SE 32909
